TREASURE FOUND,-On Wednesday last Judge Duncan was laying a foundation wall on the site of an old cabin, nearly opposite Britt's, and accidently found a twenty dollar piece. Quite an excitement was kicked up, and further search turned out six more of the same sized pieces. The mason at work for the Judge tore down all the wall he had laid, and-found forty dollars mixed with the dirt mortar that had been made on the spot. One hundred and forty dallars, in all, was found, which had probably been buried there by some miner who was a wictim of the Indian war, some of the pieces being simply twenty dollar ingots from a San Francisco Assay office.

AN EXCITEMENT. - Noticing a group of excited people on the street a day or two ago, shaking hands with an elegantly dressed man, we rushed up, supposing Frank Blair had come to town. Crowding through to the cen- CES. ter of attraction we found it was our smiling triend Ike Sacha of Sachs Bro's. just returned, and that his elegant rig had been procured in their house here. Ike says they have more elegant and fashionable styles at the "Temple of Fashion" than ever before offered,

Senious Actionne.-On Saturday morning a little son of Andrew Conk ley's was very badly kicked by a stallion belonging to his father. The boy was leading it to water and the horse being in a playful most threw out his heels and struck the little tellow in the torchead, cutting a terrible gash and fracturing the skull. The child lay in convulsions for several hours until a physician was called, but hones are now entertained of his recovery, and at last accounts he was doing very

THE RACES.-The first days racing was not very exciting. The great attraction yesterday was a trotting match, to sulkeys, free to all, for a purse of \$100, best two in three. Only two horses were entered-Booth's, and Comstock & Cawley's "Jake" The track was very heavy but Jake GENERAL MERCHANDISE won the race in two straight heats, time 3:28. Considering that "Old Jake" has worked ten years in a livery stable, and was trained only three days, the time is pretty good.

FAST AND PRAYER .- To-day is a fast day among our Hebrew population, and their places of business are closed in consequence. The day is kept as an observance of the Hebrew taith, and and is known as Youm Kibber, commencing yesterday evening at sunset and continuing until starlight this evening. It is kept as a day of atonement and repentance for the transgressions of the past year, one on which a kind of moral balance sheet is struck, and a new leaf in the book of life turn-

BE CAREFUL .- About midnight on Monday, Marshal Wall discovered a bright light in the lower end of town CALIFORNIA AND SALEM and at once proceeded in search of the cause. He found that Dr. Grube's fence, just in the rear of the Court House, had taken fire from a box of hot ashes, and extinguished it without giving any slarm. But for the vigilence of the Marshal, Grube's woodshed and probably his dwelling also would soon have been in flames.

SINGING SCHOOL.-The singing class of Prof. Brooks', will meet at the M. E. Church, on Wednesday evening next. First evening free for all and a general invitation extended.

## WALTHAM WATCHES

PROOF OF THEIR SUPERIORITY

Pennsylvania Railroad Co.

OFFICE OF THE GEN. SUPERINTENDENT, ALTONA, PA., Dec. 15, 1867. GENTLEMEN: The watches manufactured by you have been in use on this Railroad for several years by our engine-men, to whom we furnish watches as part of our equipment. There are now some THERE HUNDRED OF PHEM CARRIED on our Line, and we consider them GOOD AND RELIABLE TIMEKEEPERS. Indeed, I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE, and have worn and de wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we for-merly trusted to those of English unnufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

EDWARD WILLIAMS, Gen. Superintend. ent, American Watch Company, Waltham.

N. Y. CENTRAL RAILROAD. LOCONOTIVE DEP'T., WESTERN DIVISION, }

ROCHESTER, Dec. 24, 1868. GENTLEMEN : I have no hesitation in saying hat I believe that the great majority of locomotive engineers have found by experience that WALTHAM WATCHES are the most satisfactory of any for their uses. They run with the great est accuracy and steadiness, notwithstanding the rough riding of an engine, and, as I have never known one to wear out, they must be durable. I hope to see the time when railway companies will generally adopt your watches and furnish them to all engineers and conduc tors. In my opinion it would greatly tend to promote regularity and safety. Yours respect-
