LOCAL MATTERS.

Ora Quantz - All, probably, remember the large story going the rounds in the suppoper world, a few months since, from the Merana Post, to the effect that a ledge jul ben discovered, near by, with massive salted gold. This has turned out to be generalist of an exaggeration. But the reany of that story is made apparent in the perfect beliefting Guich ledge, lately menered in Josephine county. Below vegices letter from our correspondent. als is perfectly reliable and not given to free (flat a langent with excitements. Hastatements have since been corroboraselbers other sources. Under date of Caron Creek, May 15, 1866, he says:

"As you seldom hear from this remote pet of our county, I will take this oppostuity of informing you of the discovery of anch quartz fedge by Measrs, M. and J. aris right hand fork of Lightning Gulch, 21st inst. sensiony of this creek. The quartz is an twelve faches in thickness. I have fellow Secretary. e quartz, taken from this ledge, that mused wrins of gold from a quarter of Delegates was carried. gain to two inches in thickness, and Thereupon the meeting processed to the pd seighing from one to fifty dollars as election, and Samuel Grubb, Charles K. pain would not credit this, but I assure ed. but knot over rated. How long it will ! militae to pay this way I cannot tell, but star as the ledge has been stripped it apputs to be equally rich. The discovery larget cannot much excitement in this pet of the county, but I think that if it al ben made about Owybee or the north ple there would be quite an emigration the spring. The hill is being thoroughly proported, and the merry ring of the pick ad shovel may be heard along the hill, and he pleasant smile of 'ye honest miner'

TELEGRAPH LINE .- We understand that Mosts Dogan & Wall, are making some mays in connection with business men of the place, towards creeting a telegraph has from Crescent City to Jacksonville. We think this is an enterprise which should as be neglected. When this proposed is shall be completed, Crescent City will knowledge it .- Mountaineer. is in direct communication with San Fran-6sco, beside the incalculable convenience accorring to our own merchants. The line the scarcely fail to be a paying justitution: It would not only get the business of this piece Crescent City and San Francisco. but, Yreka also, if they change their which at the present there is a fair prospert for them to do so. We hope to see a to this place, thrilled by an electric curmut, before October next.

Personal .- Our young friend, Mr. Geo. tiwn to plead a suit in which he, himself *sa client-in a court, the jurisdiction of which is acknowledged in every clime where blushing maidens and bashful swains stefound. A reference to our marraige tolices will show by the record that be gained it. Mr. Dorris left for his home at Engene City on Tuesday morning, taking with him his blushing bride, and we mean no disrespect to the rest of our young ladies when we say that he has carried off the brightest gem of Jacksonville society. Vale, George.

FRAGRANCE - A day or two since we decorreed a delicious odor pervading our office that reminded us of the poet's description of Araby's perfamed breezes. The cause of a thousand flowers was no where. A stort search soon disclosed the fact that it came from a package of odoriferous extracts that had been kindly left for us by the proprietors of the City Drug Store, sho have any amount of the same kind left

Union Ciru.-Pursuant to a resolution passed in the Union Precinct Convention, the Union voters assembled at the Court House on Thursday evening last. The club was organized and the various committees appointed. A. Taylor's Hall, was rented for a club room until after the election.

QUARTZ .- Mr. Tweed, from Wagner Creek, showed us some quartz a few days since, which, to our minitiated eyes looks well because gold could be seen in ne specks all over the peices. The Ledge is located on Wagner Creek. Parties are sinking down upon it, for the purpose of prospecting.

We have seen letters from above which my that the Union ticket will be elected in every county east of us. It is fair to presume that the ticket will go west of the mountains with about 500 majority.—

DEMOCRATIC LOYALTY. -Some time ago | Indian Trocutes Anticipated. - From a of Jacksonville precinct met at the Court formed him that he could not draw the war-known; it is believed by the Klamath's that House to elect delegates to the County rant until he took the eath of allegance he has gone to join Howlook. The Klamath's Convention, to harfield on Monday, May prescribed by the laws of Oregon, in the followed after him as far as Silver and following form :

DATH OF ALLEGIANCE.

I. - do solemely - that I will support, protect and defend the Constitution and Government of the United States, against all enomies, whether foreign or domestic, and that I will bear true faith, allegiance and lovelly to the support of them to keep a sharp lookent for these free-hooters. and that I will bear true faith, allegiance, and loyally to the same, any ordinance, resolution, or law of any State Convention or Legislature to the contrary, notwithstanding; and, further, that I de this with a fail determination, plodge and purpose, without any mental receivation or evasion whatsoever, and further, that I will well and faithfully perform all the duties which may be required of me by law. Solvip me God!

