

THE OREGON SENTINEL.

D. M. C. GAULT, EDITOR.

FOR THE PRESIDENCY IN 1868, ULYSSES S. GRANT.

Well done, thou good and faithful servant! The people have rewarded thee—patriotism for traitors.

SATURDAY MORNING, JULY 13, 1867.

FOR RUSSIAN AMERICA.

A few days since, an emigrant team was seen making all sail northward, through this valley, and the wild-looking driver seemed to be laboring under great excitement, cracking his "black-snake" round the legs of his spavined old horses, and yelling at every extra jump they made.

LOVE UNDER DIFFICULTIES.—Last Monday evening, a young man named C. L. Willard, accompanied by a young girl about fifteen or sixteen years old—the daughter of a rich old Hebrew in Siskiyou county—arrived here and put up at the City House.

GOLDEN ERA.—This valuable exchange comes regularly, and we regard it as the most desirable and interesting paper on the Pacific Coast.

REDUCTION OF FARE.—The fare by Colwell's stage line to Kirbyville is reduced to \$6.50—40 Waldo, \$8.00.

YET A REPUBLIC.

On the 19th of June, Maximilian was executed by the authority of the Liberal Government of Mexico. With his life, in all probability, the hot-house Empire has fallen, and the principles of a liberal government once more come off victorious.

There is yet hope for this unfortunate Republic, notwithstanding her many failures. One quicksand has yet to be passed, but the way is quite clear. The Presidential election is near at hand, at which time it is probable Juarez will be elevated to the Chief Magistracy.

Juarez is a noted advocate of popular schools, and will probably turn his attention to the establishment of a liberal system of education throughout the Republic, well knowing that the universal education of the people is the only true foundation on which a republican government can rest.

A Word of Advice.—We learn that a large number of people are leaving the Willamette for the Humboldt Bay country, via Waldo and Crescent City, and we wish to respectfully offer them a little wholesome advice.

RICH QUARTZ.—We have heard marvelous tales, this week, about a rich quartz lode which has recently been struck on Foot's Creek.

Picnicking in Josephine County.

MR. EDITOR.—The farmers of Illinois Valley met at the School House, near the residence of Mr. James Holland, and celebrated the Ninety-first anniversary of American Independence, in a patriotic manner.

They had a contribution dinner, and a very good one, too. A large table was erected under the shade of some oak trees, and a committee of ladies appointed to receive the provisions from the different families, as they arrived on the ground selected for the occasion.

The table was next spread, and all prepared to partake of the delicacies set before them. After dinner, the songs of "Old Dog Tray" and "Lilly Dale" were sung by the Glee Club.

ALZENA, BOISE COUNTY, I. T. June 24th, 1867. EDITOR SENTINEL—Sir:—Through friendship to the people of your section of country, I desire the publication of the following article on DIPHTHERIA.

Its symptoms are: throat swelled outside, sore inside and very offensive breath; there will be seen in the mouth, on the back part of the throat and tonsils, spots of a greyish, whitish color; also fever, and general debility.

One half gallon of hops, in one gallon of water; boil down to a quart, separate, when cold, put the hops all over the throat, bind on with a cloth, and keep wetting the hops with the cold hop tea as often as heated. Keep them wet and cool all the time; avoid all warm drinks; but if the patient is able to swallow a dose of physic should be given to work the bowels—it will hasten the cure.

THE COUNTY HOSPITAL.—A petition is in circulation, for the removal of the Hospital to Dr. Overbeck's premises, and remonstrating against the unfit condition of the building used for that purpose at present, and the manner in which the Hospital is conducted.

INTERESTING LECTURE.—Professor Devers, a teacher of thirteen years experience, will lecture on vocal music this evening. He promises to prove that any person may learn to sing, and is accompanied by a Spanish Lady, who will sing in English and Spanish, accompanied by the guitar—Admission, only 50 cents—children half price—to commence at 8 o'clock.

INDIAN DEPREDACTIONS.—It is rumored that a band of twelve or fifteen Indians, from the Siletz Reservation, "went through" the Chinese miners on Galice Creek, a few days since, and also made an attempt to rob "Witt's Store," at Slate Creek.

