

Platform of the Union State Convention.

WEDNESDAY, March 25th. Convention assembled pursuant to adjournment. Committee on Resolutions submitted the following:

Resolved, That it is the highest duty of every American citizen to maintain against all their enemies the integrity of the Union, and the paramount authority of the Constitution and laws of the United States, and to preserve at the ballot-box the fruits of the late war.

Resolved, That the work of Reconstruction of the Southern States belongs to the legislative department of the Government, and that we endorse the thirteen and fourteenth amendments to the Constitution, and the acts of Congress, commonly called the Reconstruction Acts, as the best plan yet proposed for the restoration of the States lately in rebellion to their former relations with the Federal Government.

Resolved, That we are in favor of admitting the rebel States to representation in Congress at the earliest moment which the public safety will permit.

Resolved, That the national debt was necessarily contracted to save the National life, and ought to be honestly paid; and we condemn every scheme devised for the repudiation of the whole, or any part of the debt, as disgraceful to the Republic and unjust to its citizens; and that the proposition to pay in legal tender notes, those debts contracted to be paid in specie, is only a milder term for repudiation.

Resolved, That under the Constitution the Federal Government has no right to interfere with the elective franchise in any State having representation in Congress, and whose civil government is not overthrown by rebellion.

Resolved, That the right of expatriation is the natural and inherent right of all people, and indispensable to the enjoyment of the rights of life, liberty and the pursuit of happiness; that while the citizen owes allegiance to the Government, the Government owes protection to the citizen, and that it is the duty of the Government of the United States to protect all its citizens—native born and naturalized—in the full enjoyment of their rights as citizens of the United States, wherever, and under whatever color or pretense those rights may be invaded.

Resolved, That the foreign immigration, which in the past has added so much to the wealth, development of resources, and increase of power of this nation—the asylum of the oppressed of all nations—should be fostered and encouraged by a liberal and just policy, and that we sympathize with all people everywhere, who are struggling for civil and religious liberty.

Resolved, That the thanks of the American people are due to the soldiers and sailors of the army and navy, who have periled their lives in defense of their country and in vindication of the honor of its flag, that the nation owes to them some permanent recognition of their patriotism and their valor, and ample and permanent provision for those of their survivors who have received disabling and honorable wounds in the service of their country, and that the memories of those who have fallen in its defense shall be held in grateful and everlasting remembrance.

Resolved, That we are in favor of liberal appropriations of land and money by the Government to aid in the construction of railroads.

ANTHICITY OF MAN.—At a recent meeting of the Chicago Academy of Science, some very interesting facts were introduced to prove the great antiquity of the human race. Deep down in the Nile, in Egypt, it was stated that remains of men were found to which the pyramids were young. In 1854, borings were made between Heliopolis and Memphis.—They were carried to a depth of seventy-two feet, and did not pierce through the Nile mud. At every foot fragments of pottery were found. The deposit of mud is calculated to have been two and two and a half inches in a century. The pieces of pottery found at the lowest depths would thus be 38,000 years old. Compared with it the Thebes of Homer was modern. During the past season in California, deep in the gold drift had been found the skeleton of a man covered with three overflows of lava. If true, it carried back the epoch of the introduction to a remote time than any European observations. While there were abundant evidences of the glaciation of great parts of the continent, those phenomena were wanting in California as though the Rocky Mountains acted as barrier. But glaciers covered vast areas in the Sierra Nevada and crushed up the gold strata and carried them down. That grinding up might be referred to the glacial period. It was probable that comparative tranquility followed those violent phenomena. The valleys were filled with modified drift. Those deposits served mainly as the grave of the fossil elephant, while the mastodon was found in swamps. At Natchez there was a terrace of sixty feet, where Dr. Nixon obtained the pelvic bone of a man intermingled with bones of the mastodon and megalonyx.

At a ball in Boston, recently, a lady fainted and the attentive janitor rushed for his camphor, with which the lady's face was thoroughly bathed until she recovered. Then it was ascertained that the camphor had been taken from a bottle of maulage, and the lady felt too much stuck up to stay any longer.

Be just before you are generous.

DR. J. H. JOSSELYN STILL CONTINUES TO TREAT the afflicted with his valuable and never failing remedies at the ELECTROPATHIC INSTITUTE, 645 WASHINGTON STREET.

