They passed away as a vanor, while nature wore the same aspect of beauty as when her Creator commanded her to be. And so likewise shall it be when we are gone. The heavens will be as bright over cur graves as they are now around our path; the world will have the same funeral wind on its way, and the attraction for offspring that she had once for ourselves, and that she has now for our children. A little while and all this will have happened: The throbbing heart will be sullied and we shall be at rest. Our prayers will be said, and and lusty. Days will continue to move on, and laughter will be heard in the very chamber in which we died; and the eyes will gliston again with joy; and even our children will cease to think of us, and will not remember to lisp our name. Then shall we have become, in the language of the Psaimist, "forgotten and clean out of mind."
