CURE YOUR COLD SAVE YOUR LUNGS.

NEWELL'S PULMONARY SYRUP Has Cured Thousands

It Will Cure You.

"A cough is generally the effect of a cold, which has either been improperly treated or entirely neglected. When it proves obstinate, there is always reason to fear the consequences, as this shows a weak state of the lungs, and is often the forerunner of consumption."—Buchanan's Domestic Medicine

STOP THAT COUGHING

Some of you can't, and we pity you. You have tried every remedy—but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

Newell's Pulmonary Syrup,

is really the VERY BEST remedy ever compounded for the cure of coughs, colds, sore throat, asthma, whooping cough, bronchitis and consumption. Thousands of people in California and Oregon have been already benefited by its curative powers.

WHAT KILLED HIM?

DR. HALL, in his "Journal of Health," speaking of the death of Washington Irving asks the above question, and adds: "He might well have remained with us for years to come, had it not been for advice kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

HE HAD A COLD!

which, by some unjudicious prescription, had been converted into an asthma. Who gave that prescription, or what it was, the outside world may never know." Let me say to Dr. Hall, that that "prescription" was not

Newell's Pulmonary Syrup.

Keep it in the house, use it freely, give it to your children upon the slightest indication of a cold, and you will think and speak of it as all do who have become acquainted with its merits.
