THE ATLANTIC NEWS. BY CALIFORNIA AND OREGON STATE TELEGRAPH.

Newburg, N. C., 1st.—A dispatch says early this morning our outposts at Bachelor's creek were attacked by the enemy, represented to be in force of about 15,000, consisting of Pickett's division, with such advantages that it was impossible for us to make adequate defense.

Fortress Monroe, 3d.—Gen. Butler has issued the following on Jan. 26th: Gen. Palmer sent an expedition to capture a force of rebel cavalry in James and Onslow counties, North Carolina, and succeeded in routing the enemy, and capturing 23 men with horses and equipments, also from 150,000 to 200,000 pounds of pork and 10,000 pounds of tobacco; also captured several mules.

Headquarters Western Virginia, 3d.—After we drove the enemy from the bridges they commenced a rapid retreat, our cavalry closely pursuing. Skirmishing ensued, lasting some time. A portion of Sullivan's forces, on attempting to cut off the enemy, encountered a large force of rebels in Mechanicsburg Gap, near Romney, and a fight took place.

It is believed that Gen. Sullivan and Col. Mulligan's command formed a junction, and are now pursuing the enemy vigorously. If the enemy escapes our forces he certainly will not be able to take away any very large portion of his plunder.

New York, 4th.—A meeting of the loyal people of Florida was held at Key West, Jan. 24th, for purpose of restoring State to original status in Union. We learn from S. C. that at Columbia there was a disastrous fire on Tuesday, which destroyed \$3,000,000 worth of cotton, large portion of which belonged to Gibbs & Co. It was understood to be only \$500,000 insurance.

A fight ensued which lasted all afternoon. At night our forces retreated, losing wagon trains and leaving 80 killed and wounded on the field. Rebel loss supposed to be about the same.

New York, 4th.—The Herald's special says a Committee of the Union members of the House was held at the Representative Hall this morning. Ninety members were present. Proceedings rather conversational. The Tribune's dispatch says that Minister Dayton will soon be recalled from France and Fremont appointed to succeed him. There are those who assert, however, that Gen. Fremont could not be tempted even by a daintier dish.

Fort Smith, Ark., 3d.—A terrible storm swept over the entire southwest on Sunday about 11 a. m. It rose to a tornado which raged twenty minutes, doing immense damage to a great portion of the Indian Territory and down Arkansas Valley.

Chicago, 4th.—The Conscription Act was considered in the House yesterday. A proposition to strike out all the conscription was lost by a large vote. All amendments to exempt for three years those conscripted was agreed to by a vote of 73 to 49.

San Francisco, 4th.—John Lynch, member of the Assembly from San Francisco, became insane and will be sent to Stockton to-morrow. Appraiser Bridge was removed and Frank Soule put in his place. There is a mass meeting to-night to protest against repeal of specie contract law. Not one-half of the people who came to the hall got in.

Placerville, 4th.—Mass meeting to-night to reconstitute against repeal of specie contract law—committee appointed to circulate petition—following resolution passed: Resolved, That repeal of specie contract law is inexpedient. Gold—158.

Washington, 4th.—Greatly exaggerated reports have been

published as to the number of rebel deserters received by the army of the Potomac. They averaged last month from 15 to 20 per day, but this month they are more frequent, not, however, at any time exceeding the latter estimate.

A Democratic caucus was held last night. The only business done was the announcement to prepare an address to the country. The Committee is composed of one member from each Congressional Democratic district.

Gerrillas still continue their depredations on property below Memphis. Capt. Forest, who was operating in the vicinity of Island 60, captured 60 mules and horses, and a lot of cattle, and escaped. He next went to Freeport and stole all the money and goods in the place.

Chicago, 4th.—A Cincinnati telegram says the steamer Levi, with Gen. Sumner on board, was captured by guerrillas yesterday, at Red's Landing, Kanawha side. There are no particulars.

Wheeling, Va., 5th.—A dispatch from Col. Mulligan, says: After six hours' fighting our forces succeeded in driving Early's command from Moorfield. Our cavalry in pursuit were sharply engaged.

Baltimore, 5th.—The following is just received at Fortress Monroe: Newbern, N. C., Feb. 2d.—Newbern has been attacked and the railroad between Moorehead and this place is in possession of the rebels, but they may be forced to return to Fort Mason. They surprised and captured the gunboat Underwriter, and destroyed her. As long as we can keep the river open we are all right.

Louisville, 5th.—Steamer Taylor took fire this morning and communicated with tow boat, loaded with commissary stores for Nashville. Government loss \$50,000; boat valued at \$52,000.

Philadelphia, 5th.—Dispatch to Lehigh says, "Rumors say that combined attack under Admiral Farragut, and some 20,000 troops by way of Passaic, was made at Mobile, on Saturday last. If this be true, we shall hear about it in Richmond papers, which are due to-day.