ROSEBURG, OUG., JULY 10, 1867.—The glorious Fourth was celebrated with great enthusiasm at Yoncalla, Oakland, Jenkins' Ferry (near Roseburg) and Canyonville, and scores of people who have not participated in a celebration since the war commenced, were seen among the gay and cheerful throngs that left this town to join in the festivities of the day.

A melancholy accident is reported to have happened near Oakland on the 6th inst. A Mr. James and his son started out to hunt deer, and a short time after separating the boy saw what he supposed to be a deer, in the bushes, and instantly raised his gun and fired. Upon approaching the spot, instead of a deer, he found that he had shot his own father through the head.

A fatherless boy, by the name of William Riley, was examined before the County Court on the 1st of the month, pronounced idiotic and ordered to be conveyed to the Asylum.

Farmers are busy haying and harvesting. Grain is generally light, and the hay crop is nearly a failure.

WARM WEATHER.—The thermometer during the week has ranged from 60 to 98 in the shade, and Sutton & Hyde's soda fountain is about the only cool institution in town.

LECTURE.—We acknowledge the receipt of a pamphlet containing the opening address of Hon. J. H. Mitchell, Professor of Medical Jurisprudence in the Willamette University, delivered before the medical class in that Institute.

FOR CONFERENCE.—Rev. G. W. Rook left, the first of this week, to attend the annual session of Conference of the M. E. Church, at Portland.

GOOD PRICE.—Oats are now selling readily at 75 cents per bushel. The crop is so light that the price will reach one dollar before spring.

MARRIED.—YOUNG-BYRNE—In Jacksonville, July 1st, by Rev. Father Blachet, Mr. John S. Young to Miss Anna Byrne, all of Jackson county.

DIED.—RHINEHART—In Lane County, July 20th, Ashby, infant son of G. W. and Martha Rhinehart, aged 3 weeks.

KILLED.—Mr. Holland, living on Sucker Creek, Josephine County, was killed on the 9th inst. He was engaged in drawing logs to build a reservoir, and while driving into the creek, his team became frightened and, turning short, pulled the log to which they were hitched upon Mr. H., killing him instantly.

SUMMONS.—In the Circuit Court of the State of Oregon for the county of Jackson.

F. M. CHAPMAN, Defendant. Action at Law to Recover Money. To F. M. Chapman: You are required to appear in said Court, and answer the complaint of said plaintiff, filed against you, within ten days from the time of the service of this summons on you.

FROM FORT KLAMATH.—Capt. Sprague has arrived in town, with a portion of his Company, the remainder of which is expected here to-morrow. They will be mustered out of the service as soon as an officer can reach here from Portland—probably some time during next week.

IMPEDENCE.—Dr. Hoover, of Roseburg, who attended the wounded ball-room rioters, at their own request, presented a very large bill to the County Commissioners of Douglas Co., for his services, which was promptly rejected.

DULL TIMES.—The Oregon City Woolen Mills having had large orders for goods countermanded, have suspended operations for an indefinite period. In the mean time, complete repairs will be made.

PUBLIC SPEAKING.—We again call attention to the fact that Senator Williams speaks here next Tuesday, at 1 o'clock P. M. We hope that many of our citizens can afford to leave their harvesting to hear this distinguished speaker on the great political issues of the day.

LIVERY STABLE.—Our friend, Back Plymale, is still to be found at the old place on Oregon Street, always ready to start a customer off with a fast team and stylish turn-out, or attend to the wants of tired and hungry stock.

LONG DAYS.—It is stated that a newspaper can easily be read at Sitka, at 12 o'clock at night, without any other light than that reflected from the sun. As an offset, we presume that artificial light is necessary at 12 o'clock in the day, during winter.

PERSONAL.—Waldo Thompson, of the Yreka Telegraph office, slid over on the wire on Sunday last, and paid us a flying visit.

FAST FREIGHT.—Messrs. Colwell and Gasquet announce that they will deliver express freight, via Crescent City, at ten cents per pound, which is very much less than can be delivered from via Yreka.

PROPOSALS FOR GRAIN.—Lieutenant Outman advertises for proposals to furnish about \$9,000 worth of oats and barley, at Fort Klamath, on or before the 20th of November next.

FOR CONFERENCE.—Rev. G. W. Rook left, the first of this week, to attend the annual session of Conference of the M. E. Church, at Portland.

GOOD PRICE.—Oats are now selling readily at 75 cents per bushel. The crop is so light that the price will reach one dollar before spring.
