

THE OREGON SENTINEL

How we caught an item.—On last Monday night, we had been reading exchanges in search of items, until half past ten o'clock, at which time we blew out our lamps, closed our office, and sallied forth in the street. The night was dark and fearful, the sky was overcast with a heavy mantle of clouds, and a cold steady rain just sufficient to cause a constant stream to rattle down from the eaves of the houses, was falling. It suddenly occurred to us that a good item might be got up on this subject, and we began to call to mind Berns' Tam O'Shanter, and had just ran over the lines

"This night a child might undertake The dell had business on his hands" when, all of a sudden, we found all the poetry knocked out of us, and we laying promiscuously mixed up with a large pile of staves which, late in the evening, had been piled across the sidewalk. After having resolved to publish the rascally stanzas, we proceeded to extract our indignant person therefrom, and with it a very good supply of mud.

Ms. McCLELL'S SCHOOL.—We had the pleasure of witnessing the closing exercises of this popular school, on yesterday—the last day of the term. The exercises were principally in writing, declamation and composition. A collection by Miss Ellen Little and Miss Kate Huffman was well executed, and would have done credit to more experienced amateurs. The compositions displayed much merit.

A song sung in German by two charming little girls of Mr. John Muller's was one of the most pleasing performances of the occasion. The following awards of merit were made:

Best in mathematics, Miss Florence; HOFFMAN—a medal; best in spelling, first class, Miss Helen Little—a medal; best in spelling, second class, Miss Emma; DUNN—a medal; best in spelling, third class, AMELIA MILLER—a medal; best writing, Miss Kate Hoffman—a gold pen; most improvement in writing, Miss Rose; SHOUR—a gold pen.

THE SISTER'S SCHOOL.—Father Blanchet requests us to say that he will visit those who have subscribed funds for the Sister's School next week, for the purpose of collecting. The following statement, copied from the Reporter, will show the financial condition of the enterprise at the present time.

The property purchased of Dr. Thompson cost \$1200. Of this sum \$600 has been paid; \$200 has been paid for a piano, for the institution, and \$100 for furniture. He has to pay \$600, more on the property by the first of May to Dr. Thompson, and this with the \$600 required for the fare of the Sisters, is all that is required to get the institution started.

THE NEW AGE.—We have seen the first number of this new paper, edited and published by W. W. Broughton. It is a weekly paper, devoted to Odd Fellowship, the arts and sciences, and general literature. It is very neatly printed and ably edited. It is a double sheet, containing 32 pages. Every Odd Fellow, who has the "good of the order" at heart, should subscribe for the New Age. It is well worth the price of the subscription, which is \$4 per annum.

GEORGE WILSON called at our office this week, and informed us that the citizens of Josephine County were moving on mass for the purpose of raising their quota of volunteers. They have almost raised the money, by private contribution, to give the one hundred dollars bounty promised their volunteers. And will, without doubt, soon raise the whole amount.

The Walla Walla Statesman says that David Helm, better known in that county as "Old Tex," was found dead on the road between Walla Walla and his home, on Dry Creek, on Tuesday morning last. He had left the city the night before, in a state of intoxication, and from indications, when found, it appeared that his horse had fallen down with, and upon him, crushing his breast and breaking his neck. Mr. Helm was an old resident of Jackson county.

HOLE IN THE GROUND.—Those new diggings, situated between Grassy Creek and Galoville, are creating considerable excitement of late. There are quite a number of rich claims being worked in that vicinity now. Mr. Powell and partner are taking out one hundred dollars per day. Others are doing very near as well.

THE CALIFORNIA LITERARY.—The people of this county begin to consider themselves "sold out," by an individual named McGee, who was through here some two months since, claiming to be an agent for that paper. He raised some 40 subscribers in Jacksonville, but the papers have not yet come to hand. There is something wrong somewhere.

NEW DIGGINGS.—We have been informed that F. A. Davis & Co. have struck rich diggings on a small creek putting into Grassy Creek, six miles below Leland, and are making from 20 to 30 dollars per day to the hand.

PACIFIC INSURANCE CO.—By reference to our advertising columns it will be seen that such firms have been appointed agents for the Pacific Insurance Company. The company have deposited in Oregon, in accordance with law, the sum of fifty thousand dollars.

EXERCISES.—At a regular meeting of Jacksonville lodge, No. 10, I. O. O. F., held at the Mascolo Hall in Jacksonville, Saturday evening, Jan. 14th, Orange Jacobs was elected N. G., vice Wm. Ray resigned.

