

ACCIDENTAL DROWNING.—Our Crescent City correspondent informs us that A. S. Harvey was drowned on the 19th inst., off the mouth of Osageon Creek, about six miles south of Klamath River, in the following manner: It appears that Mr. Harvey, in company with two other white men and three Indians, started out in a canoe for the purpose of shooting seals. Reaching a rock about three-quarters of a mile from shore, one of the men sprang from the canoe, and the others, one of whom was Harvey, in attempting to follow, capsized the boat. The two men seized the ends of the canoe and sustained themselves for sometime; and although another canoe was immediately launched by the Indians, it reached the scene too late to rescue Mr. Harvey, who had become exhausted and sank. Mr. Harvey was an old resident of Del Norte county, and formerly kept a house for travelers, on the wagon road, near Smith river. His body had not been recovered up to the 23d.

AMPUTATION.—On the 17th, a Chinaman who had his leg badly broken, on Coyote Creek, some time since, submitted to an amputation of the injured limb, at the hands of Dr. Cabanis. The patient was in a very low condition and survived the operation only about an hour. It is said that amputation is unknown to Chinese surgeons, and the fatal result of this case will give them a poor opinion of "Melican" surgery.

CATHOLIC CHURCH.—A mission of nine days, commencing on Sunday, June 2d, will be given by Rev. Father Buchard, T. J., of San Francisco—morning service, 8 o'clock A. M.; evening service, 7 1/2 o'clock P. M. The divine service on Sundays, 10 1/2 o'clock A. M. The first lecture will be on the history of the Church. The public in general is cordially invited, but children cannot possibly be admitted.

FISHING TACKLE.—Trouting having commenced, parties desiring to fit themselves out can find the finest assortment of tackle, hooks, smoods and artificial flies, at either Johnny Neuber's or the City Drug Store. Inexperienced fishermen are assured that they will get bites everytime, and if they don't catch fish with such splendid appliances it is their own fault.

THE LATE RAINS.—The slight sprinkling we were blessed with last week, has been of considerable benefit in the low bottom land, having stayed, for a time at least, the effect of the scorching sun on the tender shoots of the grain. On the high, gravelly lands its effect has not been marked, and in the last mentioned localities the grain crop bids fair to be an exceedingly short one.

NEW JEWELRY.—A fine assortment just received at Neuber's. Every article warranted. Now is the time for ardent lovers to strike the nail on the head, by purchasing a handsome ring, flower-vase, or other present, for their "sweethearts." Also a lot of superior, children's buggies, worthy the attention of heads of families, and people expecting to be in that position.

BASKET MEETING.—Rev. G. W. Roark announced last Sunday that there would be a Basket Meeting held in the Heber Grove, near Mr. Heber's residence, to commence on Friday, the 31st, (yesterday) and continue over Sunday. The last quarterly meeting for this Circuit will be held at the same time and place. Rev. George Hines, Presiding Elder, is expected to be present.

BRIDGE.—We observed a pile of lumber on the bank of Griffin creek, where the Jacksonville and Yreka road intersects it, intended for a bridge. This is a small stream, but we know of none that requires bridging more than it does at this point.

POWDER WILL BURN.—One of Mr. M. Mentor's little boys, last Wednesday, put a burning match into a bottle containing gunpowder, with which he was projecting. The bottle bursted, and the boy was slightly cut in the face and hand by flying pieces of the glass.

COUNTY COURT.—This Court convenes on Monday next. There is but one case on the docket—that of C. H. Burton vs. Henry Wines, to recover possession of a mining claim on Jump-off-Joe.

FOURTH AT ROSEBURG.—The Good Templars of Douglas county are to have a celebration at Roseburg, on the 4th of July next. Hon. J. F. Gazley is to be the Orator of the Day.

CINNABAR.—We have seen several pieces of cinnabar lately, from lodes in this county, heavy, and full of quicksilver. A gentleman living beyond Canyonville tells us there is a mountain of this mineral adjoining his farm.—E. sign.

ARRESTED BY MISTAKE.—On Monday evening Sheriff Owen received a telegram from Sheriff Crooks, of Siskiyou Co., Cal., describing a man named J. J. Short, who was traveling in company with a girl, dressed in boys clothing, and asking his arrest and detention; but not stating with what crime he was charged. On Tuesday, Mr. Owen arrested one Samuel Grigsby, who was traveling in company with an old man, named Small, and his son, and who answered the description tolerably well. He was only detained a few hours Sheriff Crook arriving on the stage and finding that Mr. Grigsby was not the party he was desirous of securing. The person wrongfully detained was on his way north to receive a band of cattle he had purchased, and was allowed to go on his way rejoicing.

THE WOOLEN MILL.—We learn from Capt. McCall, that Mr. J. B. Wortley, late Superintendent of the Oregon City Factory, has a commission to select and purchase the machinery for the Ashland Mill, on his arrival in the Atlantic States. Mr. Wortley, being a practical manufacturer, will make a calculation for the size and speed of every driving pulley, and give his personal supervision to the marking and safe packing of every piece of machinery and shafting; for which service he is to receive the sum of five hundred dollars. The shipment is to be made via Cape Horn, and the machinery is of course not expected here till next spring. The Factory building is to be commenced within a few weeks and pushed forward with energy.

To preserve your health, cleanse your blood when it becomes vitiated and foul. Many are the symptoms which sound the note of alarm. Fail not to heed them. Indigestion, Nausea, Lassitude, Headache, Wandering Pains, Bilious and Eruptive Affections, are so many signals to tell you of disease in the blood. Remove it, and they disappear. How? Take AVER'S COMPOUND EXTRACT OF SASSAPARILLA. It is effectual for its purpose; purifies the blood, expels disease and restores the deranged functions of the body to their healthy action.—Corydon (Ind) A. pp.

