

THE OREGON SENTINEL.

SATURDAY.... Feb. 10 1866.

"A Good Thing."

Miss SNOOKS.—I found the following programme in a newspaper of recent date, and have come to the conclusion to join the Good Templar[es] right away. I wouldn't mind joining three or four times; so as to make sure—you know:

We understand that the young ladies of several counties in this State have mutually agreed to kiss the lips of the young temperance men, to see if they have been tampering with liquor. Just imagine a beautiful young girl approaching the young temperance man, with all the dignity of an executive officer, and the innocence of a dove, with the charge:

Mr.—, the ladies believe that you are in the habit of tampering with liquor, and have appointed me to examine you according to our established rules; are you willing?

You nod acquiescence. She gently steps close to you, lays her soft, white arms around your neck, dashes back her raven curls, raises her sylph-like form on her tiptoes, her bosom against your own, her angelic features lit up with a smile sweet as heaven, places her rich, rosy, pouty, sweet, sugar, molasses, honey, butter, eggs, sunflower, strawberry, lily, rosebud, honey-suckle, tart, cream, baby-jumper, apple-pie, peach-pudding, apple-dumpling, gingerbread, nectar lips against yours and (Oh, Jerusalem!) Hurrah for the girls and the Maine law, and death to all opposition!

Now, Sally, wouldn't that be nice? No wonder you're a Good Templar. If that's the way you initiate a fellow—as Mr. Nasby says, "I'm onto it," and if you're to be the executive officer, just consider me a candidate at the next regular meeting.

ONE OF THE BOYS.

Jacksonville, Feb. 10.

SCREW LOOSE.—We are not in the habit of growling and don't like to do it, except on extraordinary occasions. We think that occasion has arrived. The cemetery road is in a very bad condition—almost impossible—and should be repaired. We don't know whose business it is, but to fill up the ruts and put in culverts to prevent future washing out would be but the work of a few days, and ought to be attended to by some one.

A NEW COPPERHEAD PAPER.—Rumors are ripe in the city that a couple of Copperheads are purposing to start a paper here, to be devoted to the work of restoring State rights, together with slavery and the political principles on which the late Southern Confederacy was built. It is said that it will also steadfastly oppose this "infernal Abolition war." The names of the persons who are to engage in this stupendous work of bringing the country back to "Democratic" principles—that is to say, to the principles which were overthrown when the rebellion was quelled—are Abbott and Butler. The former, we hear, is lately from Illinois; we have learned nothing about the latter. We do not know when their paper will be issued. Some of the faithful inform us that it will come out in a few weeks.—Oregonian.

THE DEMOCRATIC CENTRAL COMMITTEE.—The State Central Committee of that obnoxious organization known as the "Democra'tic" party, met yesterday in this city. But five or six counties appeared to be represented. We are informed that the 5th of April is fixed as the day for their State Convention. It will be held in this place. The county Conventions are recommended to be held on the 23d of March. The meeting of the committee yesterday was the first appearance of the copperheads for the season. Hereafter, however, they will appear on numerous occasions until the close of the first Monday in June, when they will be withdrawn. "Positively their last appearance" will be made on that day.—Oregonian.

FEDERAL EXPENSES OF THE PACIFIC STATES.—It appears from published reports that the expenses of maintaining the Federal troops in the States of California, Oregon and Nevada, during the year 1865, amount to \$12,622,961; while the net receipts from custom house dues, stamps, and internal revenue, foot up about \$10,228,188, showing that the expenses of the former overbalance the amount paid by the General Government by the people by some two million dollars.

FAIR PLAY.—The tunnel in this mine has been run so far that the edge of the ledge has been struck. By next week the ledge will be better developed, when we will give a more extended account.

PAT DOLAN, at Inkerman, bowed his head to a cannon ball which passed six inches above his bare skin. "Faith," says Pat, "one never loses anything by politeness."
