

PETER FUNK AT KLANATH FERRY.—We have been informed that Peter Funk has set up shop at Klamath Ferry, or near there, in Siskiyou county, California, and is compelling travelers passing in the coach, and teamsters from this State passing with their teams, to "stand and deliver," under penalty of collecting tax for the State of California. We are informed that this tax collector for said county, who are citizens of Oregon, to pay the military, poll and hospital tax of California, under threats of having their teams seized and sold. How is this? Let us know the facts, we desire to publish them for the benefit of teamsters, travelers and others.

THE DESERT MINES.—During the past week, very rich and extensive deposits of gold have been discovered on the desert, across Bear creek. We are told that some two hundred claims have been staked off; that a big ditch from Little Butte creek is soon to be brought in, and that the dirt pays from one to three, and even as high as ten cents to the pan. If this all proves true, the desert mines will soon be the largest mining camp in Southern Oregon, and will give a great impetus to all kinds of business, and breathe new life into trade generally.

USING SALT WORKS.—The Union will soon be saved, if salt will do any good. Messrs. Fuller & Co. have established salt works, at a salt spring, upon Evans creek, in this county, and are rapidly making (for the number of kettles they have) a very fine article of salt. A sack may be seen at the store of Fisher & Bro. We are glad to chronicle such evidences of the valuable resources of our county. Let the country be more thoroughly prospected every year, and untold riches will be brought to light.

HIGHLY COMMENDABLE.—In a few weeks the Catholics of Allen Gulch, and the people of Sailor Diggings and Althouse raised nine hundred dollars, for the purpose of building a church at Allen Gulch, and which was erected in two weeks, in order to celebrate the feast of the great Apostle of Ireland—St. Patrick. Such energy and liberality on the part of our Josephine neighbors, is highly commendable. Let others go and do likewise.

HIGH MASS ON EASTER SUNDAY.—High Mass will be celebrated at the Catholic Church on Easter Sunday. It will be an interesting occasion to all that will attend. The lovers of the grand and beautiful music of the Mother Church will be delighted. The choir will be composed of Miss Hinder, Mrs. Bilzer, Mrs. Kreuzer, and Messrs. Funk, Dunlap, Hitchcock and Sessions, with Melodeon accompaniment. The public is respectfully invited to attend.

PENCIL.—Those who are indebted to the SENTINEL Office, are hereby most respectfully "dunned," and requested to "shell out" what is due and owing by them to this office. We need money to buy paper, to buy ink, to pay printers, to pay debts, to pay interest, to pay office rent, etc. Those who can't "see it" in this dun, will see it when the bill is stuck at them.

WAGON WHEELS.—Elijah Chaney writes to us from Willow Springs, and suggests that instead of leaving spaces between the fellows in wagon wheels, the wheel should be built solid, and that this change in the wheel would prevent it from becoming clogged with the black mud, which prevails in some places. What do the "Big Sticks" fellows say to Chaney's idea?

REMARKABLY TEMPERATE.—A passenger by the stage mentions a fact that there is not a stage station between Yreka and Graciosa City in which liquor is kept for sale. We don't believe the same good thing can be said of any other stage route on the face of the globe.

CRUSHING QUARTZ.—Our old friend, Lund, has set the quartz mill on Jackson creek in operation again, and is crushing hundred tons of quartz from the rich mine of Johnson & Co. Success to them.

DAILY MAIL.—See the mail advertisement in another column.

KLANATH TWO.—Last Friday week the Deputy Collector of foreign miners' taxes in Siskiyou killed two Chinamen on the Klamath, about six miles above the mouth of Scott river, while in the performance of his duties in demanding their licenses. The circumstances, as related by the Yreka Journal, are, that the Deputy made demand for monthly license of the Chinamen, and on going into their cabin, one of the Chinamen told the other to shut the door, while one seized an ax, and the other a shovel, premeditating an assault on the Deputy Collector, who instantly drew a pistol, shooting one of them dead on the spot and mortally wounding the other so that he has since died.

