Semi-Weekly Sentinel.

BY OVERLAND TELEGRAPH.
(TELEGRAPHED TO YREKA FOR THE SENTINEL.)

Wednesday's Dispatch.
YREKA, April 7th.
Cincinnati, 7th.—The county elections took place throughout the State yesterday. So far as heard from the Union ticket was generally elected. In this city, majorities range from 500 to 1,000 for that ticket.
Indianapolis, 7th.—Returns from the various townships of the State show large Union gains.
Hartford, Conn., 7th.—Republican Congressmen were elected in the 1st and 4th districts. The Democrats carried the 2d district. It is believed that Governor Buckingham's majority will be about 3,000. In the State Legislature Union men have elected 15 out of 21, giving a majority in the House.

St. Louis, 7th.—J. C. Tilley, radical emancipationist, is elected Mayor by about 2,000 over D. Tilley, the Blair emancipationist, and about 1,500 over Josephs, cop perhead. The radicals will have a large majority in council.
Jefferson City, 7th.—The radicals have elected all the city officials and 6 out of 7 Councilmen.

Cleveland, 7th.—All the cities in the State, so far as heard from, except Columbus gave Union majorities yesterday.

Washington, 7th.—The Richmond Examiner of Saturday, received to-day, contains the following: Killburg, 2d.—The enemy made a reconnaissance up the Yazoo river yesterday, and threw a few shells at Snickers Bluff. There is nothing in sight both that point to-day.

Chattanooga, 2d.—The gunboats on the Tennessee river have been driven back by our sharpshooters. The iron clads attempted to land at Tusculumbia this morning at daylight, and were attacked by our cavalry. Heavy cannonading ensued but without effect. The attempts to land were unsuccessful, and the boats backed down the river. Heavy skirmishing has been going on at Minville.

A special from Washington says the European mails and British steamer are expected here with considerable anxiety. It is needless to disguise the fact that our most prudent and intelligent statesmen say our relations with that Government are in a more precarious situation than at any time before since the Trent affair.

Hartford, 6th, 10 p. m.—The Republicans have carried the State, and elected Harry Deming to Congress, for the first Congressional district. We are unable as yet to give majorities.

Fortress Monroe, 5th.—Twelve more deserters, with their horses, arrived to-day. They came from Mississippi Legion, and report that their whole company would desert as soon as an opportunity offered; that want of food was the cause of their deserting, and that their troops cannot endure privations from want of food.

New York, 6th.—Steamer City of Cork, from Liverpool, March 21st, arrived. The Times says the demand for money is active in consequence of the Confederate loan which closed at 4 3/4 @ 4 1/2. Subscription in all amounted to about fifteen millions sterling.

The Times considers the Polish struggle virtually at an end, and thinks the allied powers justified in refusing that Poland shall have what was guaranteed by the treaty of Paris. The correspondence of the London News says it is rumored that, beside the amnesty, the Czar has telegraphed Napoleon that he would give Poland her autonomy and liberal constitution.

[Thursday night, April 9th, no dispatch received.—ED. SENTINEL.]

Friday Night's Dispatch.
YREKA, APRIL 9, 1863.

Washington, 8th.—The P. O. Department has just issued orders directing that, after the 1st of May, all postage then unpaid on letters received from foreign countries in mails shall be paid in specie, or its equivalent.

Hartford, 8th.—Returns from all but one town in the State foot—Buckingham, (Rep.) 3,830; Seymour (Dem.) 3,583. The Senate stands—139 Repubs. to 94 Dems. Three Repubs and one Dem. are elected to Congress.

New York, 8th.—The steamer Eastern Queen, from New Orleans March 29th, and Key West 1st inst., has arrived. Capt. White reports that, while at Point St. Phillip (south-west pass of the Mississippi) he was boarded by an U. S. officer, who said he had received a telegram from New Orleans stating the rebels had begun to evacuate Port Hudson. Col. Doubler's brigade had made an expedition to a point on the west side of Mississippi, half-way between Port Hudson and Point Coupee, burning two steamers, and landing, destroyed 1,600 barrels of molasses and a rebel machine shop and other buildings. The expedition to Pouchitoola was perfectly successful. The town was occupied by Federals, after skirmishing with a body of enemy's cavalry, 3,000 strong, and the railroad bridge 500 yards beyond was de-

stayed. A large amount of stores fell into our hands. Three common laden schooners were captured. The rebel cavalry were so hemmed in that it would be difficult for them to escape.
Magruder has issued an order granting all persons transportation of cotton to the Mexican frontier. He says it is impossible to sustain the army in Texas without purchasing with cotton the supplies brought from foreign countries.

