

OREGON SENTINEL.

Jackson County Union Convention.

The Jackson County Union Convention opened April 30th. A. D. 1864, pursuant to public notice of S. D. Vanduyke, Chairman of the Central Committee.

Thomas Croxton was chosen Chairman. R. H. Haines and Wm. J. Myer were chosen Secretaries.

The following were appointed on Credentials: Chris. Blake, Wm. W. Wesley, O. D. Hoxie, Wm. Kahler, J. Satterfield.

The following were appointed on Resolutions: E. L. Apple, J. F. Howell, R. Benedict, S. Colver, J. K. Demick.

The report of the Committee on Credentials was received and the Committee discharged. On motion the report was adopted.

Miles Wakeman was admitted as a delegate from Evans Creek Precinct.

On motion Daniel Hopkins was admitted as a delegate from Squaw Creek Precinct.

On motion S. R. Taylor was admitted as a delegate from Steamboat City Precinct.

On motion the report of the Committee on Resolutions was received, read and adopted.

Resolved: That we, the delegated representatives of the Union men of Jackson County, State of Oregon, in convention assembled, in the discharge of the duty we owe to our constituents and our country, do in the following declaration:

1st. That we indorse the resolutions passed by the Union State Convention, held at Albany, on the 30th of March, 1864, fully and unreservedly, and we will cordially support all its nominations.

2d. We favor the doctrine of instruction, and we declare it to be the right of the people to make known to their representatives their wants and wishes on all questions, whether political or local; and this declaration declares the local wants of this section of the State to be as follows:

1st. That the military post known as "Fort Lane," and the Indian reservation known as the "Table Rock Reservation," have ever since 1855 been abandoned, and are not again to be used for the purposes for which they were set apart, the Indian title to the land included in the reservation should be extinguished, and the land brought into market, subject to the pre-emption and other laws of the United States, securing the rights of settlers; and also that the settlers, whose improvements were made prior to the location of the reservation, included in the same, and disposed of by the authorities, should be indemnified by the General Government.

2d. That it is the duty of the Federal Government, and in accordance with its duties in similar cases, that the claims of those who furnished supplies and rendered service to the expedition commanded by Captain Jesse Walker, fitted out in this county by order of the Governor of Oregon, in 1854, should be paid by the Federal Government.

3d. Southern Oregon being without navigable rivers to aid intercommunication and commerce, its need for good wagon roads is greater than other sections of the State; therefore, we ask our delegation in Congress to procure a liberal appropriation for the location and construction of a good wagon road, from Jacksonville to the Emigrant Road leading from Salt Lake to California.

4th. We hereby instruct the nominees of this Convention to advocate the principles contained in the foregoing and the Albany Union Resolutions.

5th. That the Secretary of this Convention furnish copies of these resolutions to our delegation in Congress; and we earnestly solicit our Representative and Senators in Congress to use their best exertions to procure the necessary measures to carry these several objects into effect.

UNION COUNTY CONVENTION PROCEEDINGS.—Two reports of the proceedings of the Convention have been furnished to this office, the publication of neither of which was directed by the Convention. One copy of proceedings, that which is published to-day, is signed by the Chairman and Assistant Secretary. The other copy is signed by the principal Secretary, and differs materially from the first copy. A full explanation will doubtless be published by the parties interested, next week.

County Ticket.

We publish the proceedings of the Union county convention, and the County Ticket, according to the report of the Chairman and Assistant Secretary, although the Convention did not authorize it to be done. The candidates are all good men, and well known to the people. We will make a more extended notice next week. We did not receive these proceedings until Friday morning.

SANITARY COMMISSION.—We publish in another column the appeal of the Ladies Sanitary Aid Society to the people of Oregon. It is a burning shame to the people of this county that more has not been done in our midst for this humane and noble cause. The first and only contribution ever made by this county was a very liberal one; but we cannot stop there. Our gallant soldiers cannot stop fighting the rebels until the rebellion is entirely conquered and crushed, and so it is our duty to support those brave soldiers and heal their wounds, through the medium of the Sanitary Aid Society. We hope to see the people move in this matter at once, and send up a contribution worthy of the liberality and whole-heartedness of the people of Jackson county.

