

THE OREGON SENTINEL.

Resolutions of the Union National Convention.

ADOPTED AT BALTIMORE, JUNE 8, 1864.

1. Resolved, That it is the highest duty of every American citizen to maintain against all their enemies, the integrity of the Union and the paramount authority of the Constitution and laws of the United States; and that, laying aside all differences and political opinions, we pledge ourselves, as Union men, animated by a common object, to do everything in our power to aid the Government in quelling by force of arms the rebellion now raging against its authority; and in bringing to the punishment due to their crimes the rebels and traitors armed against it.

2. Resolved, That we approve the determination of the Government of the United States not to compromise with rebels, or to offer any terms of peace except such as may be based upon an unconditional surrender of their hostility and a return to their just allegiance to the Constitution and laws of the United States; and that we call upon the Government to maintain this position, and to prosecute the war with the utmost possible vigor to the complete suppression of the rebellion, in the full reliance upon the self-sacrificing patriotism, heroic valor, and the undying devotion of the American people to their country and to its free institutions.

3. Resolved, That as slavery was the cause, and now constitutes the strength of this rebellion, and as it must be, always and everywhere, hostile to the principles of republican government, justice and the national safety demand its utter and complete extinction from the soil of the Republic. And that while we uphold and maintain the acts and proclamations by which the Government, in its own defense, has aimed a death blow at this gigantic evil, we are in favor, furthermore, of such an amendment to the Constitution, to be made by the people, in conformity with its provisions, as shall terminate and forever prohibit the existence of slavery within the limits or jurisdiction of the United States.

4. Resolved, That the thanks of the American people are due to the soldiers and sailors of the army and navy, who have periled their lives in defense of their country and in vindication of the flag; that the nation owes to them some permanent recognition of their valor, and ample and permanent provisions for those of their survivors who have received disabling and honorable wounds in the service of the country; and that the memorials of those who have fallen in its defense, shall be held in grateful and everlasting remembrance.

5. Resolved, That we approve and applaud the practical wisdom, the unselfish patriotism, and the unwavering fidelity to the Constitution and the principles of American liberty with which Abraham Lincoln has discharged, under circumstances of unparalleled difficulty, the great duties and responsibilities of the Presidential office; that we approve and endorse, as demanded by the emergency and essential to the preservation of the nation, and as within the provisions of the Constitution, the measures and acts which he has adopted to defend the nation against its open and secret foes; that we approve especially the Proclamation of Emancipation, and the employment of Union soldiers as men herebefore held in slavery; and that we have full confidence in his determination to carry on these and all other Constitutional measures essential to the salvation of the country with full and complete effect.

6. Resolved, That we deem it essential to the general welfare that harmony should prevail in the National councils, and we regard as worthy of official trust those only who cordially endorse the principles proclaimed in these resolutions, and which should characterize the administration of the Government.

7. Resolved, That the Government owes to all men employed in its armies, without regard to distinction of color, the full protection of the laws of war, and that any violation of these laws, or the usage of civilized nations in time of war, by the rebels now in arms, should be made the subject of prompt and full redress.

8. Resolved, That foreign emigration, within the past has added much to the wealth, development of resources and increase of power to this nation, the asylum of the oppressed of all nations, should be fostered and encouraged by a liberal and just policy.

9. Resolved, That we are in favor of the speedy construction of a railroad to the Pacific.

10. Resolved, That the national faith, pledged for the redemption of the public debt must be kept inviolate, and for this purpose we recommend economy and rigid responsibility in the public expenditures, and a vigorous and just system of taxation; that it is the duty of every loyal State to sustain the credit and promote the use of the national currency.

11. Resolved, That we approve the position taken by the Government, that the people of the United States can never regard with indifference the attempt of any European power to overthrow by force and supplant by fraud, the institutions of any Republican Government on the Western Continent, and will view with extreme jealousy, as menacing the peace and independence of their own country, the efforts of any such power to obtain new footholds for monarchical governments, sustained by foreign military force in near proximity of the United States.

WHAT KILLED HIM? Dr. HALL, in his "Journal of Health," speaking of the death of Washington Irving asks the above question, and adds: "He might well have remained with us for years to come, had it not been for advice kindly intended, no doubt, but given in thoughtlessness and reckless ignorance."

HE HAD A COLD! which, by some unjudicious prescription, had been converted into an asthma. Who gave that prescription, or what it was, the outside world may never know. Let me say to Dr. Hall, that that "prescription" was not

Newell's Pulmonary Syrup,

for that is an article that does not engender heart disease, nor is it productive of any asthmatic affections. On the contrary, it will cure such affections; and as for

COUGHS AND COLDS, the world never saw a better remedy, and never will, until Nature presents some new ingredient out of which to prepare it. Don't be afraid to use it freely. Every article in it is from Nature's own Laboratory—the same to-day as they were a thousand years ago—all calculated to soothe, heal and strengthen. There is no

Better Family Medicine!

