

Platform of the Union State Convention.

WEDNESDAY, March 25th. Convention assembled pursuant to adjournment. Committee on Resolutions submitted the following:

Resolved, That it is the highest duty of every American citizen to maintain against all their enemies the integrity of the Union, and the paramount authority of the Constitution and laws of the United States, and to preserve at the ballot-box the fruits of the late war.

Resolved, That the work of Reconstruction of the Southern States belongs to the legislative department of the Government, and that we endorse the thirteenth and fourteenth amendments to the Constitution, and the acts of Congress, commonly called the Reconstruction Acts, as the best plan yet proposed for the restoration of the States lately in rebellion to their former relations with the Federal Government.

Resolved, That we are in favor of admitting the rebel States to representation in Congress at the earliest moment which the public safety will permit.

Resolved, That the national debt was necessarily contracted to save the National life, and ought to be honestly paid; and we condemn every scheme devised for the repudiation of the whole, or any part of the debt, as disgraceful to the Republic and unjust to its citizens; and that the proposition to pay in legal tender notes, those debts contracted to be paid in specie, is only a milder term for repudiation.

Resolved, That under the Constitution the Federal Government has no right to interfere with the elective franchise in any State having representation in Congress, and whose civil government is not overthrown by rebellion.

DR. J. H. JOSSELYN STILL CONTINUES TO TREAT the all-acted with his valuable and never failing remedies at the ELECTROPATHIC INSTITUTE, 645 WASHINGTON STREET.

It is seven years, up to February 12th, 1867, since the Institute was established. The Directors challenge the world to show a more successful medical triumph. There has been over TWENTY-FIVE THOUSAND consultations and nearly TWENTY THOUSAND cures made, with only eleven failures to cure.

To those who are afflicted with rheumatism, the Doctor wishes to say that he is thoroughly conversant with their delicate and sympathetic systems, the disease and troubles incident thereto, and can assure them a permanent cure, or relief, as the case may require.

Resolved, That the foreign immigration, which in the past has added so much to the wealth, development of resources, and increase of power of this nation—the asylum of the oppressed of all nations—should be fostered and encouraged by a liberal and just policy, and that we sympathize with all people everywhere, who are struggling for civil and religious liberty.

Resolved, That we are in favor of liberal appropriations of land and money by the Government to aid in the construction of railroads.

Resolved, That the thanks of the American people are due to the soldiers and sailors of the army and navy, who have periled their lives in defense of their country and in vindication of the honor of its flag, that the nation owes to them some permanent recognition of their patriotism and their valor, and ample and permanent provision for those of their survivors who have received disabling and honorable wounds in the service of their country, and that the memories of those who have fallen in its defense shall be held in grateful and everlasting remembrance.