INDIAN DEPREDACTIONS IN DOUGLAS COUNTY.—A Mrs. John Doyle, living seven miles from Roseburg, in Douglas county, was attacked by Indians on the morning of the 20th inst., while at work in her garden. She was shot at with arrows, four of which took effect upon her person, after which they beat her with a stone and threw the senseless body into a creek near her house. They next pitched upon and beat two little girls, leaving them for dead. They took all the booty they could carry, and left the place, carrying with them an infant child, which was afterwards found in a mud hole, but little injured. The mother recovered, and crept to a neighboring house, where she remains, in critical condition. The little girls are doing well, and will be likely to live. A party of six men started in pursuit of the Indians, but returned at the expiration of a fruitless search of two days.—Oregonian, April 29th.

CATTLE TRAIN FOR BOISE.—Captain Barnes and eight or ten others, with three hundred head of cattle, will leave Rogue River for Boise, by way of the new wagon road, on the 15th of this month. Any other parties going in that direction will find it to their advantage to go with this train, for mutual protection.

A Robber and Probable Murderer at Large.

On Saturday, April, 30th, Mr. Fred Zimmerman on Althouse Creek, Josephine county, was robbed of the sum of \$535.

Mr. Zimmerman and partners were on a prospecting tour, at the head of the Creek in the Siskiyou mountains. A pole named Charles Walofski, having requested permission to accompany them for the purpose of hunting. Mr. Zimmerman left his purse under his blankets, when he and partners went to their work, leaving Walofski at camp who was preparing for a hunt. Some two hours after, remembering his purse he returned for it, but found it and Walofski missing.

It is thought the thief will remain in the mountains, as he was prepared for camping out, and gradually make his way for lower California. He had with him a U. S. yager and bowie knife with horn handle.

Walofski was about 35 years old, and 5 1/2 feet high, rather stout, of dark complexion, rough skin, brown hair and eyes, and I think, he has a small wart on one eye-bid. He is of very quiet demeanor, speaks French, German and English, has slight foreign accent, was dressed in a hat, overshirt and pants; all brown, the pants ribbed.

He came here about two months since, saying that he came from Humboldt Bay. The correspondent who sends us the above item adds in his letter:—

In sending you the foregoing item, I am governed partially by a desire to catch the thief for the theft, but more so from a belief that he committed the murder of Mrs. Long. I do not remember the exact date of her death, but Walofski came here on the 26th of February, and said that he had no money whatever, but a few days before he left here, he got drunk and showed several hundred dollars in twenties, and specimens. About the amount I have heard Mrs. Long is supposed to have had. He also answers tolerably the description of the person who was seen near her place about the time of the murder, and I believe the date of his arrival here is a day or two after her death, though you will probably remember that." Mrs. Long was murdered the afternoon of the 25th of February, which gives just time enough for the murderer to have reached Althouse the next day. One thousand dollars in gold is offered by Sheriff Hyde for the apprehension of the murderer of Mrs. Long. California press, pass him around.

RETRIBUTION.—The President has announced that the barbarities inflicted upon the colored soldiers at Fort Pillow shall be avenged. The movement of a committee by Congress, to investigate the facts, is also evidence that the Government means to protect its colored troops. When the Congressional Investigating Committee returns from Fort Pillow, where it has gone, there will be a report made furnishing the facts to the President and people. If it proves true that the colored soldiers were brutally murdered, we hope that a price may be set upon the head of General Forrest and every man in his command at the storming of Pillow. It is time that the Government let the rebels know that, having employed colored troops, it means to protect them to the extent of its power. Tell the rebels that we are employing negro troops just as we employ any other, and that they shall respect them because it is not inconsistent with the rules of civilized warfare.

