

FOR THE PRESIDENCY IN 1868, ULYSSES S. GRANT, OF THE UNITED STATES.

JEFF. DAVIS ARRIVED AT HAVANA FROM NEW ORLEANS ON THE 13TH INST., EN-ROUTE TO BALTIMORE.

SEVERAL democratic members of the California Legislature, lately signed the pay-roll with an X.

GONE UP.—Since the saddening intelligence of "Andy's" impeachment arrived, onions have been in so great demand by the Democracy as to have increased in price a cent per pound in this market.

PROOF POSITIVE.—Our neighbor has discovered the tree from which our local reporter took his observations, at the root of which were several broken bottles.

THE Salem Chronicle remarks in a boastful way that: "New Hampshire will be the first loud gun of the Democracy for 1868."

THE New York Tribune of the 22d ult., remarks that there is money enough stolen and wasted by government officers to pay the public debt.

A RAVING fanatic in Connecticut exclaims: "O! for an assassin to strike the steel to Andrew Johnson's heart."

DON'T CARE A DAMN.—Johnson very pointedly says that he never cared whether Congress impeached him or not.

A COPPERHEAD paper in Southern Oregon sagaciously advised the people to keep cool until after corroboration of the impeachment news.

A NEW DODGE.—The Democratic Smut Mill at Salem reprints some of its filthiest garbage—issues it under the name of the Polk County Signal.

AN intensely democratic paper near us wisely remarks "that it is not Johnson, the man, but Johnson, the Constitution, that is to be tried."

DEMOCRATIC CONSISTENCY.—It is very common for Democrats to denounce Congress as a band of "infernal traitors," and "as an unconstitutional body who are destroying the country."

The Twin Traitors.

History has not yet done with the great rebellion. A few more pages, and it is to be hoped that the record will be closed forever, and all forgotten but that which will be a salutary lesson for the future.

On our own side, Davis has his parallel—not in bravery; for Andrew Johnson never risked his life in battle, and was only bold when there was no stag at bay.

He has followed Davis like a bloodhound; and even now, with the sword of justice hanging over himself, he clamors for the trial of his rival as a traitor.

TWELVE DISAPPOINTED MEN.—The five Democratic leaders in and about Jacksonville, as we are told, have promised the nomination for candidates to the State Legislature to three men in Ashland, two in Eden, one in Manzanita, one in Butte creek, one in Table Rock, one in Willow Springs, two on Applegate, two in Jacksonville, one in Dardanells, and one in Sterlingville.

IMPROVEMENTS.—We perceive that the sidewalks in front of the residences on the East end of California Street are being graveled by the property owners.

DRAMATIC.—The Tanner Troupe performed on Thursday night last, and was well received. The performance was good, keeping the audience in a continued roar of laughter.

Willow Springs Communication.

ONE MILE FROM WILLOW SPRINGS, March 17th, 1868. EDITOR SENTINEL: In your issue of last Saturday you published a communication from Willow Springs over the signature of Right Wing.

Now, Mr. Editor, it may not be right for me to express my opinion, but in so doing, I believe I express the opinion of the Democracy of Willow Springs. Denying or acknowledging the truth of the above is very strange.

But he never bolted a Democratic convention. The "Bantam Leader of the left wing" did though, in county, and so did his pet candidate in this county in 1858.

Kerbyville Communication.

KERBYVILLE, March 18th, 1868. EDITOR SENTINEL: The extremely cold weather has prevented the miners from working to any extent the past winter, and the cry has been "cold weather and hard times;" but I hear of no one going to Idaho or Montana, and miners are coming back from the north to make a raise out of old diggings they left years ago to run after northern humbugs.

We have not had one leap-year party (our young ladies don't appreciate leap-year like Jackson belles), but have had a dancing school for the benefit of the young people, while the older had the benefit of church.

