SACHS BROS.
All sorts of marketable Produce taken in exchange for goods.
Jacksonville, Oct. 20, 1862.

Semi-Weekly Sentinel.

BY OVERLAND TELEGRAPH.

(TELEGRAPHED TO YREKA FOR THE SENTINEL.)

The Government has concluded not to grant letters of Marque and reprisal, but in their stead vessels will be fitted out by private parties, for the purpose of capturing rebel vessels, and be duly commissioned by the Navy Department.

It is thought that the New Providence scheme has been abandoned as the canal opposite Vicksburg will be an entire success. The fall of Vicksburg depends on the movement of a large number of transports and gunboats which have gone up the Yazoo pass.

A private letter states that the Army of the Potomac was never better organized or more efficient than now.

The Navy Department is informed that a gunboat captured, off Hillsboro, Florida, the sloop Enterprise, loaded with cotton, having run out of Mosquito Inlet. The Richmond Flag, of March 17th, says the bombardment of Port Hudson commenced at two o'clock A. M. March 14th, a desperate engagement took place.

The United States sloop-of-war, Mississippi, was burned in front of our batteries, and a large vessel was completely riddled, a third was completely crippled and the rest driven back. Our victory was complete. Farragut's flag ship went down the river disabled.

Fortress Monroe 19th.—The Richmond papers have the following: Columbia, Tenn., March 14th.—Four brigades, under Rosecrans, endeavored to hem in Van Dorn, yesterday, across Duck river. We replied to the Yankee fire for some hours, and then escaped by a bridge 22 miles above. The enemy returned to Franklin after burning the house occupied by Van Dorn as head quarters.

Chattanooga, 19th.—A battle is eminent in the neighborhood of Tullahoma.

Jackson, Miss., 14th.—Information received says Helena, Arkansas, was attacked in the rear, on March 9th. Heavy firing was heard there yesterday.

Fortress Monroe, 20th.—On Tuesday, the 17th, Col. Spear, with the eleventh Penn. cavalry and some artillery attacked the rebel breastworks at Blackwater, and failed to carry them. Our loss was 17 killed, wounded and missing. A detachment of mounted rifles, under Lieutenant Hill, captured 10 rebels at the same time. Colonel Ludlow has just returned from City Point having completed arrangements for the exchange of patrolled prisoners. Those at Richmond were released to-day.

Wilmington, N. C., 16th.—Steamer Britani arrived yesterday with a valuable cargo. Another steamer with a valuable cargo arrived in a Confederate port this morning.

New York 19th.—The Tribune learns from Havana that arrangements have been made for the pirate Alabama, Florida and Harriet Lane to assemble and attack a steamer from Aspinwall with treasure.

The gunboat Hanterville, from Key West says that an American vessel from Martinique states that the Florida was to remain in port 24 hours after the departure of the vessel. The vessel crowded sail to St. Thomas, where she found Admiral Wilkes, who transferred his flag to the Vanderbilt, and started to Martinique with a prospect of reaching there before the Florida left.

Washington, 19th.—A letter from the French Consul at Matamoras, states that the city of Tampien was captured by the French. Sixteen more iron-clads are to be furnished at New York by January 1st, 1864; and 30 vessels have been added to the Navy since the new requisition, making near five hundred in all.

Arizona will be added to the Department of California until General Wright's troops can be sent from California to defend the Territory. A regular mail through the Mesilla Valley to Tucson will soon be established. The Government is at work selecting officers under the Constitution law. They will all probably be elected at once. The list will be kept open until completed.

Gold is four hundred per cent premium in Richmond.

The Commissioner of internal revenue, says stamps will be received in exchange for revenue stamps of other kinds and denomination except a discount of one per cent on the amount exchanged.

It is thought that the Government will probable call an extra session of Congress immediately on the departure of the next pirate from British ports, and recommend that vessels under the British flag shall be interdicted from loading in American ports, and be subjected to a tonnage of about \$3 per ton.

New York, 19th.—Money easy at six per cent., exchange, 170; Gold, 55.

New York, 20th.—The Times has a Newbury letter giving an account of a recent movement in that vicinity. On the 13th the rebels appeared in heavy force between the Trent and Neuse rivers, and drove in our pickets, but were held in check by our cavalry. Gen. Palmer ad-

vanced a portion of his command and the enemy fell back. On the 16th they made a demonstration against Fort Andrew, on unfinished earthwork, and demanded its surrender, but were repulsed. The rebels then opened upon it with batteries, and after a brisk cannonade they again demanded its surrender, which was refused. The rebels then made an assault, but were met with such a murderous fire from our gunboats that they were forced to fall back, and finally retired, losing heavily in killed and wounded.

It is reported that Secretary Chase will be here next week with a matured plan for a loan.

Washington, 20th.—Gen. Barnside received orders from the War Department to-day, and left this afternoon for Fortress Monroe, from whence he will proceed immediately to his new command in North Carolina.

General Hooker declares that the army shall make a proud record for itself within 90 days.

A party of one hundred and seven prisoners, mostly civilians arrived to-night. They left Richmond on the tenth. The general indications were that the rebels felt uneasy about the safety of Richmond. They are moving all the heavy machinery for the manufacture of ordnance and powder.

New York, 21st.—Major General Edwin Sumner, recently appointed to the department of the Mississippi, died in this city this morning, after a sickness of a few days, of congestion of the lungs.

Washington, March 21st.—The Secretary of the Treasury has placed sufficient money in the hands of the Paymaster General to pay off the army to the first of March.

New York, 21st.—The captain of the brig Emily Fisher states that the privateer Retribution was condemned at Nassau. It appears that she was rotten and hardly fit to stand the discharge of one rifle gun. The captain said he should undertake to get another steamer.

The bark N. H. Gaston reports that on March 7th, off St. Thomas, she saw the United States gunboat Alabama.

The Tribune's special dispatch from the Army of the Potomac says after the arrival of the Twelfth army corps, General Hooker addressed them, expressing satisfaction at their soldierly appearance. He called on them for their hearty co-operation in the coming campaign, and said so far as he was concerned there should be no more mistakes and doubtful results. There was a heavy fall of snow during the day and last night.

Jefferson City, 18th.—A bill passed the Senate to-day providing for the calling of a new State Convention, to take into consideration the gradual emancipation of slaves.

Cincinnati, March 20th.—Parties from Nashville give information that Rosecrans has reliable advices that 17 regiments of rebel cavalry, from three to seven thousand strong, are encamped in Hawkins county, for the purpose of making a raid into Kentucky. We learn from Chattanooga that the rebel troops said to have left Virginia, to reinforce Bragg, are concentrated at Knoxville, Tennessee.

Franklin, 20th.—A considerable force of the enemy's cavalry crossed Duck River, and advanced towards Franklin yesterday. They were driven back. Van Dorn is said to be largely reinforced. Cavalry skirmishes occur daily; in all, the rebels have had a vast advantage of position.

Hilton Head, 21st.—The latest intelligence from the Black Brigade, now marching into Florida, is that they have taken several important points, many prisoners, and captured large quantities of munitions and supplies; they are still driving the enemy before them. The expected raising of another army corps, said to be for Barnside, creates much enthusiasm and fresh hopes among the troops.
