EDITORIAL CORRESPONDENCE.

WALLA WALLA, W. T., May 18, 1865.

Hon. Elwood Evans, the acting Governor of Washington Territory, and Hon James Lasater made speeches here this evening on the political aspects of the day.

Hon. James Lasater followed, and the burden of his song was the same old Democratic tune of Mr. Lincoln's usurpations, tyranny and oppression.

Hon. George E. Cole has returned from the Atlantic States, and talks of removing to Idaho Territory.

ROGUE RIVER VALLEY AND JOHN DAY WAGON ROAD.—This road is coming into favorable notice with drovers, they being able to travel it earlier than any of the other roads that cross the Cascade Mountains.

STATE FAIR.—The annual State Fair of California is to be held at Sacramento, on the 11th of September approaching.

GENERAL SHERIDAN.—We read of an incident yesterday connected with this distinguished American's life, at a time when he was a Lieutenant.

WILLIAMSBURG, 27th, 1865. Friend Sentinel—Our usually quiet burg has been the scene of some excitement during the past week.

Who says the scales of Justice are not evenly balanced in this burg, when an accessory to a highway robbery and supposed murder can find bail at five hundred dollars.

REPORTER GOES UP TWO AND ONE-HALF BETTER.—We have profited by the hint given by our neighbor around the way.

EARTHQUAKE.—On the morning of May 24th, a distinct earthquake shock was felt at San Francisco, Santa Cruz and Monterey.

DEATH OF DR. MOTT.—Dr. Valentine Mott, who died recently in New York, in the 80th year of his age, ranked deservedly as one of the greatest surgeons of modern times.

THE TIDE OF TRAVEL WESTWARD.—The post commander at Fort Laramie counted 90,000 teams which passed that place and Fort Hall last season.

OUR THANKS ARE RETURNED TO MR. REED for those fine strawberries. Our capacity for such things is truly wonderful.

REMEMBER THAT A "jolly good time" is confidently expected at the United States Hotel on Wednesday night next.

NOTABLE DEATH.—A. B. Latta, inventor of the steam fire engine, died at Cincinnati, April 29th.

WE SEE BY EXCHANGES THAT OUR California neighbors are preparing for grand demonstrations on the Fourth of July.

O. Jacobs, Esq., returned from the Willamette Valley on Wednesday last with his family.

THE GREATEST RACE NEXT WEEK will be to secure board and lodging at the Franco-American Restaurant.

THE LOSS SUSTAINED BY THE FIRE at Idaho, is said to reach \$600,000.

Future Residence of the President's Widow.

We learn from Washington that it is the purpose of Mrs. Lincoln to make this city her future home. More than a year ago the deceased President declared to some of his intimate personal friends here that after he had laid aside the cares of his great office and retired to private life, it was his intention to spend the remainder of his days in Chicago.

DESTRUCTION OF IDAHO CITY BY FIRE.—The Oregonian of May 27th says: Intelligence was received last night by Wells, Fargo & Co's Express, of the destruction of Idaho City, Boise county, on the night of Thursday the 18th inst.

FRIDAY, May 19th, 7 A. M.—Banneck is all burned from the upper Theatre down to Powell & Co's. They are not burned. I suppose everything must have been lost, as the fire did not last more than two hours.

FRIDAY MORNING, May 19th, 3 o'clock.—Last night Idaho City caught fire. The whole town is burned to ashes—not one house left.

From the former letter it would appear that the destruction was not so general as that implied by the latter—both writers reside at Placerville, twelve miles distant—but it must be certain that the business portion of the city, as indicated from the upper Theatre to Powell and Co's, embracing an area of five blocks one way by three the other—or a distance of about 1500 by 800 feet—

SHERRIDAN.—Among a host of heroes it is almost unfair to mention a single name only. But the attentive reader of the reports of the great battles before Petersburg will not be able to restrain his enthusiastic admiration of Gen. Sheridan.

REVIVAL OF SILVER MANIA.—There is a revival of enterprise at Reese River, and once more astonishing discoveries are talked of. The rush thither from Virginia city is unprecedented, and passage for Astin by stage has to be engaged a fortnight ahead.

DEMOCRATS.—Strawberry festivals are all the go at Stockton, San Jose, and numerous other places in the interior.

WASHINGTON, May 23d. As early as seven o'clock this morning, the people assembled on Pennsylvania Avenue to witness the grand review.

INSIGNIFICANT ENDING OF THE REBELLION.—While the ignominious termination of Davis' wicked career provokes derisive laughter, our mirth is checked by the vivid recollection of the awful tragedy and appalling horrors that have gone before.

THE WINCHESTER BATTLE FIELD.—I am writing this upon the edge of the battle field upon which the great battle of Winchester was fought on the 19th of Sept., 1864.

THE BEST REMEDY FOR RHEUMATISM.—A man, Hall's Burgundy Pitch, and Iodide of Potass.

MILITARY REVIEW.

WASHINGTON, May 23d. As early as seven o'clock this morning, the people assembled on Pennsylvania Avenue to witness the grand review. The day was beautiful, and everything was ready for the march of the war-worn troops.

AN OFFICIOUS NEUTRAL.

On Saturday last Charles de Cazotte, French Consul in this city, waited on Deputy Port Collector John Burks Phillips, at the office of the latter, in the Custom House, with regard to the matter of certain vessels which were reported as firing out at this port with men and munitions of war for the Liberals in Mexico.

As Spanish was the only language mutually understood by Phillips and De Cazotte, the conversation between them was conducted in that tongue. Phillips asked the Consul in what character he appeared—as an agent for the Maximilian government or as the French Consul.

De Cazotte became very much excited, and went off in a towering passion. From Phillips he went to Burke, Special Deputy Collector, from whom he obtained an order to have the vessels detained until all views could be received from the Treasury Department at Washington on the subject.

Our warred country the freshest and most pure of peace are rapidly coming. Precious and costly is this beautiful present, purchased at an immense price, on the crowded graves and these torn battle fields testify. It is a melancholy truth in our human nature that it reaches and progresses to abiding peace only through severe suffering and shedding of blood.

THE NEW PRESIDENT ON TEXAS.—The "views" of Andrew Johnson upon this important question are aptly set forth in a declaration in one of his more recent letters: "I desire to have it understood that I consider treason to be the greatest of crimes, and not a mere difference of opinion."

The population of Portland has increased one thousand in the last year. It now contains a population of 5,819.—Gault.