In contrast, Mr. O'Missa, wrote that he

In reply. Mr. O'Meara wrote that he could not take the eath, he never had committed fary's office; everybody can come and see A committee of three was appointed to it. Read that oath over sgain. Could any man with a drop of Union blood in his veine. Davis and the Southern Confederacy, construe the taking of that oath into event of perjury! No, sir. O'Meara is a member of the treasonable secret society known as the Jones Family." and was bound by terrible oaths to support Jeff. Davis, and that is the reason the taking of the above oath tion of the Democratic ticket-all Jonesesprecinct met at the house of Mr. Hogens, and has the impudence, the unparalled to choose delegates to the Jackson County effrontery to claim that the Democrats have been faithful to the Union! Ah! Mr. Smith, consistency is a jewel of which you know nothing. Salaman.

WHEN TO REVIVE THE DEPOCRATIC Panry .- John Shofman of Ohio, in a speech made at Bridgeport (Conn.) in touching on the question of the revival of chaving brushes, combs, and other toilet the Peace, and Isaac H. Hogens Constable the Democratic party, fold the following nations.

cernor Tod of Ohlo, an old Democrat, can cerning the vitalizing of the Democrate can be quick time! halt in front of the City Modern Democrat cane to a distinguished Democrat of the State of Ohio (Governor Tod) last Fall after the war had ended, and said; 'Now, my triad you supported Lines.' you supported Lincoln all through pose to start again the old Democratic party? Well, said the old Ohio Demoerat. I den't kenw but that would be a good thing , I like the Democratic party I was raised in it, and I stuck to it untiit deserted the country and went over to the rebels. I don't know but it would be a good thing to revive and purify the old Ab, said his old friend, when would you do it, then "Ms friend, said his old friend, said the Ohio Democrat, when the Union party shall have discharged in full all the obli-gations it has assumed during the war; when it shall have paid all the pensions that are due to the widows of soldiers; when it shall have paid every dollar of the national debt incurred during the war; when it shall have punished all the reb when, in short, it shall have accomplished all that it has promised to do, then I am to pay my own debts myse'f."

JOE SETTIN'S MEMORY. -- Mr. Smith must HOTEL AND RESTAURANT, with a general assortment of "honest Joe" would knowingly talestate anything -oh no Lust him! In the speeches Odd Fellow's Hall, that we have heard him make (and we are willing to wager a hat that he made the same statement at Eugene City, Oakland, Roseburg and Jacksonville), he stated that no one but republicans could get any contracts under Lincoln's or Johnson's administrations. Now we have seen at least one contract where J. S. Smith himself agreed to furnish the government six hun-dred pairs of blankets, at a cost of probably \$4,000. This contract was signed up in May, 1865; Mr. Smith furnished the blankets and got the greenbacks. Now one of these things must be true: 1st. That Smith has forgotten this little transaction; or 2d. That he didn't consider himself a democrat, and played himself on the government for a "good, loyal Repub-lican:" or, 3d. If neither of these two excuses are true, then the Rev. J. S. "stretched the blanket" to the extent of one lie. Which horn do you take, Mr. S.?-States

TRADING OFF LITTLE FAY.—Joe Smith wing of the Democracy are now busily engaged in trading off Fay for votes for Kelly, in order to get even on the Portland defeat. They approach Union menafter this style: "See here, we know that land defeat. They approach Union men after this style: "See here, we know that Fay has been an avowed secessionist and rebel, and is a regular "Jones" now, and loasmuch as Mailory was once a Douglas man, if you will vote for Kelly, I will vote for Mailory." Permit us to say to Union men, that there is no use for any trading. we can elect every man on our ticket easi ly enough, and there is nothing to be gain ed by giving one Candidate more votes than another. If we all make a long pull a strong pull, and a pull all together, we will elect the whole of our ticket by two thousand majority. Besides this there is no difference between the rebels on the Democratic ticket; Kelly is no better than Fay .- Statesman.

A FANTASTIC Cuss. - O'Fay, the Demo-cratic candidate for Congress is a "phus. Judge. WM. HOFFMAN, Clerk. ny" fellow. When he resided in Astória, some years ago, he was is the habit of getting drunk and marching through the streets with whole bolts of guady ribbon tied on his hat and arms and around his body. We have this from one who with Market, in Jacksonville, by JOHN ORTH. nessed his antics .- Albany Journal.

BUICIDE .- Henry E. Wirtman committed suicide on the 6th last, in Polk county. by shooting himself through the left breast. Whisky is said to be the cause of the rash
