

THE OREGON SENTINEL.

Glorious News--Pennsylvania, Ohio and Indiana true to the Union--Pendleton, Long Cox, & Co. receive their sentence at the Ballot-Box.

The news from the elections in the States is most encouraging; 19, and probably 17 Union Representatives have been elected in Ohio. Indiana has gone by a largely increased Union majority. Pennsylvania has probably given 20,000 majority on the home vote, and her noble sons in the field will swell that several thousand more.

The woe-begone appearance, and long drawn countenances of the Democracy in this County, indicate the great impending crash that awaits them soon.

LARNEY.—On last Saturday night, one Charles Wilson, a light-fingered gent, who has been prowling around town for sometime, captured from the U.S. Hotel, a fine Henry Repeating Rifle, belonging to Maj. Bowman, and cut dirt for a more genial climate. Deputy Sheriff Rems followed and overtook him at Cole's Mountain House, and brought him back. He had, however, sold the gun for \$20. Wilson was brought to a hearing on last Wednesday, before U. S. Hayden, J. P. He plead guilty and was bound over in default of \$300 bonds.

A voice from Willow Springs says he is for Lincoln because he was elected as the President over the whole of the United States, and for four years has had the most arduous duties to perform of any President that ever occupied the President's Chair, and he wants him to have an opportunity to assume all the functions of the office to which he was elected, before he leaves his seat, to wit: All the duties of the President of all the States.

AGITATION.—This is decidedly an age of agitation. The people are continually agitating. Agitating over the war news, agitating over election news, agitating as to who will be the next President, etc. Mr. Louis Hurn, not to be behind the times, has determined to give his patrons an opportunity to agitate their persons, at a Grand Ball, on the first of next month. Read his Advertisement.

ARBITRARY.—Congress has recently passed a law that no person shall be permitted to read Bradbury and Wade's new Advertisement, which is secreted in another column of the SENTINEL. The object of this law is to prevent the accidents and confusion consequent upon the great rush to their store, which always follows the arrival of their immense stocks of new goods.

SANITARY.—Binger Herman, Esq., on last Saturday delivered an eloquent and patriotic address at Canyonville, in behalf of our sick and wounded Soldiers in the field. After which, in a very short space of time, The great hearted citizens of that vicinity donated the sum of \$100, in coin, to that Heaven ordained institution—the Sanitary Commission.

GREAT FALLS.—There has recently been discovered, great falls in Snake River, rivaling in grandeur those of Niagara. But these will be but the dippings of the sea spent, compared to the great fall of the Snake party which will be discovered shortly after the 1st of next month.

McClellan will get about one quarter of the Copperhead vote—the Chicago platform will get the other three-fourths. The combined vote of both will not be numerous enough to elect either of them. But either will get enough to eternally damn both.—Daily Sentinel.

PACIFIC.—Rev. M. A. Williams will preach in the Methodist Church, to-morrow, at eleven o'clock A. M., after which the Sacrament of the Lord's Supper will be administered. Services this morning at eleven o'clock.

FROST.—Peter Britt, Esq., on yesterday, showed us a fig tree in his orchard, loaded with figs just ripening, being the second crop that has ripened this year. The first crop matured in July.

The best place in Jacksonville to spend an hour, occasionally, is Peter Britt's Photographic gallery. Those wishing to get pictures, had better call around before the cloudy weather sets in.

JACKSONVILLE FEMALE SCHOOL.—This popular institution of learning will commence a three month's term, Monday, Oct. 24th, under the superintendence of Mrs Jane M. McCully.

The Jacksonville Lincoln & Johnson Club, on the 7th inst, had a grand rally, at the Court House; some two hundred persons were present, all brim full of Union enthusiasm.

A prominent Copperhead informed us yesterday that he would vote for any man who was nominated on the Chicago platform, even if it was himself that occupied that position—Amen!

Our friends in the various counties will be glad to learn that a tremendous reaction is taking place in Southern Oregon, and Jackson County, has made up her mind to go for Abe and Andy.

WHAT ARE OUR JOSEPHINE COUNTY FRIENDS DOING? Are they going to let the Grave Digger take judgment by default? or are they at work for the interest of their country?

We would advise all who seek the truth, to turn out to-day, and hear Junon Williams, and all who wish to be on the popular side, to turn out to-night and burr off Old Uncle Abe and Andy Johnson.

REGULAR NEWS.—The Board of Trustees, of Jacksonville, will meet in regular session at the Town Recorder's Office, Tuesday, Oct. 18th, at 7 o'clock P. M.

Resolutions of the Union National Convention.

ADOPTED AT BALTIMORE, JUNE 8, 1864.

Resolved, That it is the highest duty of every American citizen to maintain against all their enemies, the integrity of the Union and the paramount authority of the Constitution and laws of the United States; and that, laying aside all differences and political opinions, we pledge ourselves, as Union men, animated by a common object, to do everything in our power to aid the Government in quelling by force of arms the rebellion now raging against its authority; and in bringing to the punishment due to their crimes the rebels and traitors armed against it.