FROM MAINE TO OREGON.—Upon the occasion of the completion of the Telegraph to Portland, in this State, the Mayor of Portland, Maine, telegraphed the following dispatch, which for beauty and originality we have never seen excelled:

PORTLAND, ME., March 8th, 1864. [Rec'd 9 h. 1.30 p. m.] DAVID LOGAN, Mayor: Portland, Maine, to Portland, Oregon. This morning greets her fair sister. The floods clap their hands, the hills shout for joy! Let the sun in all his course witness our undiminished love and sleepless vigilance, as we keep the gates of the Republic. JACOB McCLELLAN, Mayor of Portland, Me.

CAPT. MULLAN'S REPORT.—Senator Noyes will accept our thanks for a copy of Capt. John Mullan's report on the Rocky Mountain Wagon Road; and also for a copy of Gen. McClellan's Report.

Rev. Father Blanchet informs us that he hopes to soon have organized at this place, a good school for girls and young ladies, under the direction of the Sisters of Charity.

THE BALL POSTPONED.—The Ball that was intended to be given at the U. S. Hotel on Monday evening next, has been postponed until further notice.

ST. PATRICK'S DAY AT ALLEN'S GULCH.—On Thursday, 17th instant, the Festival of St. Patrick was observed and celebrated with great solemnity, at Allen's Gulch, at the newly built church, which will probably be dedicated in the future to St. Patrick, the Great Patron of Ireland. Mass was celebrated by Father Blanchet at 11 o'clock, A. M., during which the church was densely crowded. At the end of mass, Father Blanchet delivered a sermon on the illustrious saint, whose feast the Catholic Church solemnized on the day. His text was, "Remember your Prelates who have spoken the word of God to you; whose faith follow, and be not led away with various and strange doctrines." (Heb. 13, v. 7, 9.) He showed how St. Patrick was great and eminent by his apostolic works, by his virtues, and by his miracles. Then he invited all the true children of the glorious Patron of Ireland to imitate his virtues. Before concluding, the Reverend Father tendered his sincerest and heartfelt thanks to all those who so liberally and generously contributed to erect a church to the glory of the Most High. During Mass, hymns and canticles were sung in a very impressive manner. Saint Patrick's Hymn, especially, caused many tears of joy and consolation to be shed. To be just, Mr. T. B. Desselie and Mrs. John McBriarty, deserve our grateful thanks for the manner they have conducted the choir. At 4 o'clock P. M. Vespers were chanted by the choir. Then Father Blanchet delivered a sermon on the necessity of Confession. He proved from the Gospel, the Acts of Apostles, the monuments of time, and the traditions of every century since the establishment of Christianity, that Confession is a Divine institution. In concluding, he said a few words about its conditions. Immediately after the Reverend Father gave the Benediction with the Blessed Sacrament.

From an early hour in the forenoon, and in the afternoon, persons took their places in the church; and previous to the time announced for Mass and Vespers, a large number had assembled in the church grounds. During the entire ceremonies, the profoundest attention, respect and decorum, were manifested by those not members of the Catholic faith, many of whom came to witness the solemnities of St. Patrick in the so quickly built church. The church was handsomely decorated, and the interior presented a magnificent spectacle, being exquisitely ornamented with flowers, bouquets and evergreens, and illuminated with

lighted candles. Thus was solemnized the Feast of St. Patrick in the future St. Patrick's Church, in this place, last Thursday. PAT. Allen's Gulch, Josephine Co.

THE PERPLEXITIES OF THE REBEL.—OUT OF FRYING PAN INTO FIRE.—The debates in the rebel Congress, and the editorial remarks in the rebel papers, upon the difficulties by which the South is environed, are aptly described in the following list of troubles:

- 1. If they increase their army they cannot feed it.
2. Unless they increase their army they are whipped.
3. Unless the press speaks out their liberties are gone.
4. If the press speaks out their Government will be gone.
5. Unless they draft the whole population they must surrender.
6. If they draft the whole population they must starve.
7. Unless they recover East Tennessee they can get no saltpeter.
8. If they undertake to recover East Tennessee they will get more saltpeter than they want.
9. Unless they free the negroes they have nothing left to fight with.
10. If they free the negroes they have nothing left to fight for.
11. Ever since the rebellion begun negroes have been falling.
12. Nevertheless, their greatest fear now is, lest the negroes should rise.
13. Unless Jeff Davis repudiates his present debts, he can't borrow from anybody.
14. If he repudiates, nobody will lend to him.
15. If he impresses food he turns the land into a desert.
16. Unless he impresses food he turns his men into deserters.
17. They can't succeed in the war until they have got the means of building railroads.
18. They can't get the means of building railroads.
19. If they fight they lose the day.
20. Unless they fight they lose everything.

