THE OREGON SENTINEL.

Hard Times.

Butter so dear and rent so high,
What will it come to by-and-by?
Coffee is fifty cents a pound,
And lo! you then must buy it ground.

No pensioner can pay his rent,
With wooden legs up cent per cent.
Pray mention not the price of bread,
Nor cabbage eighteen pence a head.

Don't niggers tail or worms spin silk?
Don't the hens lay, or cows give milk?
Millenium is far off, I fear,
When Pork's so high all flesh says fear.

'Tis true, this may be glorious news
For Vegitarians and Jews,
But Christians all must deem it hard
To be bereft of Pork and Lard.

And then again, 'tis past a joke,
If you'd enjoy a decent smoke,
Why, my good sir, pray only think,
What an outrageous price for drink!

Each individual you greet
Deplores the rise in drink and meat,
Poor Hans will soon expire, I fear,
For want of Schnapps and Lager Bier.

Your wardrobe low, you must repair
To Chatham street, or pr'aps elsewhere;
E'en Moses, with his beaky gaze,
Will swear "dat every ding vash raise."

In case of Rheumatism or Gout,
Don't take a stage, but walk it out
If you cant budge from where you are,
Avoid the 'Boss and take the car.

Our public papers often say
(Pray mark what wisdom they portray),
Don't eat, or drink, or smoke at all,
Then prices probably will fall.

And when your dead, now pray don't laugh,
But let me write your epitaph;
Your headstone will the tale unfold—
"Alas! I fell in raising gold!"

The following are the resolutions introduced into the House, Wednesday, Sept. 21, by Mr. Lafollett:

Resolved, by the Legislative Assembly of the State of Oregon:

1st, That these United States constitute one nation, to the constitutional Government and laws of which, every citizen owes

2d, That this government—founded by our fathers to secure the blessings of liberty to their posterity—is a system complete, and intended to be perpetual in itself; and with the blessing of God, it *shall stand* an everlasting monument of their wisdom, patriotism and devotion to the cause of liberty.

3d, That no State has a right to secede from this Union or to defy its authority; and a firm resistance to all attempts at secession is one of the highest duties included in the obligation of allegiance, and dictated by a sound public policy.

paramount allegiance and implicit obedience.

4th, That whenever the national government is believed to have transcended its constitutional authority in any administrative act, the question may be adjusted or determined by petition to that department of the government from which the supposed grievance emanated, or by application to the supreme court of the United States; and in case any measure of the national government is thought to be unwise, oppressive, partial, sectional or impolitic (yet within the constitutional authority of the government) the only remedy known to the law is an appeal to public opinion through the medium of the ballot box.

5th, that the national constitution is not a mere league, compact or treaty between indepent States or nationalities, but is the fundamental and supreme law of a great nation.

6th, That we congratulate the nation that we have a President and national legislature, who have evinced a firm determination to suppress the present wicked rebellion, and to maintain the national honor, integrity and authority against the bayonets of southern rebels, and the sneaking machinations of northern Copperheads.

7th, That we are decidedly in favor of the exertion of every energy of the government for the maintenance of our armies and the crushing out of this most wicked rebellion.

8th, That we tender the grateful thanks of this assembly and of the loyal people of Oregon, to our gallant soldiers who have bravely borne, and are still bearing, the *old flag* to victory and honor.

9th, That the governor of this State be requested to transmit a copy of these resolutions to the President of the United States, and a copy to each of our Senators and Representative in Congress.

WHY WILL YOU BE SICK!

It is strange that so many persons will suffer for years with disease, when they can be so readily cured.

DR. A. BALL

has been established in San Francisco for ten years, and, during that period has not failed to effect a cure in a single case that he has undertaken.

Dr. BALL, after a study of forty years, has succeeded in compounding a medicine of PURELY VEGETABLE PREPARATION, that will cure the worst cases Gonorrhœa, Gleet, Stricture, Syphilis, Impotency, Skin diseases, and all complaints arising from immoral practices in less time than by any other known process, WITHOUT EXPOSURE TO THE SYSTEM.

Dr. BALL'S LADIES RELIEF, for the radical cure of Weakness and Irregularities, to which so many ladies of the Pacific coast are subject, owing principaly to the peculiarities of the climate, is the best preparation yet discovered by the Medical Faculty, as thousands that have used it can bear testimony.

Dr. BALL IS NO QUACK; he is a regularly educated physician of forty years standing, and has a diploma which he would be pleased to show to those who may wish to see it.

Persons living at a certain distance, and sending a description of their complaint, can have their medicines put up in a package and sent by mail or express, in such a manner as not only to secure safety in transitu, but so that no person would suspect what are the contents.

References sent by mail to those who may wish to inquire as to the Doctor's ability before placing themselves in his charge.

MAKE ROOM FOR THE

FLORENCE!

It makes four distinct stitches, feeds the work either way, sews thin and heavy goods without change or tension, will gather and sew on at the same time.

IT MAKES A STITCH ALIKE ON BOTH SIDES OF THE FABRIC, HAS NO SPRINGS TO GET OUT OF ORDER, AND IS THE MOST RAPID SEWER IN THE WORLD. EVERY MACHINE FULLY WARRANTED.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE, and have them now in use.

We have thoroughly tested them on work of all grades—heavy, medium and light—and our opinion is that the Florence is durable, will not easily get out of order, is strong and simple in construction, and its use is easily learned by the most inexperienced.

It will do a greater range of work with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.

I believe I can fully and conscientiously indorse each qualification claimed for the Florence Sewing machine. I have thoroughly tested it on work of all grades, and each trial has been eminently satisfactory. It takes hold of a delicate fabric delicately, and of a strong one with strength. To me it seems more than a machine—an almost intelligent, willing helper. Its use is easily learned, and its construction is certainly simple. I know something of the other first class machines, having learned to operate several. This is the only sewing machine I have found reliable.

Mrs PERRY G. TAFT,
San Andreas, Calaveras co.

I have used the Wheeler & Wilson about two years, the Taggart & Lane six months, the Sloat Elliptic about the same length of time, the William & Orvis nearly two years, and have dealt in several of the small machines, until thoroughly disgusted with every machine that sews with only one thread. The Florence is the only machine that has come under my notice that gives perfect and entire satisfaction on all kinds of work.

No one can estimate its value until they have used and tested it, as I have done. Indeed, for thin work it is invaluable.

GEORGE GILLIS,
Carson City, N. T.

I have used a Florence Sewing Machine for two years; I brought it across the plains; it has never yet been out of order, and I can truly say it excels all other machines that I have ever used. I ran a Ladd & Webster six months; a Wheeler & Wilson eight months; and used a Grover & Baker, alternately with Sloat's for two years.

I am familiar with the Howe, and several of the small machines, but I never used one that would do all kinds of work to equal the Florence. I do not think it can be too highly recommended.

Mrs. ISAAC ELLIS, Marysville.

After having a Florence machine in use nearly a year, I feel that I can truly recommend it as being all that is claimed for it. I have used Singer's, Grover & Baker's, and the Wheeler & Wilson machine, and consider the Florence superior to any