Resolved, That we approve the determination of the Government of the United States not to compromise with rebels, or to offer any terms of peace except such as may be based upon an unconditional surrender of their hostility and a return to their just allegiance of the Constitution and laws of the United States; and that we call upon the Government to maintain this position, and to prosecute the war with the utmost possible vigor to the complete suppression of the rebellion, in the full reliance upon the self-sacrificing patriotism, heroic valor, and the undying devotion of the American people to their country and to its free institutions.

Resolved, That as slavery was the cause, and now constitutes the strength of this rebellion, and as it must be, always and everywhere, hostile to the principles of republicanism, justice and the national safety demand its utter and complete extirpation from the soil of the Republic. And that while we uphold and maintain the acts and proclamations by which the Government, in its own defense, has aimed a death blow at this gigantic evil, we are in favor, furthermore, of such an amendment to the Constitution, to be made by the people, in conformity with its provisions, as shall terminate and forever prohibit the existence of slavery within the limits of jurisdiction of the United States.

Resolved, That the thanks of the American people are due to the soldiers and sailors of the army and navy, who have periled their lives in defense of their country and in vindication of the flag; that the nation owes to them some permanent recognition of their valor, and ample and permanent provisions for those of their survivors who have received disabling and honorable wounds in the service of the country; and that the memories of those who have fallen, in its defense, shall be held in grateful and everlasting remembrance.

Resolved, That we approve and applaud the practical wisdom, the unselfish patriotism, and the unwavering fidelity to the Constitution and the principles of American liberty with which Abraham Lincoln has discharged, under circumstances of unparalleled difficulty, the great duties and responsibilities of the Presidential office; that we approve and endorse, as demanded by the emergency and essential to the preservation of the nation, and as with in the provisions of the Constitution, the measures and acts which he has adopted to defend the nation against its open and secret foes; that we approve especially the Proclamation of Emancipation, and the employment of Union soldiers men herebefore held in slavery; and that we have full confidence in his determination to carry on these and all other Constitutional measures essential to the salvation of the country with full and complete effect.

Resolved, That we deem it essential to the general welfare that harmony should prevail in the National councils, and we regard as worthy of official trust those on who continually endorse the principles proclaimed in these resolutions, and which should characterize the administration of the Government.

Resolved, That the Government owe to all men employed in its armies, without regard to distinction of color, the full protection of the laws of war, and that any violation of these laws, or the usages of civilized nations in time of war, by the rebels in arms, should be made the subject of prompt and full redress.

Resolved, That foreign emigration, within the past has added much to the wealth, development of resources, and increase of power to this nation, the anxiety of the oppressed of all nations, should be fostered and encouraged by a liberal and just policy.

Resolved, That we are in favor of the speedy construction of a railroad to the Pacific.

Resolved, That the national faith pledged for the redemption of the public debt must be kept inviolate, and for this purpose we recommend economy and rigid responsibility in the public expenditures, and a vigorous and just system of taxation; that it is the duty of every loyal State to sustain the credit and promote the use of the national currency.

Resolved, That we approve the position taken by the Government, that the people of the United States can never re-award with indifference the attempt of any European power to overthrow by force and support by fraud, the institutions of any Republican Government on the Western Continent, and will view with extreme jealousy, as menacing the peace and independence of their own country, the efforts of any such power to obtain new footholds for monarchical governments, sustained by foreign military force in near proximity of the United States.

THE MILLENIUM AT HAND.—It is said, in the book of books, that when this Terrestrial sphere shall wax old and approach nigh to its end, that the wolf shall dwell with the lamb, and the leopard lie down with the kid. A circumstance occurred one day in this week that led us to believe that Gabriel was somewhere in this vicinity. As Dowell's fat pig was walking the street, Old Arkansas chanced to desecre him; whereupon he rushed to his side, took him by the arm and marched down the street, as harmless as a sheep. Now, there is one thing certain, either the world is coming to an end, or "Old Suggs" has an axe to grind. It is possible, however, that it may be a result of the Chicago Convention.

THANKS TO ROBT. WILSON FOR A BASKET OF SUPERB APPLES.

DIED.

MAKE ROOM FOR THE FLORENCE!

It makes four distinct stitches, feeds the work either way, sews thin and heavy goods without change or tension, will gather and sew on at the same time.

IT MAKES A STITCH ALIKE ON BOTH SIDES OF THE FABRIC, HAS NO SPRINGS TO GET OUT OF ORDER, AND IS THE MOST RAPID SEWER IN THE WORLD. EVERY MACHINE FULLY WARRANTED.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE, and have them now in use.

We have thoroughly tested them on work of all grades—heavy, medium and light, and our opinion is that the Florence is durable, will not easily get out of order, is strong and simple in construction, and is easily learned by the most inexperienced.

It will do a greater range of work with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.