That is what was meant two years ago when we talked about getting them into folds of the anaconda. Having rioted in the enjoyment of several vices for a long time we will see how they feel in a vice.

GEN. WASHINGTON ON ARBITRARY ARRESTS.—The Copperheads make great complaints about arbitrary arrests, and call "Old Lincoln" a tyrant. We suppose they will call Washington an "old tyrant," an "old beast," &c., when they read the following letter, addressed by him to Gov. Trumbull, of Connecticut. Gen. Washington wrote:

"Would it not be prudent to seize those Tories who have been, are, and we know will be active against us? Why should persons who are preying upon the vitals of their country be suffered to stalk about, while we know they will do us every mischief in their power?"

Why should Copperheads and open Secessionists be allowed to "stalk about" doing us every mischief in their power? War is war, internal or foreign, and there is no more excuse for sympathy for rebel Americans than foreign foes. Both would kill, and both would burn, both destroy our Government, and both are vital foes.

JAPANESE CHESTNUTS.—A large number of the Japanese chestnuts, says the Alta, sprouted ready for planting, are being sold in this market at the present time to ranchmen and gardeners, who propose to raise a crop of their own in a few years more. These chestnuts are identical in shape with those of the Eastern growth, but are of enormous size, many of them weighing an ounce or more each. In flavor, they seem to be about half way between the Italian and native American chestnut—partaking somewhat of the characteristics of each.

FIRE.—The house of Mr. S. M. Penington of this place was destroyed by fire on Tuesday evening last. Mr. Penington and family had gone to church, and had left about \$1,040 00 in coin in a trunk at home. As soon as search could be made for the money, a portion of the trunk was found, but the money was missing. Some villain had undoubtedly stole the money and set the house on fire. Mr. Penington's loss is about \$3,000.—Albany Democrat.

To the Afflicted.

Of all diseases, the first great cause Springs from neglect of Nature's laws. SUFFER NOT WHEN A CURE IS GUARANTEED IN ALL SECRET DISEASES. Self-poison, nervous debility, syphilis in all its stages, strictures, gleet, gravel, diabetes, diseases of the kidneys and bladder, mercurial rheumatism, scrofula, pains in the bones and ankles, diseases of the lungs, throat, nose and eyes, ulcers upon the head or limbs, cancer, dropsy, epileptic fits, St. Vitus' dance, and all diseases arising from a derangement of the sexual organs, such as trembling, loss of memory, loss of power, general weakness, dimness of vision, with peculiar spots appearing before the eyes, loss of sight, weakness, dyspepsia, liver diseases, eruptions upon the face, pain in the back and head, female irregularities, and all impure discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians, and resisted all their means of cure. The medicines prescribed are pleasant and without odor, entirely vegetable, causing no sickness, and free from mercury and balsam. During twenty years' practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases, had been given up to die by their physicians; which warrant me in promising to the afflicted, who may place themselves under my care, a perfect and speedy cure. Private diseases are the greatest enemies to happiness; they are the first cause of consumption, scrofula and many other diseases, and should be a terror to the human family. A permanent cure is scarcely effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption. But should the disease and treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life obstructed by a virus which betrays itself in scrofula, leprosy, eruptions, and other affections of the skin, eyes, throat, nose and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave. SELF-ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of diseases causes so destructive a drain upon the system, drawing its thousands of victims, through a few years of suffering, to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence, I assure the unfortunate victim of self-abuse that a permanent and speedy cure can be effected, and that the abandonment of ruinous practices, my patient can be restored to robust and vigorous health. Irregularities, and all diseases of males and females are treated on principles established by twenty years practice, and sanctioned by thousands of the most respectable cures. Medicines, with full directions, sent to any part of the State, Oregon, Nevada and Washington Territories, by reliable couriers, together with symptoms by letter. Business correspondence strictly confidential. Address, L. J. CZAPKAY, M. D., San Francisco. The Doctor offers free consultation, and asks no remuneration unless he effects a cure. feb2w5
