AMERICAN WALTHAM WATCHES.

PROOF OF THEIR SUPERIORITY. Pennsylvania Railroad Co. OFFICE OF THE GEN. SUPERINTENDENT, ALTONA, PA., Dec. 18, 1867.

GENTLEMEN: The watches manufactured by you have been in use on this Railroad for several years by our engine-men, to whom we furnish watches as part of our equipment.

There are now some THREE HUNDRED OF THEM CARRIED ON OUR LINE, and we consider them GOOD AND RELIABLE TIMEKEEPERS. Indeed, I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road.

As you are aware we formerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years. EDWARD WILLIAMS, Gen. Superintendent, American Watch Company, Waltham.

N. Y. CENTRAL RAILROAD. LOCOMOTIVE DEPT., WESTERN DIVISION, ROCHESTER, Dec. 24, 1868.

GENTLEMEN: I have no hesitation in saying that I believe that the great majority of locomotive engineers have had the experience that WALTHAM WATCHES are a most satisfactory of any for their use.

They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and, as I have never known one to wear out, they must be durable. I hope to see the time when railway companies will generally adopt your watches, and furnish them to all engineers and conductors.

In my opinion it would greatly tend to promote regularity and safety. Yours respectfully, CHARLES WILSON, G. Chief Engineer, Brotherhood of Locomotive Engineers, American Watch Company, Waltham.
