

[REPORTED EXCLUSIVELY FOR THE SENTINEL.]

New York, May 10th.

The Herald says: The Mexican emigration excitement increases. The office for enrollment is unable to accommodate applicants. Two more offices will be opened. There is a great rush for discharged army officers and soldiers. General Ortega is at the head of the enterprise, and is highly delighted with the prospects. It is said that the West has subscribed large sums of money to the enterprise, and that 25,000 men will be raised there, to be commanded by Rosecrans. The office in Washington for the registry of the names of those desiring to join was opened on Monday morning (8th), and was crowded all day. Most of the volunteers in the movement are veterans who have served four years in the Union army. It is understood common emigrants are guaranteed 1,800 acres. Land bounties to those receiving commissions as officers will be much larger. All the emigrants go fully supplied with weapons of defense; but such arrangements have been made as allow this to be done without a breach of international law.

WASHINGTON, May 9th. President Juarez, of the Mexican republic, has issued letters of Marque and reprisal against French Commerce.

New York, May 10th. Considerable discussion is excited by the significant fact that General Grant and Staff dined yesterday with M. Romero, Minister of the Mexican Republic.

Vera Cruz journals state that the Emperor Maximilian has issued a decree defining the provisional States of the Imperial Government, while a definitive organization is progressing. Some of the leading paragraphs provide that the form of government shall be a limited hereditary monarchy with a Catholic Prince at the head; that in case of the death of the Emperor, or any event which may incapacitate him, the Empress is to be ipse facto Regent of the Empire; that the Emperor or Regent, on assuming power, must take this oath: "I swear to God, by the Holy Evangelist, to further, by all means in my power, the welfare and prosperity of the nation, to defend its independence, and to preserve the integrity of its territory." The Emperor, who represents the national sovereignty, will be assisted by Ministers of nine Departments. To all inhabitants of the Empire is granted equality in the eyes of the law, security of person and property, and free speech. Another decree defines the freedom of the press, which will be subject to about the same restrictions as in France and Austria.

Chicago 15th.—Jeff Davis and family were captured in Irwillove, Irwin Co., Georgia, on the 10th.

Signed, RANKIN New York 15th.—Gen. Grant has ordered Maj. Gen. Denny, of the Mis. Department, to report at his place of residence for further orders. Maj. Warren succeeds him.

New York 15th.—Tribune says: Henry S. Foote, who was not long since released from prison on parole, was notified a few days since, that he must stand a trial for treason or leave the country, and is now supposed to be in Canada.

New York 15th.—Times learns from unobscured authority, that Jeff Davis is to be confined at Ft. Lafayette.

Commercial's special says: Jeff Davis will reach Washington about the middle of the week. Positive testimony against him from Richmond will not be wanting. Detectives are unraveling the movements of Saratte, who was in Richmond shortly before the murder, and had more than one interview with Jeff Davis and Benjamin.

New York, 15th.—Herald's special says it is expected that within two weeks there will be an offer for our capitalists of a Mexican loan, based on such securities as will recommend it.

It is ascertained that nearly all the emigration schemes are unauthorized. It is intimated that some of them have been instigated and managed by French emissaries, with a view to induce our government to prohibit emigration.

A Nashville special to the Times says: Gov. Brown, of Ga., was brought here last night as a prisoner, and left in the evening for Louisville. Jeff Davis, under a strong guard, will arrive here on the evening of the 18th. All rebel soldiers and guerrillas have given up to come under Gen. Thomas' late order, and among them Dick McCann.

Nearly all the hospitals are cleaned out. Thousands of government employees are being discharged.

New York 15th.—Tribune's special dispatch says: The War Department has laid before it, a bill introduced in the rebel Congress by I. L. S. Curry of Ala., which was concocted for the purpose of indicating the starvation of prisoners of war, the murder of black soldiers and the burning of Northern cities.

The Herald's London letter says that Senors is to be speedily and strongly garbed with French troops, so that when Senors and Sinalou are finally handed over to the French they may be able to hold them.

Gen. Ortega is expected to return from Washington to-day, when further developments of interest may be made public.

A meeting to assist the movement will be held in this city shortly.

Herald's City of Mexico correspondent says the cause of Juarez has received great encouragement from the news of our recent triumphs in the capture of Richmond etc. The cause which a short time since was thought almost hopeless is now rapidly recovering.

THE SINGER MANUFACTURING COMPANY.—We clip the following notice of one of the leading commercial features of the grand inauguration, profession in New York, March 6th, from Frank Leslie's Illustrated Newspaper of March 25th:—

"The Singer Manufacturing company made a display in the procession—which we illustrate elsewhere—commensurate with the magnitude of its enormous business. They turned out one six horse team, decorated with red, white and blue plumes, drawing a truck, upon which was erected a pavilion, covered and draped with the national colors, and in which eight young ladies were engaged in operating the Singer Sewing Machines. In the manufacture of army clothing. On either side of the pavilion was inscribed the following unique and telling motto:—

"We clothe the Union armies, while Grant is 'dressing' the rebels."