Politics have just begun to thaw out, that is, the Republican wing, and Josephine will give a good account of herself on the first day of summer, by sending Democracy up to the headwaters of Salt river, there to wait the coming of A. Johnson and Brick Pomeroy, who will arrive there in November to take charge of the Democratic party, and coroll them, to keep out mixing-niggerationists.

Some burglars entered the Catholic Church at Allen's Gulch, Waldo, on the night of the 18th, and stole the candle-sticks, altar-cloth, &c.

Democratic State Convention.

PORTLAND, MARCH 19th. The State Democratic Convention nominated J. S. Smith; declared unanimously for Pendleton; platform to suit. Session was a little squally—some trouble to agree on platform.

INDELIBLE PENCILS.—Mr. Traver has for sale the celebrated indelible pencils, used for marking clothes and other articles. We have tried one, and find it far superior to indelible ink.

Proceedings of the Jackson County Union Convention.

Pursuant to a call of the County Union Central Committee, delegates from the various precincts in the county met in convention at the Court House in Jacksonville, March 14th.

On motion of H. Root, a committee of three on credentials was appointed by the Chair, consisting of H. Root, Thos. Croxton, and Tod Cameron. In a short time the committee reported the following gentlemen as entitled to seats in the convention, viz: Jacksonville Precinct—A. Tenbrook, Wm. Kreuzer, proxy, D. M. C. Gault, R. Dillon, R. C. Armstrong, proxy, Ed. Smith, U. S. Hayden, Max Muller, D. M. C. Gault, and M. Hanley; Manzanita Precinct, E. Walker; Sterlingville, Ruben Saltmarsh; Table Rock, Cyrus H. Pickens; Ashland, Chas. K. Klum, J. McCall, and J. P. Walker; Phoenix, E. K. Anderson, H. Root, M. A. Elder, proxy, H. Root, and W. Beeson; Dardanells, J. F. Kellog; Perkinsville, Thos. Croxton; Applegate, R. Benedict.

Report was, on motion, adopted and the committee discharged. On motion of H. Root, Mr. O. Stearns was admitted as delegate from Fort Klamath, and empowered to cast the five votes to which that precinct was entitled.

Mr. Wm. French was admitted as delegate from Butte creek, and Mr. Tod Cameron from Union Town. U. S. Hayden was elected permanent Chairman, and D. M. C. Gault Secretary. Moved by H. Root, and seconded, that the convention proceed to ballot informally for delegates to the State Convention—carried. On motion of Max Muller, the motion was reconsidered, and that gentleman offered in lieu thereof, that the convention entertain nominations made orally, and that the body proceed to elect the six delegates by ballot, to attend the State Convention at Salem on the 24th; and that the six receiving the largest vote, be the nominees. This motion prevailed. Several persons were put in nomination. The Chair appointed C. K. Klum and O. Stearns, tellers.

The convention then proceeded to elect six delegates to attend the State Convention in Salem on the 24th inst.; and it appearing that H. Root, T. Croxton, S. B. Hull, T. Cameron, C. C. Beckman, and J. M. McCall, had received the largest vote, they were unanimously elected as such delegates.

D. M. C. Gault offered the following resolutions, as general instructions to the delegates, which were, on motion, adopted:

Resolved 1st, That it is the sense of this convention, that our delegates be requested, after they shall have arrived at the State Convention, to carefully and searchingly canvass the strength of every man; and that they give their support to him who is a thorough and uncompromising Union man, and who can poll the largest vote at the coming June election; and

Resolved, 2d, That this Convention holds as a self-evident proposition, that the office should seek the man, and not the man the office.

On motion of Thos. Croxton, the delegates were further instructed to use their best endeavors to secure the nomination of O. Jacobs on the Electoral Ticket.

On motion of H. Root, the proceedings of the Convention were ordered to be published in the OREGON SENTINEL and the American Unionist.

On motion, the Convention adjourned. U. S. HAYDEN, Chairman. D. M. C. GAULT, Secretary.

