

THE PATHFINDERS AGAIN.—By the politeness of E. C. Sessions, Esq., we have been permitted to glean the following statements from a very long letter, written by his brother, dated July 26th, and mailed at the perspective town of Independence, located on one of the tributaries of John Day river.

Wool.—The wool crop for Oregon this year is about three hundred thousand pounds. Of this, about one hundred and twenty thousand pounds will be manufactured during the year by the Salem Woolen Company, and the rest exported.

THE HESPERIAN for June has come to hand. This magazine is very highly prized by the ladies. Each month it contains a full-sized pattern for some portion of ladies' apparel, and 100 pages of choice original and selected literary matter.

SEIZURE OF THE CUSTOM HOUSE AT PORT TOWNSEND.—We condense the following statement from the Daily Oregonian, of the 8th instant: Victor Smith, Collector of Customs for the Puget Sound District, suddenly left Port Townsend several months ago, for Washington City, leaving the Custom House during his absence, in the charge of Lieut. Merriman, of the revenue service.

JOSEPHINE COUNTY.—We call the attention of our readers, in Josephine county especially, to the statement on the outside of our paper of today, concerning the financial operations of that county and the conduct of its officials.

THE WEATHER.—The days are warm and the nights cool and delightful, with indications of showers.

IMPORTANT.—By a recent proclamation of the President, the lands embraced in the surveys of Oregon, except Donation claims, Pre-emption claims, and the mineral lands in all of the townships west of the Cascade mountains, to the Pacific ocean, is on the 6th day of October to be offered at public sale, at the Oregon City Land Office, W. A. Stark, Register, and W. T. Matlock, Receiver, for all of the land north of the 4th standard parallel south, being the township line between the townships 18 and 19 south of base line.

All pre-emption claims must be entered before the day of sale, October 6th, 1862, for Oregon City Land Office, Wilamette District, and October 13th, 1862, at Roseburg Land Office, Umpqua District, or they will be forfeited.

Persons having friends in the Salmon and Powder river mines, and elsewhere, who have made declaration of intention to pre-empt should take pains to notify them early by transmitting papers containing this notice or the proclamation.—Eugene City Republican.

APPLIES.—The first apples of the season were this week presented to us by Mr. Hull. They were fine specimens. The donor has our thanks.

The Steamer "Golden Gate" Burned at Sea.

From the S. F. Bulletin, of the 7th, we extract the following account of that terrible calamity, the burning of the steamer Golden Gate. Of the 238 persons on board, 198 are lost or missing. She had on board \$1,400,747 in treasure—all lost.

The steamer Golden Gate, Captain Hudson, left San Francisco for Panama on Monday, July 21st, at 9 and 1-2 A. M. She had on board 242 passengers, which with 95 officers and crew made a total of 338 souls.

By last night's stage received Yreka Union Extra, with the following: Washington, Aug. 12.—The battle of Culpepper was the most desperate of the war; involving about equal loss on both sides, the rebels losing more officers than the Federals.

There was a terrible panic among the passengers on the fore-castle, yet no one there might have been expected. A few leaped into the sea and very few of them provided with life-preservers.

Of the ten boats on board but four could be reached. One of these was capsized and sunk on being launched. The other three were filled when launched, but many of those who were found swimming were taken on board.

WASHINGTON, 10th.—A dispatch from Van Dorn to Secretary Mayberry states that the rain Arkansas left Washington Monday to cooperate in an attack on Baton Rouge after passage of Bayou Sara, her machinery became disabled, and while her crew were attempting to repair it, several of the enemy's gunboats attacked her, and after a gallant resistance, she was abandoned and blown up.

WASHINGTON, 10th.—A dispatch from Culpepper, today, states all quiet.

WASHINGTON, 10th.—A dispatch from Culpepper, today, states all quiet.

Another brave sailor, named Charles C Sullivan, deserves special mention. After reaching the beach, he exerted himself more than any one else in rescuing those who were tossed in the breakers.
