THE OREGON SENTINEL.

SATURDAY, March 23, 1861.

The Mines.

The new diggings near Gasburg continue to pay high wages. Early in the week the Carmen Company washed up $2,790—the product of not quite four week's mining. Mr. Dennis Crawley, one of the owners of this this claim, showed us a specimen of the gold on Tuesday. He informed us that near'y all of the miners about there were doing exceedingly well.

The Table Rock Diggings are already short of water. From American Savage, who owns a claim there, we learn that during the season the claims have paid good wages, and with water, they will continue to do so for months yet this season.

At Applegate water is plenty, and the average yield weekly obtained. The Kimball Company have commenced opening a new claim on the river, which is expected to pay well from prospects had.

On Humbug Creek the miners have recently washed up. The claims have generally paid from ordinary to good wages. Some new diggings up the Creek promise better than any yet worked.

The Willow Springs continue to yield handsome remuneration in almost every instance. Small ditches are being constructed, which will furnish a supply of water to several of the larger claims until early Summer, and the product from these is quite sure to be flattering as heretofore.

The Rogue River diggings below Hunter's Ferry pay fair wages, and a good season's work is promised still. New discoveries are made every week, both in placer and quartz mining, in that region. Until this season the place has been barely prospected, and we learn from parties there that it bids fair to prove one of the richest districts in the county.

From Pleasant Creek the news is discouraging. Nearly all of the old companies who had extra hands employed are in debt, and the prospects are gloomy for the future. Either the diggings have entirely failed or the miners have struck upon worthless spots this season. A few are yet at work there, laboring hard to make both ends meet.

The claims close to town, on Jackson Creek, are generally paying well. On Rich Gulch, Poor Man's Creek, Missouri Gulch, and one or two other places, the same usual average wages are obtained.

From Williamsburg and adjacent diggings we get good reports. Water is plentifully supplied from the ditch at Williamsburg, and there is a likelihood of a long season's mining.

We have no especial intelligence from Sterling, Bonkum, upper Applegate new diggings or the mines in the lower part of the county beyond Evansville.

MILLS AND ARASTRAS.—The experience of quartz miners in this country has demonstrated that, for crushing quartz rock, the ordinary process by arastra is far better than by the more expensive way of quartz mills. Whether the fault has been in those superintending mills, or in the machinery itself, the fact is patent here that quartz which by arastra has produced from twenty to forty dollars to the ton, yielded only barely enough to pay expenses of crushing by the mill. This is a matter worthy the attention of every miner or other person interested in the county, and in every instance, no matter how extensive or rich the lode, we believe the surer and best paying process for the extraction of the gold is by arastra. There is an art, however, in the construction of this simple machinery which some have failed to apply. Arastras have been built in the county quite unsuited for the purpose. The crushers were altogether too light, weighing in some instances not over one hundred pounds, and incapable of grinding the quartz to proper consistency. An experienced quartz miner informs us that these crushers ought never to weigh less than three hundred pounds, and that it is better to have them still heavier. The Company owning the rich lode on Applegate use the heavy crushers, and their excellence is fully shown by the facility and completeness of the work performed.

THE VALLEY WATER DITCH.—We have been shown a letter from Mr. Gilman, who is associated in the new mining ditch enterprise with Mr. W. P. Hoffman, written lately from Oroville, in which he says his arrangements for quickly commencing work upon the enterprise are nearly completed, and he is confident that by the first of August he can have the ditch completed to a section of the mining region.

SUICIDE.—Yesterday morning a man named Henry Shook, living at Hopkwood's Mill on Bear Creek, a few miles from town, put an end to his existence by shooting himself through the breast with a yager. He was about thirty years of age, and an American by birth. Jealousy is assigned for the deed. Coroner May went in the afternoon to hold an inquest upon the body.

GOLD HILL TUNNEL.—The owners of the Ish lode at Gold Hill have contracted with a Mr. Chase to tunnell the hill from the south side opposite and below where the gold quartz was first discovered. Mr. Chase commenced the work last week. By drifting two hundred feet he expects to intersect the line upon which the quartz was found so extravagantly rich.