MYSTERIOUS DISAPPEARANCE.—S. B. Jackson, from Burlington, Iowa, and who has resided in this valley for the past two years, and formerly east of the mountains, disappeared from his ranch, on the Yaquina road, 17 miles west of this place, on Sunday, March 1st. He is 26 years old; 5 feet 10 inches high; light sandy complexion; light hair and whiskers, and blue eyes; had on, when last seen, white wool hat, loose sack coat, without lining, and striped cashmere shirt. It was thought he was laboring under a fit of temporary insanity at the time. He has no relatives on the coast. Information of his whereabouts, left at this office, will be communicated to his friends.—Corvallis Gazette.

TELEGRAPHIC.

CHICAGO, 16th. Hancock has been ordered by the President to return immediately to Washington and take command of the Atlantic Division.

The Indian War commission will meet at Omaha on the 2d of April. Their intention is to form parties to visit the Indian settlements. One will go to Ft. Laramie, another to New Mexico.

Hundreds of applications are being made for office when Wade shall be President.

NEW YORK, 16th. Herald's special says: "It is understood that the expectation of an attack from the Virginia shore, has within the past few days taken a more substantial form than was first anticipated. It is known that an order has just been issued from the War Department, directing forty army wagons, with teams and teamsters, to be kept in readiness, to move at a moment's notice for the transportation of supplies. Private orders also have been issued to commanders of garrisons about the city, to keep their commands, both officers and men, in quarters. Since the excitement of Friday last, the health of Thad Stevens has assumed a more serious evidence of decline than at any other time since his arrival here. It is thought by those intimately acquainted with every phase of his failing condition, that it is very doubtful whether he will again be able to leave his room. Several members of Congress, who called to-day, were requested not to insist on seeing Stevens, and the greatest fears are now entertained that his days of duty have ended."

WASHINGTON, 17. The Supreme Court has declared unconstitutional, the State law of Nevada, levying a tax of one dollar on each passenger leaving the State by coach or Railroad. The Senate had under consideration to-day, the treaty for the purchase of Samana Bay and St. Thomas, but no decision was reached. Both cases will probably be reported on adversely. The impeachment managers had a session to-day, to complete arrangements for the coming trial. No more witnesses will be examined. The Committee feel that it will not be necessary to withdraw any articles of impeachment. The President has nominated John Hancock of Philadelphia, brother to the General, Collector of Internal Revenue at New Orleans, to succeed General Steadman. Fifty-seven thousand votes have been cast in Texas for the convention, being about 4,000 majority of registered voters. There are 90 delegates elected, 17 Republican—none colored. Republicans fear that unless Hancock be removed, they will be unable to ratify the Constitution. He has removed the troops from rampant rebel neighborhoods and sent them to the frontiers. All the loyal boards of registration, appointed by Sheridan, have been removed. A committee of the Louisiana convention waited on Hancock, in reference to holding an election for State officers, when the constitution was voted on. Hancock distinctly refused to order such election or protect it, unless ordered by Grant. The convention have, nevertheless, ordered such election to be held, and have appealed to Grant to issue the necessary orders to Hancock. The House had under consideration the bill to relieve certain Southerners from political disabilities. After discussion, the bill was re-committed, with instructions to the committee to report with brief statements of each case, and giving reasons for recommending relief. The bill for admission of Alabama was considered. Several members addressed the House in opposition. Stevens, of Pennsylvania, rising at the Clerks desks, said: Mr. Speaker—After full examination of returns from Alabama, I am satisfied that to force a vote on this bill and admit the State against our law, while there is a deficiency of twenty odd thousand votes against it, would not be doing such justice in legislation as would be expected by the people; that being the case, I move that the bill be re-committed. The motion was agreed to.

WASHINGTON, 18th. Farnsworth, from Reconstruction Committee, reported a bill to admit Alabama to representation in Congress. He would ask to have it considered and passed to-morrow. It provides that Alabama be admitted when the Legislature ratify the fourteenth article of amendment to the Constitution, and directs the General commanding the District, to notify the Legislature, chosen in February, to meet within thirty days after the passage of the act.