Following this was a four-horse team, drawn by the wagons of the company, loaded with Sewing Machines, directed to some of the principal branch houses located in the several quarters of the globe, the whole preceded by a full band and escorted by 1,000 men, employees of the company. The men marched in platoons, with guidons, indicating the respective branches of the business to which they belonged. Altogether this was doubtless one of the most attractive, as it was the most extensive display ever made by one establishment in the city, and we doubt if it could be exceeded by any in the world. It is in keeping, however, with the well-known patriotism of the Singer Manufacturing Company.

SEVEN-THIRTY LOAN.—We publish to-day, in our advertising columns, the notice for the sale of the U. S. 7-30 loan, and we call the attention of all to the advantages for safe and profitable investments. This loan is called the popular loan, and in fact does come within the reach of all, rich or poor. These bonds can be obtained by all Sub-Treasurers, National and other Banks, and all Bankers and Brokers. They are due in two years and a half from the 15th of February, 1865, viz: on the 16th of August 1867.

When the notes become due, you can demand from the Government your money, or if you choose, you can have it converted into the famous and popular 5-20 gold-bearing six per cent. bonds. These bonds are to-day worth nine per cent. premium, and in all probability will increase every year, until paid. The next principal inducement to invest in these bonds, is that these bonds cannot be located by State, County or city. This adds from one to three per cent net increase of the holder. There can be no safer investment, for all of us are bound for it, and all we have are firmly held for the payment of these bonds; and in fact the entire debt of the United States. Our Government collects by tax, Internal Revenue, and duties on imports fully three hundred million dollars each year, this is nearly three times as much as is needed to pay the interest on the public debt, the balance is used for paying off the debt of the Government. Out of three hundred and ninety millions, authorized by law, there remains but one hundred and sixty millions yet unexpended. Persons desiring to invest should apply immediately, as they are very popular and selling fast.

JOSEPHINE County, May 9th, 1865.

El. Sentinel: Deeming it not out of place to inform you of the flattering prospects of this county in her mines, I would remark that the "Queen of Bronze Copper Mine" has now intersected their shaft and tunnel, and are ready to crush thousands of tons of ore. The Enterprise Quartz Mine has also finished their long, extensive and expensive shaft and tunnels, and that company has struck it very rich in their lower levels.

The latter company are quite deep in the bowels of the earth, and both companies have an immense wealth in sight, and ready to take out. This indicates that we have very extensive and lasting mines here, both in copper and quartz, and in a few years hence, we will complete in our subterranean mines, with any place on the Pacific coast.

The weather is remarkable hot at present. On the 7th, at 3 P. M., mercury stood at 105 degrees in the shade. May the Almighty favor us soon with a shower of rain, if not, crops will go up.

Yours, A. W. W.

RETURNED.—Mr. Wade, of the firm of Bradbury & Wade, returned this week, direct from San Francisco. He has purchased a new and large stock of goods, and although he has a large store, and well stocked with the best and most carefully assorted goods, he says he is going to sell cheap, in fact cheaper than goods were ever before sold here. Some of his wagons arrived yesterday; more will arrive to-day, and the forepart of next week. Now, all who wish to see nice goods, arranged in nice order, and who desire to be waited upon by gentlemen in a fine humor, had best call on Messrs. Bradbury & Wade. Their new advertisement will appear next week.

On Saturday last, the camp and garrison equipage for Co. I, 1st Oregon Infantry, Captain Sprague's command, arrived at Camp Baker. The boys are all in uniform now, and they look well. The flag presentation will take place next Tuesday, the 23d inst.

Benjamin R. Brown, charged with being a swindler, a smuggler, a Secessionist and a pirate, was arrested at San Jose, on the 10th, on a requisition from Oregon.

We call attention to Sach Bros.' new advertisement, in another column. All desiring fine goods, and at prices to suit the times, had best call around.

On Thursday last, we had quite a refreshing rain. It commenced raining about 12 o'clock, and continued through the afternoon and most of the night.

On account of orders from headquarters, ordering Capt. Sprague to Ft. Klamath, the flag presentation took place at Colver's hall, in Phoenix last night.

On Monday next, Rev. Father Blanchet will leave for Josephine, on a pastoral tour.

MEDICAL CARD.

We would call special attention to the Medical Card of Dr. C. W. Moore, in another column of this paper. In addition to the many notices, which he has received from the press, throughout the State, we are pleased to bear testimony to his professional ability, and recommend him to the public confidence as an honorable gentleman, and a skilful physician and Surgeon, in whom the most implicit reliance can be placed by those requiring his services.—San Francisco Gazette.
