TO THE EFFICACY AND PERMANENCY OF YOUR UNION, A GOVERNMENT FOR THE WHOLE IS INDISPENSABLE.—Washington.

JACKSONVILLE, OREGON.

NATURDAY MORNING, - - - NOV. 12, 1864.

List of Agents for the OREGON SENTINEL. E. F. Russell, general agent for Oregon, and Idaho Territory. L. P. Fisher, San Francisco Cal. J. J. Knowlton & Co., do do do. Thomas Davis, Applegate, Ogn. T. In consequence of the glorious news from all parts of the United States, we beg leave to introduce our Union chicken, and we can assure our readers that this is the first time he has taken the stand to crow over any section; and from this time forward let him be hailed as honest Abe.

The Pacific coast sends greeting to Father Abraham: The youthful heart of the Pacific beats in harmony with the music of the Union! The Great West is at least secure. The people of Oregon, California and Nevada are determined to remain steadfast in their constitutional moorings, with the banner of their country waving over them proudly, triumphantly and forever. Oregon, 1,500; California, 25,000; Nevada, 3,000.

That will do, especially when we remember with what positive assurance all of these States were claimed by the Democratic party, on the eve of the election.

The Election.

We are happy to learn that everything passed off quietly, all through the State, on election day. At Jacksonville, and in fact, throughout Jackson county, order and quiet reigned during the day. Freeman went to the polls and deposited their ballots, for the men of their choice, without fear or intimidation. This is as it should be. On the afternoon and evening preceding the election, each party made a demonstration of their strength. The exhibition of fireworks on the part of the Union party, in front of the store of that pure patriot, Max Muller, was as fine as anything we have seen in this section of the country. Union men were enthusiastic and confident as to the general result.

Democrats expected to carry this county with a majority ranging from 150 to 200, but they most signally failed in the realization of their expectations. There has been a seeming increase of the Democratic vote in this county, but it is only seeming—not real. Quite a number of genuine Union men voted for McKellan, believing he would carry on the war for the restoration of the Union more vigorously than his opponent would. These men will all come back to the Union party. They are with us in heart, in sentiment, and in all the noble impulses of their patriotic nature. Let them come—we will receive them with open arms and freely forgive their misdirection.

Illustrated History of the Chicago Convention, and its Progress.

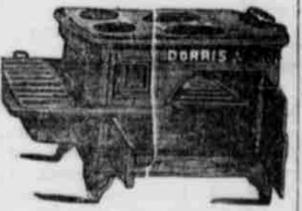

Now the election is over with, and all its attendant excitements and extravagancies, we deem it our duty to throw our partisan feelings, and view the political battle, just passed, with the eye of a historian; but as the limits of the SENTINEL are not such as to give room for a retrospective view of the whole canvass, we propose to take up the history of that most remarkable and eccentric body, known as the Chicago Convention. Perhaps there never was a more self-sacrificing body of men met together in political convulse.

But, to proceed to our task, we would say that this self-sacrificing convention organized by electing a president.

That President.

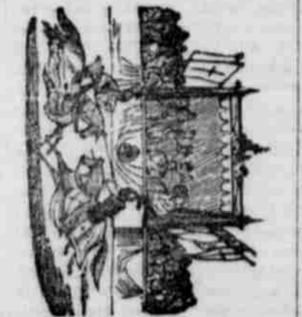

The first thing in order was to prepare a platform broad enough and long enough to catch every sore-head in the land. Much

The Platform.

difference of opinion has prevailed as to the meaning of this platform. It is admitted by those who profess to be judges that it means something.

The platform being completed, the next thing was to display their various Presidential horses. Many were brought up in review, and each in turn had his admirers. At length a certain horse made his appearance, late from the valley of the Chickahominy, that far eclipsed all others. Acclamations of praise greeted him on all sides, so wonderful were some of his performances. (Our artist has succeeded in obtaining an admirable sketch of his appearance in his principle feat of riding two horses going in opposite directions.

But, strange to say, even in this self-sacrificing body, there were those who permitted within their breasts those petty jealousies which so often mar the social circle, and lead to defeat. Here discord arose in their midst—some saying he rode one horse, and some saying he rode the other; some saying he rode to the right, and some contending that he rode to the left. Little Mac overcame all the contention, and was led out. His friends soon had

ing sharpened by a collision between two other horses running on the same track. One of the others, however, a woolly horse, soon became distanced, and the White House in the distance began to vanish.

About this time a certain draft horse from Sangamon county, Illinois, who had the inside track, obtained a fine view of the White House in the foreground, and

In the meantime the friends of the Chickahominy horse, determining to fight it out, goaded him on like a beef to the slaughter.

The way they did it.

The backers of the Chicago horse still seemed sanguine of success, until their friends in Pennsylvania, Ohio and Indiana were defeated, when they had one consolation left. When the much-dreaded 8th of

November arrived, the friends of the Little Horse marched to the polls in solid columns, preserving the utmost order. But

all their efforts proved futile. The sun, on the 8th day of November, went down on the broken and dispirited ranks of the Democracy.