THE WEATHER.—Until the 20th, we had not quite one hour's rain during the month, and no high winds. On that day the equinoctial storm paid the place a moderate visit, with more wind than rain; Thursday was quite a stormy day, and yesterday, cloudy and cool. Very little rain has fallen yet, and no frosts have come.

QUARTZ.—Mr. Sprague, of this town, has shown us a prospect obtained from a piece of the Foote's Creek quartz, which produced only ten dollars to the ton by quartz mill. The prospect would indicate the rock to pay at least thirty dollars per ton, if properly crushed. Mr. Sprague used a common mortar.

THEATRICAL.—It is said that the Stark troupe, now playing at Portland, will visit Jacksonville, on their way to California, overland. Mr. Stark is the finest actor on the coast, and has few superiors anywhere.

POST OFFICE HOURS.—It will be observed that Postmaster McCully has established regular hours for keeping open the Jacksonville Office. The hour fixed for Sundays will be a great accommodation for miners and others living out of town, and who cannot spare time to come in during the week.

NEW GOODS.—The first freights brought to town this season came by way of Scottsburg to Wade, Morgan & Co., and arrived on Thursday, in fine condition.

MARKETS.—The only changes to note in prices from last report, are: Flour, $3 75@4 per 100 lbs.; Bacon, 17cts per lb.

California News.

Governor Downey vetoed the change of venue bill passed in favor of Horace Smith who killed Newell. Both Houses then passed the bill over the veto. The presses which in 1856 favored the Vigilance Committee, and which are now in favor of coercion towards the Southern States, all advise the Court to disregard the action of the Legislature.

No U. Senator elected up to the 20th. Last ballot on the 19th: McDougall, 27; Nugent, 17; Denver, 11; Weller, 11; Phelps, (Rep.) 24. An effort to elect McDougall by Republican and Douglas fusion, *a la* Baker and Nesmith, failed by one vote.

A small coasting schooner had made the run from mouth of Rogue river to San Francisco in thirty-eight hours—the quickest passage ever made by any sailing vessel.

Two suicides were committed in San Francisco on the 13th. One was a Frenchman, the other an American.

G. N. Symonds for the murder of Russel, and Kahl for the murder of a German woman, have been found guilty in Sacramento; and the negro Clarkson, who killed his betrothed yellow girl, guilty of the same crime in San Francisco. The three will suffer death.

Wm. Newson hit R. Emmet Doyle in the eye with a tumbler in Sacramento, entirely destroying the sight. Doyle had done nothing to incur his ire. Newson was drunk and morose.

Commodore Cuningham, of the Navy Yard at Mare Island, was found dead in his bed on the 13th. He leaves a widow and five children. Captain David McDougal succeeds to the command of the Yard.

The wages of laborers on the Oroville Railroad are only twenty dollars a month.

[Communicated]

Melancholy Death.

EDITOR SENTINEL:—On Thursday, the 14th instant, an interesting child, about eighteen months old, of Samuel R. Scott's, came to a very sad death by drowning. He had not been absent from his affectionate mother's care to exceed three minutes, when she became alarmed. Being suspicious that he might have wandered to the rear of the house, where there is a large ditch located for mining purposes, she hastened to the spot; but finding no trace of her darling boy, she immediately gave the alarm. Soon the father, in company with some miners, filed with rapid strides down the ditch a distance of half a mile, when they found him, although, when they raised him from his watery grave, life was not entirely extinct. His tiny hands were clasped in death, and in a few moments the weeping parents saw, much to their grief, that their little angel boy, Robert Bruce, slept in death.

On Friday, at 3 o'clock, P. M., the Sons of Temperance, of which the father is a worthy and zealous member, together with a large number of sympathizing friends followed his remains to that vaulted house where all must lie.

Thus, the ruthless hand of death did n'p
A flower whilst in the bud:
Life's bitter cup he'll never sip;
He's gone to dwell with God.

WALDO, Ogn., March 18, 1861. J. H.

MORE PAPERS.—Pacific Johny Bull has caught the wild American newspaper fever. Two new journals are started in the British possessions North. Johny must have more money than he well knows what to do with, but he has hit upon a sure plan to squander it.

