## The Fourth in Coos County.

COQUILLE RIVER, Coos Co., Ore., June 16, 1863.

Mr. Editor:—As but few counties and communities in this State are making preparations for a proper observance of the ensuing Fourth of July, it is just for me to state that Coos and Curry counties contemplate conjointly celebrating the returning anniversary of the freedom of our much loved and still glorious land. The Coquille river is the locality selected for the interesting occasion. To this portion of Oregon, it will be remembered, Dr. H. Herman conducted a colony of very industrious and intelligent Baltimoreans, in the spring of 1859. It is gratifying to know that every member of the settlement, like their leader, is a staunch and unwavering advocate of a national unity. Stephen A. Chadwick and B. Herman, Esq., are to be the orators of the day.

Very fraternally yours,  
A UNION ADVOCATE.

ANOTHER CHANGE OF GENERALS.—The correspondent of the Boston Journal, writing from the Army of the Potomac, says: "Numbers are daily added to the great host who take Jesus Christ to be the great Captain of their salvation." We haven't heard of Hooker's removal, but probably Copperheads will instance this as another radical appointment of the Administration.

## To the Afflicted.

OF all diseases, the first great cause, springs from neglect of Nature's laws. SUFFER NOT WHEN A CURE IS GUARANTEED in all kinds of cases, Scrophulous, nervous debility, syphilis in all its stages, stricture, gonorrhea, gonorrhoea, diseases of the kidneys and bladder, menstrual disorders, scrophulous, pain in the bones and joints, diseases of the lungs, throat, nose and eyes, ulcers upon the body or limbs, cancer, dropsy, epilepsy, fits, St. Vitus' dance, and all diseases arising from a derangement of the sexual organs, such as nervous trembling, loss of memory, loss of power, general weakness, dizziness of vision, with peculiar spots appearing before the eyes, loss of sight, weakness, dyspepsia, liver diseases, eruptions upon the face, pain in the back and head, female irregularities, and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians, and resisted all their means of cure. The medicine prescribed are pleasant and without odor, entirely vegetable, causing no sickness, and free from mercury and balsam. During twenty years' practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases, had been given up to die by their physicians; which warrant me in promising to the afflicted, who may place themselves under my care, a perfect and speedy cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrophulous and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption. But should the disease and treatment not cause death speedily, and the victim survive, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrophulous, tetter, ulcers, eruptions, and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

SCROPHULOUS is another formidable enemy to health, for nothing else in the dread catalogue of diseases causes so destructive a drain upon the system, drawing its thousands of victims, through a few years of suffering, to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, sows the seeds of insanity, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence, I assure the unfortunate victim of scrophulous that a permanent and speedy cure can be effected, and, with the abandonment of ruinous practices, my patient can be restored to robust and vigorous health.

Irregularities, and all diseases of males and females are treated on principles established by twenty years' practice, and sanctioned by thousands of the most remarkable cures. Medicines, with full directions, sent to any part of the State, Oregon, Nevada and Washington Territory, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address,  
L. J. CZAPKAY, M. D., San Francisco.  
The Doctor offers free consultation, and asks no remuneration unless he effects a cure. je24mip