Their horse being much fatigued, in consequence of the great load he carried, he was turned out to graze for a living, being no longer of any service to his trainers.

The actions and doings of the Chicago Convention have now passed into history, and the party represented there will hereafter be spoken of as a thing that was. Their hitherto well organized columns are disintegrated, and their forces demoralized and scattered.

Scattered condition of their forces.

The Democratic party, once great and glorious, has gone down in the sea of oblivion, leaving behind it all those great and glorious attributes which adorned it in the days when it was a proud title to be called a Democrat.

The following letter was handed us for publication, for the benefit of those transmitting Sanitary Funds:

STATE OF CALIFORNIA, EXECUTIVE DEPT.) Sacramento, Oct. 24, 1864. B. Herman, Esq., Canyonville, Ogn.

MY DEAR SIR:—I received your valued favor of the 7th inst, inquiring as to the best mode of remitting funds to this branch of the Sanitary Commission.

In reply, I would say that R. G. Sweath, of San Francisco, is the Treasurer of this branch, to whom you had better remit rather than to me. I would advise you to remit by Wells, Fargo & Co's express. You can send the coin, or you can convert it into Treasury Notes and send them, as you think best.

Wells, Fargo & Co., I think, make no charge for transportation of any funds for the Commission.

To sum up the whole matter: I would advise you to remit your donation in coin to R. G. Sweath, Esq., San Francisco, through Wells, Fargo & Co's express. Faithfully yours, F. F. LOW, Pres't Cal. Branch San. Com.

In an obituary, published in the SENTINEL, of October 22d, from a correspondent of Josephine county, we published the following quotation from Longfellow in an altered condition; which, by request of our correspondent, we now give as originally furnished.

No! brave hearts that went down in the sea! Ye are at peace in the troubled stream, Ho! brave land! with hearts like these, Thy flag that is rent in twain, Shall be one again, And without a seam!"

Howard Private MEDICAL INSTITUTE

No. 532, Commercial Street, San Francisco. Consultation by Letter, OR OTHERWISE, FREE.

ESTABLISHED for the cure of diseases of a private nature. Such as Gonorrhoea, Syphilis, Spermatorrhoea, Mercarial Complaints, Gleet, Stricture, Seminal Weakness, Impotency, Rheumatism, Fever, and Ague, Skin diseases, Seminal Emissions, and all diseases brought on by indulgence or by accident.

THE HOWARD INSTITUTE

Is under the immediate charge of DR. P. HOWARD, who has become justly celebrated by his successful treatment of diseases of the above nature. Without the use of Mercury in any form.

In re-opening this old and popular institute once more to the people of the Pacific Coast, the Doctor is governed not only by a desire to afford an asylum for the afflicted, but to SUPPRESS QUACKERY, which has of late so boldly and impudently come before the public. They claim to have certificates of remarkable cures, or some before-unheard-of distinctions, of foreign testimony, of European education, and European resources; thus misleading the afflicted, who are not aware of the utter uselessness of foreign remedies and practice, when applied to diseases in this variable climate. Of such pretenders the Doctor warns those seeking medical relief to beware, for they seek but to deceive you and ruin your health.

To his old patrons and the public in general the Doctor would say: They can rely on his known skill and integrity, as heretofore, with every assurance of a speedy and permanent cure, in all possible cases. The Doctor's charges are moderate, and suited to the means of the patient.

THE HOWARD INSTITUTE

Is located in the center of the city, and is fitted up with every convenience for the comfort of the afflicted. The patient will here find everything to his wish, and can enter and leave the Institute without fear of observation.

Persons residing in the interior, who may prefer being cured at Home, by sending a careful description of their disease, together with a statement of the length of time they have been afflicted, can have their medicine carefully put up and sent to any part of the Pacific Coast by Express or mail, together with full and explicit directions so as to enable them to bring about a speedy and permanent cure, without entailing upon them the necessity of visiting the city.

All letters should be addressed to Dr. P. Howard, Howard Institute, No. 532, Commercial Street, San Francisco, California.

The Doctor himself opens and answers all letters, and correspondents can rely on the strictest secrecy. Consultation by letter or otherwise, free.

TO THE LADIES!

When a Female is in trouble, of whatever nature, or afflicted with a disease such as weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, derangement of the digestive functions, general debility, all diseases of the Womb, hysteria, sterility, and all other diseases peculiar to females, they should go at once, or write, to Dr. Howard, at his Medical Institute. Let no false delicacy prevent you, but apply immediately, and save yourself from painful suffering, and premature death.

The Doctor's office is so arranged that he can be consulted without fear of discovery.

Dr. Howard's Female Pills

Are universally acknowledged to be the only compound to be depended upon for the removal of all cases of suppurate or irregularity, or of obstructions of whatever nature and of however long standing.

Ladies having reason to believe they are pregnant, should be careful to avoid using them, as they would surely cause a miscarriage. They will be forwarded to any part of the Pacific Coast, upon the receipt of \$5 per box.

CONSULTATION BY LETTER, OR OTHERWISE, FREE.

All letters must be addressed to DR. P. HOWARD, Howard Institute, No. 532, Commercial Street, San Francisco, California. ap17m3