It is seven years, up to February 12th, 1867, since the Institute was established. The Directors challenge the world to show a more successful medical triumph. There has been over TWENTY-FIVE THOUSAND consultations and nearly TWENTY THOUSAND contracts made, with only eleven failures to cure; (in those cases the fee was returned.) A large number of cases prescribed for, which, from the nature of the disease, could only be temporarily relieved.

The Doctor makes it his study to help suffering humanity without regard to the amount of money the patient may be able to pay. His remedies are mild and gentle in their action. They are entirely free from all mineral poisons, or any substance that can possibly injure the most delicate system. The Doctor's mode of practice is the REFORMED or ELECTROPATHIC system, by which one-half of the diseases in the catalogue can be cured without medicines.

In all cases he warrants a cure or asks no pay for his services. It has been too common with persons calling themselves Physicians to treat their poor victims until their funds were exhausted, and then turn them away, half cured, to die by the wayside or become a burden to the public while he lingers out a life of suffering and misery.

To those afflicted with unmentionable complaints, the Doctor would say that he can cure the worst possible case in a very short time, without the persons afflicted being exposed to their most intimate friends.

To those whose constitutions have been injured by youthful excesses, the Doctor offers a positive and speedy return of health and manly vigor. To the Rheumatic, almost instantaneous cure.

To Females. Either sick or in trouble, the Doctor wishes to say that he is thoroughly conversant with their delicate and sympathetic systems, the disease and troubles incident thereto, and can assure them a perfect cure, or relief, as the case may require. His FEMALE MONTHLY medicines are unsurpassed by any other known. They are pleasant to the taste, and will be warranted safe and sure. [The utmost secrecy observed.]

All you that are afflicted, Male and Female, no matter what the case may be, will give you relief or a cure, or ask nothing for my troubles. Persons residing at a distance whose business or domestic affairs prevents their visiting the city, or those who feel a delicacy in personal consultation, can correspond with the Doctor, and have advice or remedies sent, which will be warranted to effect the result required, and the letters will be destroyed. In writing, care should be taken to describe symptoms correctly. State how long the disease or trouble has been running, together with sex and age. Always address thus: J. H. JOSSELYN, M. D., San Francisco, Cal., Box 1945; or, if sent by Express, 645 Washington St., instead of the number of the box.

Advice by letter or otherwise gratis. Office hours from 9 a. m. to 5 p. m. J. H. JOSSELYN, M. D., Resident Physician Electropathic Institute. [Dec 1-17]

AN ORIGINAL POEM. BY THE MAN WHO WRITES IT. Some write for fun, and some for fame, And some to make a splutter; But we, like all true poets, claim To write for bread and better. Thus you see our very laudable object of doing good to ourselves, if we cannot do good to anybody else.

We only wish to have it known, That all our goods must sell, And then the people all will come— You bet they will. Thus giving us a fine opportunity of making money.

We've fancy Soaps and good Cologne, And Hair Oils by the dozen— An endless lot of good Perfumes, Put up by old H. Bazin. Thus giving all the young folks an opportunity of becoming "sweet-scented."

We have Restorers for the Hair, Much better than your dye; We've preparations for the Ear, And lotions for the Eye. Thus giving old maids and crusty bachelors an opportunity of fixing up for the matrimonial market.

We've Drugs and Books; we've Oils and Paints, And trinkets of all kinds; We've Nostrums good for all complaints, And sell to suit the times. Thus giving old and young an opportunity for speculation.

Now, all who have the ready cash Can call around to-morrow, For they can find just what they want Much cheaper than to borrow. And will thus give the City Drug Store fellows a fine opportunity to display their extensive stock of NEW GOODS to much better advantage than they could possibly do on paper. They will say, however, that they have a fine assortment of PHOTOGRAPH ALBUMS, from \$2 25 to \$4 50—for 30 pictures, Gold pens, Ink Stands, Pens, Fancy Pen holders, Paper weights, Letter Clips, Bored Clips, Ink Erasers, Paper Splitters, Sealing Wax, Portfolios, Portmonies, Wallets, Purses, Pocket Books, Crayons, Pencils

STOP THAT THIEF Of a Cough!

It is stealing from you your health, which is dearer to you than all your wealth. Nineteenths of the diseases prevalent in this climate spring from Colds and Coughs.