Dates to February 6. (From the Sentinel Extra, Feb. 9.)

Chicago, 6th.—Resolutions amendatory of the Conscription Act passed the House yesterday—82 to 74. The Act passed amends the joint resolution of July 12, 1862, by making it read, that no punishment or proceeding under it shall be so construed as to work forfeiture of the estate of the offender, contrary to the Constitution of the United States, provided that no other public warning or proclamation under the Act of July 1862, Chapter 59, Sec. sixth, shall be required than the proclamation of the President, made and published by him on the 25th of July, 1862, which proclamation so made shall be received and held sufficient in all cases now pending or which may hereafter arise under said Act.

Only three persons have been wounded, since the bombardment began.

Charleston, 31st.—Enemy's bombardment of Sumter is kept up by day and closes at night.

Headquarters, West Va., 5th.—We have met with signal and brilliant success. Gen. Early has been compelled to retreat up South Fork of South Branch toward Shenandoah Valley, in consequence of the vigorous manner in which he has been attacked and pursued by Gen. Kelly's forces. Our combinations proved successful in defeating the enemy's designs. We took a number of prisoners, recaptured many taken from us, and drove the enemy out of Petersburg. The enemy lost large numbers by desertion.

New York, 6th.—The Tribune's Newbern letter of Feb. 1st says our pickets were driven in on Sunday night, at Bachelor's Creek, and Deep Gully Bear Creek. Lieut. Col. Another section went out on the Trent road, and was captured entire. Only 115 of the 17th Massachusetts, which went out under Col. Fellows, came back. The enemy came on them in overwhelming numbers, but our troops held them in check till their baggage and camp equipment could be removed or burned. The enemy followed our troops closely till they were under the guns of our forts. Our loss is 20 or 30 killed, and 115 captured. The enemy's loss supposed to be 10 or 12 killed and 40 or 50 wounded.

MOTHERS MOTHERS

DON'T fail to procure MRS. WINSLOW'S SCOTTISH SYRUP FOR CHILDREN TEething. This valuable preparation is the prescription of one of the best female physicians and nurses in the United States, and has been used for thirty years with never failing safety and success by millions of mothers and children, from the feeble infant of one week old to the adult.

DR. L. J. CZAPKAY'S Private Medical and Surgical Institute, SACRAMENTO STREET, Below Montgomery, opposite Pacific Mail S. S. Co's office, San Francisco. Established in 1854, for the Permanent Cure of all Private and Chronic Diseases, AND THE SUPPRESSION OF QUACKERY.

To the Afflicted. Of all diseases, the first great cause is Springs from neglect of Nature's laws. SUFFER NOT WHEN A CURE IS GUARANTEED in all Secret Diseases, Scrophulous, nervous debility, syphilis in all its stages, stricture, gland, gonorrhoea, disease of the kidneys and bladder, mercurial rheumatism, scrophula, pains in the bones and ankles, diseases of the lungs, throat, nose and eyes, ulcers upon the body or limbs, cancer, dyspepsia, epilepsy, St. Vitus' dance, and all diseases arising from a derangement of the sexual organs, such as nervous trembling, loss of memory, loss of power, general weakness, dimness of vision, with peculiar spots appearing before the eyes, loss of sight, weakness, dyspepsia, liver diseases, eruptions upon the face, pain in the back and head, female irregularities, and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians, and resisted all their means of cure. The medicine prescribed are pleasant and without odor, entirely vegetable, causing no sickness, and free from mercury and balsam. During twenty years' practice in Europe, the Atlantic States and California, I have treated from the jaws of death many thousands who, in the last stages of the above mentioned diseases, had been given up to die by their physicians; which would not be promising to the afflicted, who may place themselves under my care, a perfect and speedy cure. Private Diseases are the greatest enemies to health, as they are the first cause of consumption, scrophula and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which, with the disease, hastens on the sufferer into a rapid consumption. But should the disease not be treated, or cause death, or the child, who are born with feeble constitutions, and the current of life corrupted by a virus which leaves itself in scrophula, leprosy, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

SELF-DEFENSE is another formidable enemy to health, for nothing else in the dread catalogue of diseases causes a destructive drain upon the system, drawing its thousands of victims, through a few years of suffering, to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence, I assure the unfortunate victim of self-defense that a permanent and speedy cure can be effected, and, with the abandonment of ruinous practices, my patient can be restored to robust and vigorous health.

Irregularities, and all diseases of males and females are treated on principles established by twenty years' practice, and sanctioned by thousands of the most remarkable cures. Medicines, with full directions, sent to any part of the State, Oregon, Nevada and Washington Territories, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address: DR. L. J. CZAPKAY, M. D., San Francisco. Dr. L. J. CZAPKAY offers free consultation, and asks no remuneration unless he effects a cure.