IDAHO CITY BURNED.—On the 18th inst, Idaho city was a second time laid in ashes. Nearly the whole of the city is destroyed and the loss is estimated at over \$1,000,000. The total number of buildings destroyed, is 440, of which 204 were dwellings and 236 were stores, and various places of business. The origin of the fire is unknown. The town is being rapidly rebuilt.

GREAT UNDERTAKING.—The people of Portland propose to build a draw bridge across the Willamette, to connect East Portland with the city, after the plan of the Yolo bridge across the Sacramento river. The survey shows a distance from shore to shore, of 1464 feet, to be divided into six spans, including the draw. It is estimated that the whole work can be done for \$60,000.

THE MOTHER'S REMEDY. For all diseases with which children are afflicted is Mrs. WINSLOW'S SOOTHING SYRUP. It relieves the child from pain, cures wind colic, regulates the stomach and bowels, and, during the process of teething, it gives rest and health to the child, and carries it through the critical period. Hostetter, Smith & Dean, Agents for the Pacific Coast.

CATHOLIC MISSION.—In to-days paper will be found an announcement that Rev. Father Buchard will preach in the Catholic Church, to-morrow, and every evening during next week. He is spoken of by the California papers as an eloquent and forcible speaker, who is invariably listened to by people of all denominations with respect and interest.

HARD TIMES.—People are complaining just now, but overlook the fact that they can have the very best of time by going to "Houcks," on Oregon street. In addition to a splendid assortment of clocks, Mr. Houck offers for sale a large stock of jewelry at the lowest market price. Take time by the o'clock and pay him a visit.

RADICALISM.—The Georgia papers say that the white population is already divided in political sentiment, and there is danger that the Radicals will carry the State. The Mobile Advertiser says: Every solitary vote will be needed to prevent the State of Alabama from being Radicalized. Radicalism, then, seems to be marching on.

NEGLECTED COUGHS AND COLDS.—Few are aware of the importance of checking a Cough or "Common Cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon preys upon the lungs. "Brown's Bronchial Troches," or COUGH LOZENGES, afford instant relief.

STEAMER.—The Del Norte arrived at Crescent City on the 23d and sailed for Umpqua the next day. She was expected to leave Crescent City for San Francisco on the 25th.

EL-DORADO.—Friend Sol, says the dry weather seems to affect everything but his customers, who don't appear to need any extraordinary quantity of moisture. He is always ready with a countenance as genial as "Old Sol's," to prepare drinks in the most approved and artistic style.

SAN FRANCISCO ASSAYING AND REFINING WORKS, No. 416, Montgomery St., (SUCCESSORS TO KELLOGG, HEWSTON & CO.) CAPITAL STOCK, \$1,000,000.

Directors: JOHN PARROTT, CHAS. E. McLANE, WM. C. RALSTON, A. HAYWARD, LOUIS A. GARNETT. LOUIS A. GARNETT, President and Manager. JOHN HEWSTON, Jr., Chemist and Superintendent.

THIS COMPANY HAVING GREATLY enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in again reducing materially their terms of doing business.

THE TARIFF OF CHARGES. Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world, and secures to the mining interest of this coast an important increase in both the mining and commercial value of bullion.

Their charges will be hereafter as follows: FOR ASSAYING DEPOSITS FOR UNPARTED GOLD BARS. One-eighth of one per cent. (heretofore a quarter) for all amounts over \$1,600, and two dollars for any smaller sum. Returns made in twenty-four hours.

FOR ASSAYING DEPOSITS FOR UNPARTED SILVER BARS. Two dollars for the gold contained, up to \$1,600, and one-eighth of one per cent. for all amounts over that sum, and one per cent. on the silver contained. Returns made in twenty-four hours.

FOR REFINING DEPOSITS MADE FOR COIN OR FINE BARS. On Bullion under 300 parts gold, 2 cents per ounce. On Bullion from 300 to 600 parts gold, 4 cents per ounce. On Bullion from 600 to 750 parts gold, 6 cents per ounce. On Bullion from 750 to 949 1/2 parts gold, 8 cents per ounce. Above 950 the only charge will be for coinage. But there will be no charge for refining less than two dollars.

FOR COINING GOLD. This charge will be the same as at the Mint—a half of one per cent.—and which is paid by the institution. But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

RETURN IN COIN MADE IN FORTY-EIGHT HOURS. Silver in deposits for coin will be accounted for at the same rate customary at the Mint. Gold bars of other Assayers in good standing will be cashed by us at the highest market rates. Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells, Fargo & Co's Express.

CHARGES AT C. S. BRANCH MINT. For the convenience of those not familiar with the terms of the Mint, we subjoin the tariff of charges now in force at that institution: For refining bullion, under 300 parts gold, 3 cents per ounce; for refining bullion from 300 to 600 parts gold, 5 cents per ounce; for refining bullion from 600 to 750 parts gold, 7 cents per ounce; for refining bullion from 750 to 949 1/2 parts gold, 11 cents per ounce; for refining 950 parts gold, 14 cents per ounce; and the charge for coinage is half cent per ounce, and the charge for making fine of one per cent. the same.

Comparing the net value of deposits for coinage with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost 1/2 of one per cent.—they must be sold at the following par rates to equal the return at the Mint: For gold, at refining charge of 1 cent; 80 par to equal Mint return, at refining charge of 14 cents; 84 par to equal Mint return, at refining charge of 11 cents; 85 par to equal San Francisco A. & R. Works return, at refining charge of 8 cents.