Keep it in the house, use it freely, give it to your children upon the slightest indication of a cold, and you will think and speak of it as all that that have become acquainted with its merits. WHY WILL YOU BE SICK!

It is strange that so many persons will suffer for years with disease, when they can be so readily cured.

DR. A. BALL

has been established in San Francisco for ten years, and, during that period has not failed to effect a cure in a single case that he has undertaken.

Dr. Ball, after a study of forty years, has succeeded in compounding a medicine of PURELY VEGETABLE PREPARATIONS that will cure the worst cases of Gonorrhea, Gleet, Stricture, Syphilis, Impotency, Skin diseases, and all complaints arising from immoral practices in less time than by any other known process, WITHOUT INJURY TO THE SYSTEM. DR. BALL'S LADIES' PILLS, for the radical cure of Weakness and Irregularities, to which so many ladies of the Pacific coast are subject, owing principally to the peculiarities of the climate, is the best preparation yet discovered by the Medical Faculty, as thousands that have used it can bear testimony.

Dr. BALL is so QUACK; he is a regularly educated physician of forty years standing, and has a diploma which he would be pleased to show to those who may wish to see it. Persons living at a certain distance, and sending a description of their complaint, can have their medicines put up in a package and sent by mail or express, in such a manner as not only to secure safety in transit, but so that no person would suspect what are the contents. References sent by mail to those who may wish to inquire as to the Doctor's ability before placing themselves in his charge.

MAKE ROOM FOR THE FLORENCE!

It makes four distinct stitches, feeds the work either way, sews thin and heavy goods without change or tension, will gather and sew on at the same time.

IT MAKES A STITCH ALIKE ON BOTH SIDES OF THE FABRIC, HAS NO SPRINGS TO GET OUT OF ORDER, AND IS THE MOST RAPID SEWER IN THE WORLD. EVERY MACHINE FULLY WARRANTED.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE, and have them now in use. We have thoroughly tested them on work of all grades—heavy, medium and light—and our opinion is that the Florence is durable, will not easily get out of order, is strong and simple in construction, and its use is easily learned by the most inexperienced.

It will do a greater range of work with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.

I believe I can fully and conscientiously endorse each qualification claimed for the Florence Sewing machine. I have thoroughly tested it on work of all grades, and each trial has been eminently satisfactory. It takes hold of a delicate fabric delicately, and of a strong one with strength. To me it seems more than a machine—an almost intelligent, willing helper. Its use is easily learned, and its construction is certainly simple. I know the construction of the other first class machines, having learned to operate several. This is the only sewing machine I have found reliable. Mrs FRANK G. TRAY, San Andreas, Calaveras co.

I have used the Wheeler & Wilson about two years, the Taggart & Farr six months, the Sloat Elliptic about the same length of time, the Williams & Orvis nearly two years, and have dealt in several of the small

machines, until thoroughly disgusted with every machine that was with only one thread. The Florence is the only machine that has come under my notice that gives perfect and entire satisfaction on all kinds of work.

No one can estimate its value until they have used and tested it, as I have done. Indeed, for this work it is invaluable. GEORGE CRAY, Carson City, N. T.

I have used a Florence Sewing Machine for two years; I brought it across the plains; it has never yet been out of order, and I can truly say it excels all other machines that I have ever used. I ran a Knit & Webster six months; a Wheeler & Wilson eight months; and used a Grover & Baker, alternately with Sloat's for two years. I am familiar with the Howe, and several of the small machines, but I never used one that would do all kinds of work to equal the Florence. I do not think it can be too highly recommended. Mrs. ISAAC ELLIS, Maryville.

After having a Florence machine in use nearly a year, I feel that I can truly recommend it as being all that is claimed for it. I have used Singer's, Grover & Baker's, and the Wheeler & Wilson machine, and consider the Florence superior to any. Mrs JENNIE A. EMAN, Wilmington, Los Angeles county Cal.

We could refer to many others who are using the Florence, if it were necessary to do so, to convince the public that these machines are what is claimed, the BEST FAMILY SEWING MACHINE IN THE WORLD

Over Seven Hundred FLORENCE MACHINES have been sold on this coast in the short time the Agency has been established here, and we make this strong assertion, as convincing proof of their worth, that no person can be found who has a Florence that would exchange it for a family sewing machine of any other manufacture.
