Republican National Platform adopted at Chicago, May 21st, 1868.

let. We congratulate the country on the as-sured success of the Reconstruction Policy of Congress as evidenced by the adoption in a ma-jority of the States lately in rebellion, of Con-stitutions securing equal, civil and political rights to all, and we regard it as the duty of the government to sustain these Constitutions, and prevent the people of such States from be-ing remitted to a state of anarchy or military rule.

2d. The guarantee by Congress of equal suf-

rage to all loyal men in the South, was demanded by every consideration of public safety, gratitude and justice and must be maintained; while the question of suffrage in all loyal States properly belongs to those States.

3d. We denounce all forms of repudiation as a national crime, and national honor requires the payment of the public indebtedness in the utmost good faith to our creditors at home and abroad, not only according to the letter, but spirit of the laws under which it was contract-

4th. It is due to the labor of the nation that taxation should be equalized and reduced as the national faith will permit.

5th. The national debt, contracted as it has been for the preservation of the Union for all time to come, should be extended over a fair period, and it is our duty to reduce the rate of interest thereon whenever it can be honestly

done.

2th. That the best poller to diminish our burden of debt is so to improve our credit that capitalists will seek to lend money at lower rates ... interest than we now pay and must continue to pay so long as repudiation, partial or total, open or covert, is threatened or suspected.

should be administere! with the strictest economy. The corruptions which have been so shamsfully nursed and fostered by Andrew Johnson, call loudly for reform.

8th. We profoundly deplore the uptimely and tragic death of Abraham Lincoln, and regret the succession of Andrew Johnson to the Presidential Chair, who has acted treacherously to the people who elected him and the cause he was pledged to support; who has usurped high legislative and judicial functions, has refused to execute the laws, has used high office to induce other officers to violate the laws, has employed his Executive power to render inseemployed his Executive power to render inse-cure the lives, property, peace and liberty of citizens, has abused the pardoning power, has denounced the National Legislature as unconstitutional, has persistently and habituarty re-sisted by every means in his flower, every at-tempt at the reconstruction of the States lately In rebellion, has perverted public patronage into an engine for wholesale corruption, has justly been impeached for high crimes and mis-demeanors, and has been pronounced guilty thereof by the votes of 35 Senators.

9th. The doctrine of Great Britain and other European powers that, when a man is once a subject he is always so, must be resisted at every hazard by the United States as a relic of feudal times not authorized by the law of nations and at war with our national honor and ludependence. Naturalized citizens are entitled to be protected in all their rights of citizenship as though they were naturalized must be liable to arrest or imprisonment by any forbe liable to arrest or imprisonment by any for-oign power for acts done or words spoken in this country, and if so arrested and imprisoned. It is the duty of the Government to interfere

10th. Of all who were faithful in the trial-10th. Of all who were faithful in the trials of the late war, there were none more faithful for special honor than the brave soldiers and seamen who endured hardships of camp and cruize and imperiled their lives in the service of their country. The bounties and pensions appropriated by law for these brave defenders of the Union, are obligations never to be forgotten. The widows and orphans of the galiant dead are wards of the people, a sacred legacy bequeathed to the United States for protecting care.

11th. Foreign immigration in the past has added so much to the wealth and increased resources of this nation, the asylum of all nations, that it should be fostered by a liberal

tions, that it should be fostered by a liberal and just policy.

12th. The Convention declares its sympathy

with all oppressed people who are struggling for their rights.

The following additional resolutions were

By Carl Shutz : Resolved, We highly commend in a spirit of magnassimity and forgiveness the men who have served in the rebellion and who are now frankly and honestly co-operating who are now frankly and honestly co-operating with us in resporing peace to the country and in the reconstruction of the Southern States on the basis of impartial justice and equal rights, and are received back into the communion of loyal people, and that we are in favor of the removal of the disqualifications or restrictions imposed on the late rebels in the same measure

pendence, as the true foundation of Democratic government, and we hail with gladness every effort towards making these principles the liv-tog reality on every inch of American soil.
