

Religious.—Rev. James Woods, of Healdsburg, Cal., (Presbyterian) will preach in the Court House, to-morrow morning, at 11 o'clock.

ELLENSBURG, July 29, 1867.

Ed. SENTINEL:—I notice by your paper that a band of Indians are straggling about in Josephine Co. This is also the case in Curry county. Several bands have been seen that evidently were just from the Reservation, and they state that "all the Indians are about to return to their old haunts." There is some little evidence in the loss of sundry horses in this county, lately, that Indians are concealed in the valleys of the Coast Range, on the headwaters of the streams—where game abounds.

Curry county has been the scene of such horrid Indian wars, that the people are quite sensitive when they see an Indian prowling about. The Superintendent of Indian Affairs counseled one of our citizens, about two years ago, to shoot the Indians if they came here, and it is very likely they may take him at his word.

Some few emigrants have been added to our population this past year, and more are talking of settling here. Upon Rogue River there are as fine "myrtle bottoms" as upon the Coquille, with the great advantage of good grass ranges adjoining; while the "bald hills" of the coast are splendid grass ranges for cattle or sheep, and the country is remarkable for its healthy climate.

ITEMS.

ATTEMPTED MURDER.—Last Saturday morning, a Mr. Harpool, recently from Marion Co., was struck on the head with a stone, in the hands of one Richard Tenent, and severely injured. Harpool had started from Marion county, accompanied by his family, and on the way this man Tenent, alias "Plow Boy," had fallen in with him, and was recommended as a gentleman; but on the way out he showed himself a scoundrel, and Mr. H. bid him leave the train. He promised reform, and kept along until they reached Grave Creek, when Harpool refused to go further with Tenent. Tenent called him to one side for a private conversation, and Mr. H. told him plainly that he considered him a bad man and desired not his company. The other then said that he would leave, but said he wished to part in friendship and proposed that they shake hands. While shaking hands, Tenent struck Harpool on the temple with a stone which he had concealed about him. Mrs. H., hearing the noise, went out to the scene and found her husband lying on the ground bleeding. Tenent then went to the wagon, took a double-barreled gun belonging to the wounded man, and fled into the woods—it is thought he went north. Mr. Harpool is recovering.

SAD ACCIDENT.—Mr. Ezra Rhinehart was killed on Saturday evening last, at Mr. John Walker's place, and was buried the next day by the Good Templars, of which order he was a member. We understand the circumstances of his death to be as follows: He was drawing hay into the barn, and remarked to his aid just before entering the barn, that they would unhitch without unloading. His companion stopped behind to shut the door, and it is supposed that the wagon tongue struck against a post, stopping the wagon so suddenly that Mr. Rhinehart was precipitated forward off the load of hay, and fell between the horses, where he was so stamped and injured by them that he lived but about an hour. It is probable that in falling, his head struck the wagon tongue and stunned him. He did not speak after being hurt. Mr. R. was much esteemed by a large circle of acquaintances.

BLANKS.—We have received from H. H. Bancroft & Co., book and stationery dealers in San Francisco, a complete set of blanks adapted to the U. S. Bankrupt Act of March 26, 1867. They are prepared with care, and with especial reference to that law, and are printed in the best style. Attorneys will insure correctness and save themselves much labor by their purchase. For sale by H. H. Bancroft & Co. and stationery dealers generally throughout the coast.

W. H. Woodbury has been appointed Deputy Collector of Internal Revenue, for the 11th Division, 6th District, California, comprising the county of Del Norte. Woodbury belongs in Crescent City.

ROSEBURG, Aug. 7, 1867.—July 31st was one of Oregon's hottest days—mercury at 110° in the shade.

Mr. T. J. Singleton, one of our enterprising farmers of Deer Creek Valley, was severely injured yesterday afternoon. He was engaged in hauling grain, and in attempting to slide from a load to the ground, he came in contact with a sharp stake, which penetrated the lower part of the abdomen, inflicting a frightful if not fatal wound. Quite an aggravated case of assault came off at Flood's Store the other day, in which a man by the name of Short beat another over the head quite severely with a revolver. Persons present saw no apparent cause for the attack. Short fled, and has not yet been arrested.

CROPS.—Harvesting in this valley is nearly over, and the grain yield will fall far behind that of last year. Wheat, according to the best information that we can gather, is scarcely a two-thirds crop. Barley is a failure, and oats are lighter than known before in this section. So much of last year's crop of wheat, however, remains on hand, that there will be no scarcity, and an increase in the price of flour is not anticipated. The demand for oats to fill the contract for Ft. Klamath, and to supply the stage line, will so nearly exhaust the crop, that they are expected to bring a good price before spring.

