

LATEST TELEGRAM. Richmond Sentinel proposes to appeal for protection to France and England.

Mexican letters of marque against French ships.. Matters in reference to the Dutch Gap canal.

New York 4th.—The following is the concluding paragraph of a long editorial in the Richmond Sentinel, Jeff. Davis' organ: If France and England will enter into a treaty with these Confederate States, recognizing our nationality and guaranteeing our independence, on the abolition of slavery in all these States, so that our independence may be established, we should be prepared to urge the measure on our readers.

A special dispatch from Washington says advice from Richmond are of such a tenor as to induce the belief among certain officials, that rebel Congress has already, in secret session, passed a bill giving Jeff. Davis or Gen. Lee authority to call out, or order for detail, not less than fifty thousand slaves, for service in the army as soldiers.

Fortress Monroe, 2d.—Porter's fleet is reported at Beaufort, N. C., safely anchored, having successfully weathered the storm off Wilmington.

New York, 4th.—The supply ship, Massachusetts arrived at Philadelphia last evening, from Charleston Bar, December 30th. She reports that the fleet of iron clads had reached Charleston harbor, and were to co-operate with Sherman's attack on that city. It is reported that Hardee was brought to a stand, and would probably be obliged to surrender.

The Costa Rica, from Aspinwall the 26th, has arrived.

Concord, 4th.—The Union State Convention nominated Frederick Smith, of Manchester, for Governor on the first ballot.

New York, 4th.—Quebec advices say there is trouble in Canada, over the enforcement of the draft in Canada for military service to serve on the frontier. The French refused to serve, and the drafting officers were driven out of several counties. A strong force has been ordered out to put down this insurrection.

New York, 4th.—Capt. Wise, of the Naval Ordnance Bureau, has already determined to withdraw the 100-pound Parrot guns from service. The feeling among naval officers induces the belief that his view will be sustained by the Admiral Board of the Department.

The London Fireman's Gazette, says: Advice from Nants confirms the report that Juarez has issued letters of marque to Americans against French ships, and especially against the steamers of the French trans Atlantic company. All steamers leaving on board 200,000 pounds in specie, are conveyed from Vera Cruz by French men of war.

The Army and Navy Gazette ridicules the idea that Sherman was obliged to leave Atlanta.

The Richmond Examiner, of the 2d, in reply to the Sentinel, opposes an appeal for the protection of France and England in the present weakness of the South. It intimates that the article in the Sentinel recommending such a policy, emanates from Jeff Davis and from a panicky mind. It says that if the alternative was presented to them of becoming subjects of these foreign powers or returning to the United States, they would choose the former.

New York, 5th.—The Herald gives a complete history of the Dutch Gap canal, commenced in August last, up to the day of the explosion of the Bulkhead. The canal is 522 feet long, 122 feet wide and 45 feet deep. The width of the canal proper is 60 feet at top, and 45 at bottom. There will be a depth of 16 feet at high water. From these facts some idea may be formed of the immensity of this work. It is supposed in consequence of the heavy batteries bearing on it, that it cannot be completed at present.

MAKE ROOM FOR THE FLORENCE! It makes four distinct stitches, feeds the work either way, sews thin and heavy goods without change or tension, will gather and sew on at the same time.

IT MAKES A STITCH ALIKE ON BOTH SIDES OF THE FABRIC, HAS NO SPRINGS TO GET OUT OF ORDER, AND IS THE MOST RAPID SEWER IN THE WORLD. EVERY MACHINE FULLY WARRANTED.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE, and have them now in use. We have thoroughly tested them on work of all grades—heavy, medium and light—and our opinion is that the Florence is durable, will not easily get out of order, is strong and simple in construction, and its use is easily learned by the most inexperienced.

It will do a greater range of work with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.

I believe I can fully and conscientiously endorse each qualification claimed for the Florence Sewing machine. I have thoroughly tested it on work of all grades, and each trial has been eminently satisfactory. It takes hold of a delicate fabric delicately, and of a strong one with strength. To me it seems more than a machine—an almost intelligent, willing helper. Its use is easily learned, and its construction is certainly simple. I know something of the other first class machines, having learned to operate several. This is the only sewing machine I have found reliable.

Mrs PERRY G. TERT, San Andreas, Calaveras co. I have used the Wheeler & Wilson about two years, the Taggart & Farr six months, the Sloat Elliptic about the same length of time, the Williams & Orvis nearly two years, and have dealt in several of the small

machines, until thoroughly disgusted with every machine that sews with only one thread. The Florence is the only machine that has come under my notice that gives perfect and entire satisfaction on all kinds of work. No one can estimate its value until they have used and tested it, as I have done. Indeed, for this work it is invaluable. GEORGE GILLIS, Carson City, N. T.

I have used a Florence Sewing Machine for two years; I brought it across the plains; it has never yet been out of order, and I can truly say it excels all other machines that I have ever used. I ran a Ladd & Webster six months; a Wheeler & Wilson eight months; and used a Grover & Baker, alternately with Sloat's for two years. I am familiar with the Howe, and several of the small machines, but I never used one that would do all kinds of work to equal the Florence. I do not think it can be too highly recommended. Mrs. ISAAC GILLES, Marysville.

