

FOR THE PRESIDENCY IN 1868, CLAYTON S. GRANT, ... FOR THE VICE PRESIDENCY, GEO. H. WILLIAMS, ...

D. M. C. GAULT, EDITOR. SATURDAY MORNING, JAN. 18, 1868.

The Frozen Truth.

Public meetings are generally supposed to express by their action the sense of a community. A meeting was held here on Saturday last, the proceedings of which will go abroad as representing the "sense" of the people of this county in reference to a great public measure; and in the name of the people of this section, we protest against so monstrous a fraud.

EXTREME DESTITUTION.

Old Sam-hoo-ah-yah, (snake in the grass), the Modoc chief is in a very destitute condition. He complained on Saturday last that even after gorging himself with dirt, the Democracy turned their backs on him; and as the devil had no dirty work at present, he didn't know what to turn his hand to.

WHY IT KEEPS.

It seems to have escaped observation why the Democratic party has so long survived under its load of corruption and putrescence. After mature reflection, we have concluded that in its frequent trips up Salt River it has become pickled by saturation in the saline fluid.

THE GREAT REACTION.

The New York Tribune has discovered that the way Democratic "groundswells" are rolled up, is: For a few thousand ruffians to vote five or six times each under fictitious names, registered for that purpose.

RESIGNED.

W. R. Turner, Judge of the 8th Judicial District of Cal., has resigned, and the impeachment resolution has been withdrawn.

REPORTS RECEIVED.—We are under obligation to R. Mallory, M. C. for public documents.

Railroad Meeting.

In to-day's paper we publish the proceedings of the adjourned Railroad Meeting. We ask the attention of our readers to the same. Mr. Jacobs opposed all the resolutions adopted, save the one in regard to the Portland meeting.

Sympathetic.

Among the resolutions presented by the illustrious railroad committee, one censuring "a portion of the press of this county." It could possibly mean us, how would we tremble! Our record is too plain, and can be seen in a reproduced article of May 4th, 1867, in to-day's issue; an article so strongly urging the passage of a railroad through this valley, that our readers can again peruse it with interest.

On motion the Report was accepted.

RESOLUTIONS.

Resolved: That the people of Jackson County are opposed to the further grant of lands by Congress, to build a railroad from Eugene City to Humboldt, or to any tap to said proposed road.

THE State Journal

is amazed at the stupidity of the Esquign and Sentinel in not perceiving the immense advantages of the "sage plain" East of Eugene for a railroad route. We may be mistaken in our ideas of the topography of that region of country, but it is scarcely possible that Hon. Jesse Applegate is; and we recommend to the editor of the Journal a careful perusal of that gentleman's letter in the Oregonian of the 4th inst.

DESERVING OF CONFIDENCE.

THERE is no article which so richly deserves the entire confidence of the community as "Brown's Bronchial Troches." The Troches have received flattering commendations from the most celebrated Clergymen, Lawyers, and Public Speakers, who speak from personal experience.

PUTMAN'S MONTHLY.

We received this week from the City Drug and Book Store, the first number of this old Magazine, revived again. This magazine is filled entirely with original matter from the pens of our best American writers.

NEW PAPER.

We have received several numbers of the Portland Evening Bulletin, published by J. F. Atkinson, and edited by F. R. Stuart, formerly of the Southern Oregon Press. It is a fair looking paper, and promises to be a faithful recorder of local events.

RAILROADS.

The Oregonian is of opinion that the railroad question is an industrial one, and that the Republican party have nothing to do with building railroads. Judging from the splendid 'bilk' of Saturday, railroad building is not the forte of Democracy either.

THE Albany Democrat,

having accompanied the colored people of that to Salem, to celebrate emancipation day, is out in a two column leader, to prove that the darkies wouldn't allow him to associate with them.

Rail Road Meeting.

Pursuant to adjournment a meeting was held at the Court House, on Saturday last. The meeting was called to order by the Chairman, Hon. E. D. Foudray.

All Sorts of Things.

The Roseburg Esquign says that the snow at that place is eleven inches deep. From the same paper we learn that J. B. Labrie cut an artery of his arm while skinning a deer. He came near bleeding to death before surgical aid could get to him.

S.T-1860-X.

A great French Physician says: "More than half of the disease in the world comes from neglect to fortify the system against change of climate, weather and food." S.T-1860-X is a French preparation and well-known, that there is no such well-known and constant for the stomach as S.T-1860-X.

Important Certificates.

I have used S.T-1860-X for I truly believe the Plantation Bitters have saved my life. Rev. W. H. WAGGONER, Madrid, N. Y. I have used two bottles more of the Plantation Bitters. My wife has been greatly benefited by them. Rev. J. S. CATHORS, Rochester, N. Y.

P. H. DRAKE & CO., New York, Sole Prop'r, REDINGTON & CO., 416 and 418, Front Street, San Francisco, Agents for California and Nevada.

PLAINS.

Leon's Magnetic Inert Powder is sure and cures both, every kind of the latest species of Rheum, Hoarseness, Quins, etc.

IT KILLS INSTANTLY.

What is particularly surprising in regard to this article is that not only is it so effective in curing all the diseases mentioned, but it is so effective in curing all the diseases mentioned, but it is so effective in curing all the diseases mentioned.

MEXICAN MUSTANG LINIMENT.

It is an excellent liniment for all the diseases mentioned, but it is so effective in curing all the diseases mentioned, but it is so effective in curing all the diseases mentioned.

ANXIOUS TO SERVE.

We hear of only eleven candidates among the Democracy in this county for the Sheriffalty. The anxiety to serve their country is about equally divided among "sunshine" and "dark-day" Democrats; with the chances decidedly in favor of the latter stripe. We have no preference; those who draw it mild, and those who take it without water, vote the same ticket, and work for the same end.

THE NEW RECUTE.

The new convert to Democracy had a trying time on Saturday. He received a baptism of wrath that would have shamed the oldest member of a chain gang, and swallowed more withering contempt than would turn the stomach of a hound pup. His second appearance in meeting was to expose the corruption of the Republican party. His third will be to expose his own, which will entitle him to full communion, and for which occasion he has secured the services of "Stonewall" and a tin whistle. Persons whose gastronomic apparatus is feeble, are advised not to attend.