Henley's ROYAL BALSAM Challenges the World

To produce anything in the shape of Medicines that will remove and eradicate a Cough or soreness in the Chest, as prompt, no matter what form the disease might assume. "Henley's Royal Balsam" is the best Medicine in the world for Bronchial or Pulmonary affections. For Croup or Hooping Cough, there is nothing on earth that can equal it. All mothers and nurses ought to have a bottle close by them—it will give a child relief in two minutes. It is entirely vegetable, and will prove a blessing to the human family.

For the Benefit of Suffering Humanity.

FROM MR. THOMAS.—We have used Henley's Royal Balsam in my family this winter. There is no use in talking; it throws everything in the shape of Cough Medicine in the shade that I ever saw. My wife was troubled with asthma or smothering spells for years, and could get nothing to have any effect until I struck the "Royal Balsam." She is now about well. It cured me of the worst cold I ever had in my life in eight days. Whenever our children have anything like a cough, a few drops given on going to bed, that is the last of the cough. I never intended to be without it in the house. B. THOMAS, the paper man.

From Judge Marquam. I have used "Henley's Royal Balsam," my self and in my family, and find it a first-rate medicine for Coughs and Colds. I hereby recommend it to the public. F. A. MARQUAM.

From Mr. Pittock. We have used some of "Henley's Royal Balsam" in my family, and think it is a splendid medicine for children, as well as for grown persons. For Coughs and Colds, I freely recommend it to the public. R. PITTOCK.

From F. DEWITT, Merchant. To the Public.—I had a bad cough for a long time. A friend urged me to get a bottle of "Henley's Royal Balsam." He said it cured him. I got a bottle, and sure enough it had a splendid effect. It dried the cough up in a short time. I hereby recommend it to the public. F. DEWITT.

PACIFIC BUSINESS COLLEGE, MECHANICS' INSTITUTE, POST STREET, Between Montgomery & Kearny, SAN FRANCISCO.

The importance of a thorough and practical business training for those who contemplate entering the mercantile profession, is too well known to require much comment. Without such knowledge, the young merchant will become involved in many embarrassments which might otherwise be avoided. The youthful aspirant will find himself surrounded by inextricable difficulties, both in seeking a situation, and in the discharge of its duties after employment is obtained. To have received instruction at a mercantile college, endorsed by the leading merchants of the city, is more effective in winning the favor and confidence of a business firm, than all the letters of introduction which friends can give. The

PACIFIC BUSINESS COLLEGE maintains a reputation for thoroughness and systematic training, far surpassing that of any other similar institution on the Pacific coast. Most of the leading merchants of this city have employed graduates from this College, and bear testimony to the practical efficiency of the course here prescribed. The system of actual practice embraces all the varied operations of real business. A LADIES' DEPARTMENT has lately been added to this popular institute. This spirit of enterprise cannot fail to draw forth the well-wishes of the public. Address for all information, VINSONHALER & DE LAGUNA.

A CARD. We, the undersigned, merchants and business men of San Francisco, California, are at the present time, employing men who have completed the prescribed course of study at the Pacific Business College, and we take pleasure in stating that we have found them well posted in accountancy and the general principles of business, showing conclusively that they have been subject to a thorough drill in those important matters, by experienced and competent instructors. We therefore recommend the College as being in our opinion, an institution of intrinsic merit, and well worthy of the confidence and support of the community.

BOUND TO DO IT! D. C. MILLER IS BOUND TO WORK ACCORDING TO THE TIMES. HORSE SHOEING. All reduced prices for cash. Ten per cent discount will be made on all kinds of work where cash is paid. March 20th, 1868. mch21-68

FRENCH MEDICAL OFFICE.

DR. JULIAN PERREAU, Doctor of Medicine of the Faculty of Paris, Graduate of the University of Queen's College, and Physician of the St. John Baptist Society of San Francisco.

DR. PERREAU has the pleasure to inform patients and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, Northeast corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first door, up stairs, entrance on either Montgomery or Sacramento streets.

DR. PERREAU'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterwards; patients, laboring under the complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing, or society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that the Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitation, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and itching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERREAU, either in person or by letter, and he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Stricture, Bubo Urethrae, Catarrhus Urethrae, etc., will be treated successfully. All syphilitic and Mercurial Taints entirely removed from the system. DR. PERREAU'S diploma as in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required. Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged to call upon us. LADIES suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

DR. PERREAU is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppression and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail, or express to any part of the world, secure from curiosity or damage. Persons at a distance can be cured at home, by addressing a letter to DR. PERREAU, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case minutely as possible, general habits of living, occupation, etc., etc. May 2d, 1868. m2-ly.
