

THE OREGON SENTINEL.

In Dallas, Oregon, the Police Court fined \$10 for hawking for J. A. Davis.

Active measures are being taken in Red Bluff toward opening a direct road to the coast.

In Town.—Lieut. McCall, of company O. V., has arrived in town, and paid us a visit.

Vermont Horse.—The stockholders of the Vermont Horse will meet on Saturday, the 26th day of March, to incorporate.

Gene.—Theodore Hine, late of Canyonville, has left for parts unknown, owing the Sentinel office five dollars on subscription.

A writer in the Marysville Express endeavors to make it appear that "abolition" is a sin in the eye of God.

That none but Copperheads will ever get to Heaven.

For Allinson River.—Messrs. Haines, Johnson and Barry, leave in a day or two, on an exploring trip down the Illinois river.

Fruit Trees in Bloom.—In consequence of the continued warm weather, the fruit trees of this valley are now coming out in bloom.

The War News.—Hereafter we will only publish an editorial summary of the war news, as in this issue.

Another "Hop."—Our friend Horne, of the United States Hotel, is determined that the people shall not settle down into confirmed hypochondriacs.

From Crescent City.—W. C. Ransom arrived on Sunday with his teams, being the first arrival from Crescent City over the wagon road this spring.

The Exodus.—From the numbers leaving Jackson county for the northern mines, we are inclined to ask, "Who is going to stay?"

The Drought.—The dry weather still continues. The 18th of March here, and not a shower in the last six weeks.

Rev. Johnson, the popular old-time stage and expressman on the Crescent City route, returned this week from a flying trip to his old home in the Green Mountain State.

Return.—Col. Charles Barry, General Agent of the California and Oregon Railroad Company, returned here last week from an extensive tour in the Willamette Valley.

THE CALIFORNIA AND OREGON RAILROAD.—The Washington correspondent of the Sacramento Union, Jan. 20, makes the following statement: "Cole, of California yesterday introduced into the House a bill amendatory of the Pacific Railroad Act, which provides for the issuance by the Government of its bonds to a company which shall build and equip a railroad from the western terminus of the Pacific Railroad, at Sacramento to the Columbia river, Oregon."

A PART of Capt. Drake's company of Oregon Cavalry left the Dalles lately, under Lieutenant Waymire, for Canyon City. The rest of the company were to proceed to the same place in a few days.

THE BANNOCK ROAD.—Some are under the impression that the road to the Owyhee cannot be traveled at this season. We may state, for the information of all concerned, that the route from Red Bluff to Bannock has been traveled every week during the winter.

WILL YOU DO IT.—Those who are indebted to us for subscription and advertising in the Sentinel must pay us to sustain the paper.

Abusing "old T."—as he has commenced calling us in his first issue—for we assure him, that although the work may be dirty, and we may not be so accustomed to do such dirty jobs as he is himself, if he continues, we will show him up to a great disadvantage to himself and those whom it may concern.

ANOTHER EXPEDITION.—By private letter we are informed that Col. Maury will start another expedition to the Plaius some time in April or May.

MORE SILVER.—Our special correspondent at Ellensburg informs us that both silver and quicksilver have lately been discovered near Port Orford, in paying quantities, and that claims are being recorded every day.

The T'Vaulting is again championing Col. Drew. The same paper applauds Harpending when he profanely refuses to subscribe allegiance to the United States.

To the Afflicted. Of all diseases, the first great cause of suffering is that of the kidneys. SUFFER NOT WHEN A CURE IS GUARANTEED in all Secret Diseases. Selfishness, nervous debility, syphilis in all its stages, stricture, gland, gonorrhoea, disease of the kidneys and bladder, neuralgia, rheumatism, sciatica, pains in the loins and ankles, disease of the lungs, throat, nose and eyes, ulcers upon the body or limbs, cancer, dropsy, epilepsy, fits, St. Vitus' dance, and all diseases arising from a derangement of the sexual organs, such as nocturnal emissions, loss of memory, loss of power, general weakness, dimness of vision, with peculiar spots appearing before the eyes, loss of sight, wakefulness, dyspepsia, liver disease, eruptions upon the face, pain in the back and head, female irregularities, and all impure discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicine prescribed are pleasant and without odor, entirely free from any noxiousness, and free from mercury, and balsam. During twenty years' practice in Europe, the Atlantic States and California, I have treated from the jaws of death many thousands who, in the last stages of the above mentioned diseases, had been given up to die by their physicians, which would not be promising to the afflicted, who may place their confidence under my care, a perfect and speedy cure. Private diseases are the greatest enemies to health, because they are the first cause of consumption, sciatica and many other diseases, and should be a terror to the human family. A permanent cure is scarcely effected, a majority of the cases falling into the hands of incompetent persons, who not only fill the system with mercury, but ruin the constitution, killing the system with mercury, which, with the disease, leaves the sufferer into a rapid consumption. But should the disease and treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, skin eruptions, and other affections of the skin, eyes, throat, lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave. SELF-ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of diseases causes so destructive a drain upon the system, drawing its thousands of victims, through a few years of suffering, to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer weakened in body and mind, predisposed to consumption and a train of evils, to be dreaded than death itself. With the fullest confidence, I assure the unfortunate victim of self-abuse that a permanent and speedy cure can be effected, and, with the abandonment of noxious practices, his patient can be restored to robust and vigorous health. Irregularities, and all diseases of males and females are treated on principles established by a twenty years' practice, and sanctioned by thousands of the most remarkable cures. Medicine, with full directions, sent to any part of the State, Oregon, Nevada and Washington Territories, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address, DR. L. J. CZAPKAY, M. D. San Francisco. The Doctor offers free consultation, and no remuneration unless he effects a cure. feb27w1