Miners' Meeting.

At a meeting of miners held at Willow Springs, Jackson county, Oregon, the same was called to order by STEPHEN ARTZ, temporary Chairman. The meeting then proceeded to the election of permanent officers; whereupon Stephen Artz was chosen President; L. E. Lavrop and N. McGruen, Vice Presidents; Geo. A. Shephard, Secretary; John L. Thompson, Corresponding Secretary; and Elijah Chaney, Treasurer; each of whom, having assumed their appropriate places, on motion, it was ordered that a Committee of five be appointed to draft and present for consideration a preamble expressive of the sense of the meeting. Said appointment being duly made, the Committee, after a few minutes retirement, returned and presented the following, which was read and adopted:

PREAMBLE.

WHEREAS, There is a large portion of this Rogue River Valley well known to be mineral land, and upon which gold mining could be successfully carried on at comparatively low expenditure, and which is now, as we believe, unlawfully held and occupied by the few, under the pretence of using the same for agricultural and grazing purposes, to the entire exclusion of the many, who compose the mining population, resident in said Valley, thereby depriving them of all the rights and privileges to which they are justly and equitably entitled; denying to them all the necessary facilities, rights and conveniences, the free exercise of which becomes and is indispensibly requisite to the successful operations of the mining interest of this entire community, to-wit: the right of way for the construction and use of water ditches; the right of way for proper outlet absolutely necessary for tail and ground sluicing through lands which, in many instances, becomes unavoidably necessary to the pursuit of the miner; and by enclosing, in many instances, large tracts of land, known and proven to be mineral land, and when the precious metals therein contained are sought by the miner, he is estopped by a litiguous course of procedure, and driven to expensive and vexatious suits at law, thereby arresting, as it were, the most vital interest, and greatly retarding the welfare and general prosperity of the almost entire population of this Valley.

We have, therefore, with a full knowledge of these grievances on our part, and knowing that a desire exists on the part of our opponents to *persist* in such a course as will drive us to further trouble and expense, after due consideration, determined that, so far as within our power lies, we will, through every proper avenue, seek redress for the past and security for the future, and to this end we pledge our united efforts. We ask but for simple justice, and in taking the steps necessary to obtain the administration of the same, we respectfully and cordially solicit the aid and co-operation of all those who may be disposed to give it throughout the county, and to the mining population of other localities especially do we appeal.

STEPHEN ARTZ, President.
GEO. A. SHEPHARD, Secretary.
February 23d, 1861.

After the adoption of the foregoing preamble, the meeting passed various resolutions, and adjourned to meet again at Willow Springs at 6 o'clock P. M. on Saturday, March 17th, 1861, and on each succeeding Saturday evening thereafter, at hour and place above specified. The association will be known as the "Willow Springs Mining Association." it

JAS. T. GLENN, Sec'y. dec8:47

A Plentiful Supply of Pure Blood is essential to animal life—as light, heat and genial showers are to the vegetable kingdom. When the proper circulation of the vital fluid is impeded sickness is the inevitable consequence—the secretions become unhealthy, the liver becomes clogged with impure bile, which, forced into the system, vitiates and inflames the blood, engendering scrofula, cutaneous eruptions, liver complaint, fever, sores, dyspepsia, consumption, etc. To purify the blood and speedily cure the above diseases, nothing is so efficacious as Sand's Sarsaparilla.

Notice.

The "Willow Springs Mining Association," which organized at Willow Springs, Jackson county, Oregon, on the evening of February 23d, 1861, will meet at the appointed place this (SATURDAY) evening, March 16th, at six o'clock, for the transaction of business. The Association will hold regular meetings on each succeeding Saturday evening until further notice. STEPHEN ARTZ, President.

GEO. A. SHEPHARD, Secretary.
Willow Springs, March 14, 1861. mh16:3t

Wistar's Balsam of Wild Cherry.