UNDER GUARD AND INJUNCTION TOO.—The Secretary of Idaho Territory is, with his seal of State and other fixtures, under guard at Lewiston, and is laid under injunction not to move a peg. Caleb, Governor of Lyonsdale, managed to elude the Lewistonians and is off for Boise City to air his dignity at the New Capitol, but the folks at Lewiston have a sure thing on the Secretary, and he is either to remain in statu quo or go to jail, just as he elects.—Mountaineer.

The highest salary of the Governor of any State in the United States is received by Governor Low of California. He gets 7,600 in gold. Governor Curtin of Pennsylvania, and Governor Seymour of New York, receive the next largest—\$4,000 in paper.—Flag.

RECRUITING IN DOUGLAS.—Mr. Dowell, who returned from Roseburg on last Wednesday, informs us that Capt. Rigdon, recruiting officer for Douglas County, arrived at Roseburg on the 14th inst., for the purpose of filling the quota of that County. Hon. S. F. Chadwick and Hon. J. F. Watson, are to canvass the county speaking for enlistments.

Messrs Plymale and Ross have opened a New Livery and Feed Stable in Jacksonville. See their advertisement in this paper.

Howard Private MEDICAL INSTITUTE

No. 532, Commercial Street, San Francisco.

Consultation by Letter, OR OTHERWISE, FREE.

ESTABLISHED for the cure of diseases of a private nature. Such as Gonorrhoea, Syphilis, Spermatorrhoea, Mercurial Complaints, Gleet, Stricture, Seminal Weakness, Impotency, Rheumatism, Fever and Ague, Skin diseases, Venereal Eruptions, and all diseases brought on by indulgence or by accident.

THE HOWARD INSTITUTE

Is under the immediate charge of DR. P. HOWARD, who has become justly celebrated by his successful treatment of diseases of the above nature. Without the use of Mercury in any form.

In re-opening this old and popular institute once more to the people of the Pacific Coast, the Doctor is governed, not only by a desire to afford an asylum for the afflicted, but to SUPPRESS QUACKERY, which has of late so badly and impudently come before the public. They claim to have certificates of remarkable cures, or some former unlearned distinctions of foreign testimony, of European education, and European remedies; thus misleading the afflicted, who are not aware of the utter uselessness of foreign remedies and practices, when applied to diseases in this variable climate. Of such pretensions the Doctor warns those seeking medical relief to beware, for they seek but to deceive you and ruin your health.

To his old patients and the public in general the Doctor would say: They can rely on his known skill and integrity, as heretofore, with every assurance of a speedy and permanent cure, in all possible cases. The Doctor's charges are moderate, and suited to the means of the patient.

THE HOWARD INSTITUTE

Is located in the center of the city, and is fitted up with every convenience for the comfort of the afflicted. The patient will here find everything to his wish, and can enter and leave the Institute without fear of observation.

Persons residing in the interior, who may prefer being cured at home, by sending a careful description of their disease, together with a statement of the length of time they have been afflicted, can have their medicine carefully put up and sent to any part of the Pacific Coast by Express or mail, together with full and explicit directions as to how to enable them to bring about a speedy and permanent cure, without consulting upon them the necessity of visiting the city.

All letters should be addressed to Dr. P. Howard, Howard Institute, No. 532, Commercial Street, San Francisco, California.

The Doctor himself opens and answers all letters, and correspondents can rely on the strictest secrecy. Consultation by letter or otherwise, free.

TO THE LADIES!

When a Female is in trouble, of whatever nature, or afflicted with a disease such as weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, derangement of the digestive functions, general debility, all diseases of the Womb, hysteria, sterility, and all other diseases peculiar to females, they should go at once, or write to Dr. Howard, at his Medical Institute. Let no false delicacy prevent you, but apply immediately, and save yourself from painful suffering, and premature death.

Dr. Howard's Female Pills

Are universally acknowledged to be the only compound to be depended upon for the removal of all cases of suppression or irregularity, or of obstructions of whatever nature and of however long standing. Ladies having reason to believe they are pregnant, should be careful to avoid using them, as they would surely cause a miscarriage. They will be forwarded to any part of the Pacific Coast, upon the receipt of \$5 per box.

CONSULTATION BY LETTER, OR OTHERWISE, FREE. All letters must be addressed to DR. P. HOWARD, Howard Institute, No. 532, Commercial Street, San Francisco, California. sept1m3

MAKE ROOM FOR THE FLORENCE!

It makes four distinct stitches, feeds the work either way, sews thin and heavy goods without change or tension, will gather and sew on at the same time.