SHARP ENCOUNTER.—Last week, Iven Applegate of the Toll House, discovered a large grizzly and two cubs in the pasture, only a few hundred yards from the house. Being unarmed, he returned to the house, and accompanied by his brother Lucien, each armed with a "Henry Rifle," sallied forth to attack her bearship. Approaching to within fifty yards, they delivered their fire, and although somewhat sickened, the bear made a desperate charge on them, which was coolly met with another volley. Three times the boys poured their fire into her at short range, and three times the enraged beast charged on them; but at the fourth volley she concluded that the contest was unequal, and dashed into the chapparal, marking the brush with blood at every bound. Having no dogs, the boys did not follow her, but are quite confident that she received every one of the eight shots fired at her—nearly all in vital parts of the body.

PERSONAL.—Mr. P. W. Gillette, the traveling agent and correspondent of the Oregonian, called on us this week. He is meeting with excellent success, and must continue to do so, as the Oregonian has been so conducted as to make it a necessity among the business men of the State, without reference to politics. Mr. Gillette is enlivening the columns of the Oregonian with truthful, matter-of-fact descriptions of the country through which he passes; from which all reflections on the political bias of its citizens have so far been excluded. We wish him success in increasing the circulation of that valuable journal.

MAIL CONTRACT.—The contract for the mail service between Lincoln, California, and Portland, Oregon, has been awarded to Jesse D. Carr, of San Francisco, at \$196,000, per annum. The service is to be, as at present, seven times a week. Carr is said to be an old and experienced stage man, being interested in a line from San Jose to Visalia, and also in that from San Francisco, to Boise City. Mr. Carr's contract commences on the 1st of October next.

CHINA ROBBERS.—Last week some China thieves were discovered in a mining claim, near Williamsburg, by the owners. The celestial gentlemen were cleaning up a ground sluice, by scraping up the dirt and amalgam and putting it into sacks. The owners of the claim gave the light-fingered gentry a sound drubbing.

WHOOPING COUGH.—This dangerous complaint is, we learn, very prevalent on the other side of Bear Creek, where several have died of it. It is on the decrease in town, but there are still several very severe cases.

TROUTING.—Mr. L. B. Applegate, and lady, took a trip to Kane Creek, a tributary of Klamath, last week, and in two days fishing caught over two hundred and fifty fine trout.

LIEUT. HENDERSON takes the part of his men, and states in a card that the report of arson being committed by them is false.

If you wish the very best CABINET PHOTOGRAPHS, you must call on BRADLEY & RULOFSON, 429, Montgomery Street, San Francisco.

TROOPS FOR FT. KLAMATH.—The steamer Fannie Troup came over yesterday with another company of soldiers, and landed them at Capt. Kelly's camp. We informed that they are to join his expedition and upon arriving at Fort Klamath will garrison that post.—Oregonian.

A boy's idea of having a tooth drawn may be summed up as follows: The doctor hitched fast on to me, pulled his best, and just before it killed me, the tooth came out.

TO WHOM IT MAY CONCERN. I UNDERSTAND THAT THERE IS A REPORT in circulation, that the detachment of men under my command burned an old house, standing just beyond the Deer Creek Bridge, in Josephine county. I pronounce this report utterly false. My men are not guilty of such practices, and if citizens were as ready to retract their liquor as to malign them, my duties would be much lessened. W. IRVING HENDERSON, 3d Lieut. 1st U. S. Cav.

REDINGTON & CO'S ESSENCE OF JAMAICA GINGER.

This valuable preparation, containing in a highly concentrated form all the properties of Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by brandy, it is entirely free from the reactionary effects of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving a most immediate relief to the spasms that so frequently accompany that period. It gives immediate relief to Nausea, caused by riding in a railroad car, or by sea-sickness, or other causes.

It is also valuable as an external application for gout, rheumatism, neuralgia, etc.

Persons of sedentary habits, troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, etc., deserve to suffer if they will not try the celebrated PLANTATION BITTERS, which are now recommended by the highest medical authorities, and warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure, and must supersede all other tonics where a healthy, gentle stimulant is required.

They purify, strengthen and invigorate. They create a healthy appetite. They are an antidote to change of water and diet.

They strengthen the system and enliven the mind.

They prevent miasmatic and intermittent fevers.

They purify the breath and acidity of the stomach.

They cure Dyspepsia and Constipation. They cure Liver Complaint and nervous headache.

They make the weak strong, the languid brilliant, and the exhausted nature a great restorer. They are composed of the celebrated California bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. stamp unimpaired over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not filled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. The demand for Drake's Plantation Bitters, from ladies, elegyemen, merchants, etc., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.