KILLED BY A GRIZZLY.—A man named McCoy, a shepherd on Benito Creek, Monterey county, a couple of weeks ago went in search of a grizzly that had been committing havoc on his flock. While sauntering carelessly along, the grizzly approached him unawares from behind, and dealt him a blow which knocked him down. McCoy adopted the stratagem of lying perfectly still; but the grizzly, which had retired a few paces after dealing the blow, discovered the ruse, and returning to the prostrate body, broke in McCoy's ribs, tore one of his arms from its socket, and severely injured his skull. The unfortunate man succeeded in walking home, but died in about thirty hours afterwards. So the Pejaro Times tells us, on the authority of an informant.—Flag.

President Lincoln has publicly announced that the Government has determined to retaliate upon the rebels for any outrage they may commit in violation of the rules of war and common humanity. If official information shall confirm the reports of the outrages and massacres at Fort Pillow, stern retaliation will be resorted to.

Democratic Platform for Oregon.

The Committee on resolutions by their Chairman, A. E. Wait, submitted the following report:

Resolved, 1st. That we renew our faith in, and devotion to, the Virginia and Kentucky resolutions of 1798-9, and the ancient landmarks of the Democracy, which for more than a half a century carried our country safely and prosperously, under all circumstances, and in all emergencies.

2d. That we are in favor of the Union and the Constitution as our patriot Fathers made them, and that we are in favor of allowing revolted States to return to their allegiance under that constitution, with all the rights which that sacred instrument secures to them.

3d. That while we condemn the action of those states which have placed themselves in rebellion against the Government, we do so condemn and denounce that usurpation of tyrannical authority which prohibits the return of those States to the Union, until they shall have made their Constitutions conform, not to the will of their respective people, but to suit the anti-slavery views of President Lincoln and his party.

4th. That we are opposed to all violations either of the Constitution, or of the laws enacted in accordance therewith; and opposed to usurpation, tyranny, fraud, extravagance, and in favor of the maintenance inviolate of every right of every citizen.

5th. That the Constitution is the supreme and all controlling law which binds together the States in the Union, and the severance of that cord, for the abolition of slavery, is inexpedient, unjustifiable, revolutionary and dangerous, and demands the unqualified condemnation of all good men.

6th. That we would hail with joy a peace secured upon the principles of the Crittenden Compromise or upon any honorable basis at the earliest practicable moment, and we condemn all attempts to discourage and prevent an amicable settlement of our national difficulties as evincing unworthy partizan hate and malice, and as clearly unpatriotic disunion.

7th. That we endorse the sentiment of Senator Douglas that "this government was made on a white basis for the benefit of white men;" that we endorse and accept that interpretation of the Constitution made by the Supreme Court, as entirely in accordance with the unbroken precedent of every Administration down to the present, to the effect that negroes are not citizens of the United States.

8th. That the suspension of the writ of habeas corpus, the arrest of citizens without due process of law, the suppression of free speech and the freedom of the press, is inconsistent with the principles of free government, and is utterly condemned by the Democratic party of this State.

9th. That we are opposed to all secret political organizations as being subversive of our republican form of Government.

And it is further Resolved, By this Convention, that we are really in favor of what the late Abolition State Convention pretended to favor, namely: the exemption of miners and mining claims from special taxation, and we will use our influence to continue such exemption.

THE CHIVALRY.—This term, once the title of everything that was noble and honorable in human nature, has been claimed by the gentlemen of the Southern Confederacy, and will hereafter be the synonym of everything that is mean, low, cowardly and infamous. As evidence of this, read the Richmond Examiner's account of Col. Dahlgren, in another column.

QUICKSILVER.—A vein of cinabar ore has been discovered within a mile of the mouth of Rogue river.

Pack-Train Wanted.

I want to hire a train of from fifteen to thirty good animals, well-rigged and with packers, to go out with the Military Expedition from Fort Klamath to Owyhee—to leave about the first of June.