New York, 8th.—The World has the following: "Official information has lately been received at the war department that the movement against Charleston will be initiated by landing a small Federal force near the Fort on James Island. Private letters were received last night from Commander Rogers, second in command under Admiral Dupont, and also from General Porter, dated 3d, fully corroborating the rebel accounts of the landing of our forces on St. John's Island, and the withdrawal of the rebel pickets. The letters speak in the most sanguine manner of the contemplated movement, which is anticipated will result in success and ultimate fall of Charleston. It is thought the Government will receive official dispatches to-day."

Hilton Head letters say that the town of Pelaka, Florida, was taken by the Negro troops under Montgomery. They captured 15 (?) rebels and returned to Jacksonville, which place they subsequently evacuated and burned.

Since March 23d, \$46,000,000 have been sent for the payment of the troops in the field.

Chicago, 8th.—The President has issued a proclamation extending the restriction of commercial intercourse in Southern States, excepting Delaware, Maryland and Kentucky, and excepting only 48 counties designated as Western Virginia, and excepting the ports of New Orleans, Port Royal, Key West and Beaufort.

Nashville, 8th.—Thirty-nine Federal cavalry went out yesterday on the Lebanon pike, and dashed in a rebel camp where there were a number of conscripts, killing five and taking fifteen prisoners, with their arms and horses.

Cairo, 7th, several thousand men have been added to the strength of Gen. Grant's army within the last month, by the return of those who had overrun their furloughs. Two hundred per day are sent forward.
The gunboats shelled the town of Florence, Alabama, on the 2d inst., and drove away a company of rebel cavalry stationed there. In accordance with instructions, an order for 1,000 negroes was sent to Island No. 10, last night.

Kansas City, 7th.—Messengers from Major Ransom's battery of the 6th Kansas regiment, report several skirmishes with the guerrillas, in which twenty-five men were killed and wounded. The notorious Todd was captured; also a number of horses, mules and equipments. Twenty-five houses of secessionists in the county were burned, and about one hundred head of cattle taken.

Cairo, 7th.—Guerrillas having fired on our transports, while passing up the Cumberland river. Four days ago a force landed from the gunboats, and after the inhabitants had left, as per notice, every house was burned. [What town?]

Murfreesboro, 6th.—Gen. Stanley, with 200 cavalry and one brigade of infantry, left here on Thursday morning to capture Morgan and Wheeler's command. The result was the killing of 20 rebels, the capture of 60, also 600 horses and mules, a lot of bacon and wheat, and destruction of considerable forage. The position of the enemy defeated Stanley's plan to capture them.

General Bragg's army is now living on bacon and corn meal. Four pounds of corn meal and bacon being allowed each man per week.

Chicago, 7th.—A Special Washington dispatch says that the entire body of Federal officers in San Francisco have been removed. Ex-Congressman Low has been appointed Collector of that port. J. Swan, Sup't of the Mint, New appraisers have also been appointed. The removals were based on discoveries of fraud in each department, made by special agent Brown.

Washington, 7th.—Some of the Judges of Territories are proposing a test case before the U. S. Court of Claims, on questions whether the President has power to remove such officers at present.

California.
San Francisco, 5th.—It is said four of the prisoners taken from the schooner Chapman will be tried by military commission. The proof against them is said to be positive. The other prisoners will be tried by the United States courts in this city, or kept in close confinement until the close of the war.

San Francisco, 6th.—A slight shock of an earthquake was felt about noon to-day. Some persons living on the hills felt a sensation of nausea. The old Globe Hotel (frame) on Dupont street, came down with a crash—nobody hurt.

San Francisco, 9th.—Gen. Wright has published an order, addressed to the citizens of the Pacific coast, cautioning those who would involve us in a civil war. The following is the closing paragraph: "To all such persons, I say, pause and reflect well before plunging into the yawning abyss of treason. An indignant people will rise in their majesty, and swift retributive justice will surely be your doom."