The only pure and genuine Balsam is, and for the last twenty years, has been prepared by SETH W. FOWLE & Co., of Boston; and their printed name, as well as the written signature of I. BUTTS, appear on the outer wrappers. As you would avoid the spurious and have the genuine, *take none other!* This invaluable remedy—WISTAR'S BALSAM OF WILD CHERRY—is the best one extant for the safe, speedy and permanent cure of coughs, colds, sore throat, bronchitis, asthma, pleurisy, pneumonia, croup, whooping cough, bleeding at the lungs, pain in the breast or side, and in fact every form of throat, chest and lung complaints, as well as consumption itself.

This household remedy should be in the hands of every family and individual, as a timely application of it to a slight cold will cause immediate relief; while cases of long standing, obstinate, and of apparently incurable character, will surely yield to its wonderful curative power and its great adaptation to the wants of man when afflicted.

For sale in California by Redington & Co., Henry Johnson & Co., Charles Morrill, San Francisco; R. H. McDonald & Co., Sacramento; Rice, Coffin & Co., Marysville; and by Smith & Davis, Portland, Oregon. [March 24-10-1y.

Dyspepsia, Fever and Ague,

Indigestion, sour stomach, water brash, heart burn, billiousness, liver complaint, acidity, flatulency, jaundice, change of climate, sick headache, loss of appetite, female complaints, oppression after eating, and general debility are rapidly, effectually and surely cured by the OXYGENATED BITTERS.

CALIFORNIA EVIDENCE.

Mokelumne Hill, Cal., June 16th, 1858.—Having suffered for fifteen years with Dyspepsia, in its worst form, and having consulted with the best physicians, and tried every thing recommended, without relief, I was induced to try the OXYGENATED BITTERS, and before I had taken one bottle I found myself much better, and continued taking them until I was entirely cured, and now enjoy as good health as I ever did in my life. I take pleasure in recommending them to all who are similarly afflicted.

JAMES LANGSHORE.

For sale in California by Redington & Co., Henry Johnson & Co., Charles Morrill, San Francisco; R. H McDonald & Co., Sacramento; Rice, Coffin & Co., Marysville; Smith & Davis, Portland, Oregon. March 31-1y-.

ROMAN EYE BALSAM!
For Inflamed Eyelids,

AND for the cure of Scrofulous Humours and soreness surrounding or near the Eye. In all diseases of this character it is almost a certain cure. The following extract from a letter just received refers to one of the many similar cases constantly reported:

JERSEY CITY, Oct. 29, 1859.

MESSRS. A. B. & D. SANDS—

Dear Sirs: I have for a number of years been troubled with sore and inflamed eyelids, which, though they never caused me much pain, were very annoying on other accounts. I have tried a number of medicines at different times without the slightest success. Seeing an advertisement of your Roman Eye Balsam, in spite of my skepticism, I resolved to get some, and at least try it. I am now writing this in the fullest gratitude to inform you (I could almost send you a fifty dollar bill) that a few, and only a few, applications have resulted in a complete cure. Respectfully yours,

L. ZABRISKIE.

PRICE, TWENTY-FIVE CENTS PER JAR—Will be sent free per mail to any part of the United States upon receipt of thirty cents in postage stamps.

Prepared by A. B. & D. SANDS' Druggists, 100 Fulton street, corner of William, N. Y.

For sale by REDINGTON & CO.,
San Francisco.
R. & H. McDONALD & CO.,
JUSTIN GATES & BRO.,
Sacramento.

Jacksonville, Feb. 2, 1861. 3tf

New State Saloon.

By John McLaughlin,

THIS established and popular House has been repurchased by JOHN MCLAUGHLIN, and will be conducted by him in the same uniform and excellent manner that distinguished the House in palmier days.

He will keep on hand none but first class brands of

WINES, CORDIALS,
Liquors and
MALT BEVERAGES,

which are regularly forwarded from noted importing houses in San Francisco. His stock of

Cigars

will likewise be of the best qualities. The

BILLIARD TABLES

are of Phelan's latest improved pattern, with Marble Beds and combination cushions.

In addition to the retail business, the proprietor informs his friends and the public that he is prepared to furnish customers with Wines and Liquors of best quality in bulk or packages,

WHOLESALE,

at such prices as will make it an inducement for purchasers to receive their supplies from him.

Remember the old stand, corner of California and Third streets, contiguous to the Post Office and Beckman's Express. feb2—3