After having a Florence machine in use nearly a year, I feel that I can truly recommend it as being all that is claimed for it. I have used Singer's, Grover & Baker's, and the Wheeler & Wilson machine, and consider the Florence superior to any. Mrs JENNIE A EGAN, Wilmington, Los Angeles County Cal.

We could refer to many others who are using the Florence, if it were necessary to do so, to convince the public that these machines are what is claimed, the BEST FAMILY SEWING MACHINE IN THE WORLD.

Over Seven Hundred FLORENCE MACHINES have been sold on this coast in the short time the Agency has been established here, and we make this strong assertion, as convincing proof of their worth, that no person can be found who has a Florence that would exchange it for a family sewing machine of any other manufacture.

CURE YOUR COLD SAVE YOUR LUNGS. NEWELL'S PULMONARY SYRUP Has Cured Thousands AND It Will Cure You.

"A cough is generally the effect of a cold, which has either been improperly treated or entirely neglected. When it proves obstinate, there is always reason to fear the consequences, as this shows a weak state of the lungs, and is often the forerunner of consumption."—Buchanan's Domestic Medicine

STOP THAT COUGHING Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try some thing else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

Newell's Pulmonary Syrup, Is really the VERY BEST remedy ever compounded for the cure of coughs, colds, sore throat, asthma, whooping cough, bronchitis and consumption. Thousands of people in California and Oregon have been already benefitted by its curative powers.

WHAT KILLED HIM? DR. HALL, in his "Journal of Health," speaking of the death of Washington Irving asks the above question, and adds: "He might well have remained with us for years to come, had it not been for advice kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

HE HAD A COLD! which, by some unjudicious prescription, had been converted into an asthma. Who gave that prescription, or what it was, the outside world may never know." Let me say to Dr. Hall, that that 'prescription' was not

Newell's Pulmonary Syrup. Keep it in the house, use it freely, give it to your children upon the slightest indication of a cold, and you will think and speak of it as all do who have become acquainted with its merits.

Howard Private MEDICAL INSTITUTE No. 523, Commercial Street, San Francisco, Consultation by Letter, OR OTHERWISE, FREE.

ESTABLISHED for the cure of diseases of a private nature. Such as Gonorrhoea, Syphilis, Spermatorrhoea, Mercurial Complaints, Gleet, Stricture, Seminal Weakness, Impotency, Rheumatism, Fever and Ague, Skin diseases, Seminal Emissions, and all diseases brought on by indulgence or by accident.

THE HOWARD INSTITUTE Is under the immediate charge of DR. P. HOWARD, who has become justly celebrated by his successful treatment of diseases of the above nature. Without the use of Mercury in any form.

In re-opening this old and popular Institute once more to the people of the Pacific Coast, the Doctor is governed, not only by a desire to afford an asylum for the afflicted, but to SUPPRESS QUACKERY, which has of late so boldly and impudently come before the public. They claim to have certificates of remarkable cures, or some before unheard of distinctions, of foreign testimony, of European education, and European remedies; thus misleading the afflicted, who are not aware of the utter uselessness of foreign remedies and practice, when applied to diseases in this variable climate.

Of such pretensions the Doctor warns those seeking medical relief to beware, for they seek but to deceive you and ruin your health. To his old patrons and the public in general the Doctor would say: They can rely on his known skill and integrity, as heretofore, with every assurance of a speedy and permanent cure, in all possible cases. The Doctor's charges are moderate, and suited to the means of the patient.

THE HOWARD INSTITUTE Is located in the center of the city, and is fitted up with every convenience for the comfort of the afflicted. The patient will here find everything to his wish, and can Enter and Leave the Institute without fear of observation.

Persons residing in the interior, who may prefer being Cured at Home, by sending a careful Description of their disease, together with a statement of the length of time they have been afflicted, can have their medicine carefully put up and sent to any part of the Pacific Coast by Express or mail, together with full and explicit directions so as to enable them to bring about a speedy and permanent cure, without entailing upon them the necessity of visiting the city.

All letters should be addressed, Dr. P. Howard, Howard Institute, No. 523, Commercial Street, San Francisco, California.

The Doctor himself opens and answers all letters, and correspondents can rely on the strictest secrecy. Consultation by letter or otherwise, free.

TO THE LADIES! When a Female is in trouble, of whatever nature, or afflicted with a disease such as weakness of the back and limbs, or in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, derangement of the digestive functions, general debility, all diseases of the Womb, hysteria, sterility, and all other diseases peculiar to females, they should go at once, or write, to Dr. Howard, at his Medical Institute. Let no false delicacy prevent you, but apply immediately, and save yourself from painful suffering, and premature death.

The Doctor's office is so arranged that he can be consulted without fear of discovery. Dr. Howard's Female Pills Are universally acknowledged to be the only compound to be depended upon for the removal of all cases of suppression or irregularity, or of obstructions of whatever nature and of however long standing. Ladies having reason to believe they are pregnant, should be careful to avoid using them, as they would surely cause a miscarriage. They will be forwarded to any part of the Pacific Coast, upon the receipt of \$5 per box.

CONSULTATION BY LETTER, OR OTHERWISE, FREE. All letters should be addressed to DR. P. HOWARD, Howard Institute, No. 523, Commercial Street, San Francisco, California. sept17/63