IT MAKES A STITCH ALIKE ON BOTH SIDES OF THE FABRIC, HAS NO SPRINGS TO GET OUT OF ORDER, AND IS THE MOST RAPID SEWER IN THE WORLD. EVERY MACHINE FULLY WARRANTED.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE, and have them now in use.

We have thoroughly tested them on work of all grades—heavy, medium and light—and our opinion is that the Florence is durable, will not easily get out of order, is strong and simple in construction, and its use is easily learned by the most inexperienced.

It will do a greater range of work with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.

Mrs. Newton Damon, dressmaker and tailor, Seventh st., between Bryant and Brannan, S F.

Persons purchasing the Florence, I owned the Howe Sewing Machine.

Mrs. J. CRAWFORD, Copperopolis, Calaveras co. I used the Sicut Ripic Machine six months previous to purchasing the Florence. Mrs. MARY CAPPEL, Dressmaker, 16 Post st., San Francisco.

I believe I can fully and conscientiously endorse each qualification claimed for the Florence Sewing machine. I have thoroughly tested it on work of all grades, and each trial has been eminently satisfactory. It takes hold of a delicate fabric delicately, and of a strong one with strength. To me it seems more than a machine—an almost intelligent, willing helper. Its use is easily learned, and its construction is certainly simple. I know something of the other first class machines, having learned to operate several. This is the only sewing machine I have found reliable.

Mrs. PENNY G. TERRY, San Andreas, Calaveras co.

I have used the Wheeler & Wilson about two years, the Taggart & Farr six months, the Sicut Ripic about the same length of time, the Williams & Orvis nearly two years, and have dealt in several of the small machines, until thoroughly disgusted with every machine that sews with only one thread. The Florence is the only machine that has come under my notice that gives perfect and entire satisfaction on all kinds of work.

No one can estimate its value until they have used and tested it, as I have done. Indeed, for this work it is invaluable. GEORGE GILLES, Carson City, N. T.

I have used a Florence Sewing Machine for two years; I brought it across the plains. It has never yet been out of order, and I can truly say it excels all other machines that I have ever used. I ran a Ladd & Webster six months; a Wheeler & Wilson eight months; and used a Grover & Baker, alternately with Sims' for two years.

I am familiar with the Howe, and several of the small machines, but I never used one that would do all kinds of work to equal the Florence. I do not think it can be too highly recommended. Mrs. ISAAC ELLIS, Marysville.

After having a Florence machine in use nearly a year, I feel that I can truly recommend it as being all that is claimed for it. I have used Singer's, Grover & Baker's, and the Wheeler & Wilson machine, and consider the Florence superior to any. Mrs. JENNIE A. EGAN, Wilmington, Los Angeles county Cal.

We could refer to many others who are using the Florence, if it were necessary to do so, to convince the public that these machines are what is claimed, the

BEST FAMILY SEWING MACHINE IN THE WORLD

FLORENCE MACHINES have been sold on this coast in the short time the Agency has been established here, and we make this strong assertion, as convincing proof of their worth, that no person can be found who has a Florence that would exchange it for a family sewing machine of any other manufacture.

CURE YOUR COLD SAVE YOUR LUNGS.

NEWELL'S PULMONARY SYRUP

Has Cured Thousands AND IT WILL CURE YOU. "A cough is generally the effect of a cold, which has either been improperly treated or entirely neglected. When it proves obstinate, there is always reason to fear the consequence, as this shows a weak state of the lungs, and is often the forerunner of consumption."—Bushman's Domestic Medicine.

STOP THAT COUGHING. Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try some thing else after the many experiments you have made of tricky compounds foisted on the public as a certain cure; but

Newell's Pulmonary Syrup,

Is really the Very Best remedy ever compounded for the cure of coughs, colds, Sore throat, asthma, whooping cough, bronchitis and consumption. Thousands of people in California and Oregon have been already benefited by its curative powers.

WHAT KILLED HIM?

DR. HALL, in his "Journal of Health," speaking of the death of Washington Irving asks the above question, and adds: "He might well have remained with us for years to come, had it not been for advice kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

HE HAD A COLD!

which, by some unjudicious prescription, had been converted into an asthma. Who gave that prescription, or what it was, the outside world may never know." Let me say to Dr. Hall, that that "prescription" was not

Newell's Pulmonary Syrup.

Keep it in the house—use it freely, give it to your children upon the slightest indication of a cold, and you will think and speak of it as all do who have become acquainted with its merits.
