

God Grant and Victory!! Grant and Colfax 250 Electoral Votes Democracy Pa. verized!

The following are the majorities for Grant and Colfax, telegraphed so far. Enough is known to assure our readers that the Republican candidates have swept the Northern States, with the exception of New York and New Jersey, with a torrent of enthusiasm, and according to the Chicago Tribune, Grant and Colfax have 230 votes in the electoral College—nearly 100 more than necessary to elect:

Maine 28,000; New Hampshire 7,000; Vermont 30,000; Massachusetts 70,000; Pennsylvania 15,000; Indiana 10,000; Ohio 35,000; Missouri 20,000; Nebraska 4,000; Wisconsin 20,000; West Virginia 8,000; Illinois 45,000; Minnesota 7,000; Iowa 40,000; Kansas 5,000; Tennessee 40,000 North Carolina 40,000.

New York, New Jersey and Maryland reported to have gone Democratic by small majorities. New York not over 5,000 Democratic. Georgia 3,000 Dem.

Full returns from Connecticut gives Republican majority 3,490.

The States known to have gone for Seymour by majorities are Kentucky and Maryland 45,000; Louisiana 25,000; Georgia probably 10,000.

The following dispatch was received at the rooms of the State Central Committee in San Francisco, dated New York 4th, 4 A. M. The New England States, Pennsylvania, West Virginia, Ohio, Illinois, Indiana, Nebraska, and the North West all gone for Grant by large majorities. New York in doubt—probably for Grant. New Jersey probably Democratic. Signed WILLIAM CLAYTON.

Election in Oregon

The following was telegraphed from Portland on Thursday:

The following counties give Grant majorities:

Table listing counties and their majority for Grant: Benton 16, Clackamas 90, Douglas 97, Marion 514, Multnomah 120, Polk 7, Washington 200, Yamhill 75, Coos and Curry 100. Below this, Democratic counties: Jackson 220, Linn 180, Wasco 133, Lane 115, Josephine 39. Total: 15 counties give Grant 532 majority.

Seven counties, namely, Umatilla, Baker, Union, Grant, Columbia, Clatsop, Tillamook, to hear from which in June last gave about 700 Democratic majority. This gives the Democrats about 200 majority thus far, but the same rate of Republican gain in those counties will win us the State.

Later—Umatilla county goes 108 Democratic.

THE ELECTION.—The Presidential election at this place was very quiet and orderly. There seemed to be a settled conviction in everyone's mind that Gen. Grant would be the next President, so there was no use in making a fuss over it. The Democrats had no hope for the nation, but voted earnestly and confidently for the salvation of Oregon. Quite a number who could not fully make up their minds to vote for Grant and Colfax, rendered efficient aid by not voting against them. We hope and believe they will yet see the prosperity of the country under General Grant.

The very latest from Colfarnia indicates that that State has gone for Grant. Forty-nine counties give Grant 6,256 and Seymour 5,275. Mendocino to hear from which gave Haight 386. This gives Grant California by 595 majority. Up to yesterday evening Grant goes 16 Umatilla county with over 600 majority.

LOVE'S LABOR LOST.—The Copperhead papers of this State have been very busy denouncing the President elect as a drunken fool, a liar, etc. Some of them have published "Grantisms for the people," including his order against the Jew spies, for months and the consequence is that we have reduced their majority in Oregon over 1100 and have probably carried the State by a few votes.

What has become of Price's army.

The Result.

The Democratic party has met with another Waterloo defeat. Its hopes have all been disappointed, and its expectations have evaporated in smoke. Its negations have been signally condemned by the white voters of America, and its only victories have been won by the aid of negro votes. They have been crying "Stop Thief!" while they had Colfax securely in their grasp, and were bustling him with accelerated speed into the Democratic fold. The have him and he is perfectly inodorous! Blessed may be their Union! Our rooster is upright and vociferous now! In his early attempts to crow last Spring he threw himself out of joint and when the returns came in, he had not recovered from his early demoralization. But he is all right now! Grant is elected by a majority more overwhelming and triumphant than the most sanguine had dared anticipate. Reconstruction has become a fixed act, and peace and public tranquility will be the result of this glorious Union victory.

All hail to the future—full of hope, harmony and national glory! The financial pulse of the nation has already felt the beneficent shock, and gold has gone down, and Legal Tender advanced! Security and confidence have taken the place of threatened repudiation. The strait forward, round about common sense of the American people has always been the bulwark of American liberties. The late attempts on the part of the Democratic party to belabor that common sense by an appeal to self-interest on the bond question, has proved a great failure. So mote it ever be—"Let us have peace."

The Procession

On Monday night, according to programme, the Republicans of this place had the most enthusiastic torch light procession ever seen in Jacksonville. Many citizens were in from the country, and everything passed off with harmony and good feeling.

The procession, which was under the Mar halship of Mr. N. Langell, numbered probably about three hundred. The boys had provided quite a number of transparencies with appropriate mottoes, one of which declared, in the words of Colfax, that "those who love the flag shall rule the country." Another, for which the Republicans are indebted to Mr. Tho's. Brooks, represented Messrs. Seymour and Blair sailing up the boisterous waters of "Salt River"—the latter rowing the boat, and Seymour accusing him of being the cause of their sad disaster. The procession started at seven o'clock from the Court House, proceeded by the Jacksonville Brass Band, and marched through all the principal streets, stopping at various points to cheer for Grant and Colfax; and the boys were so full of enthusiasm that there was nearly a continued cheering along the whole line. Halting in front of this office, they gave three hearty cheers for the SENTINEL, which rung out with a will, and showed that our efforts were appreciated by the party whose principles we have ever advocated. At the Express corner where the Democratic meeting was being held, the parties saluted each other, and occasionally a Republican gave a hurrah for Frank Blair, feeling no doubt that the poor fellow needed sympathy; and no insulting or offensive epithet was used by either party during the whole evening. After the procession an immense meeting was held at the Court House, which was addressed by Hon. O. Jacobs, Messrs. Hayden, Langell and Dowell.

Credit is due to Messrs. Langell, Dick, Watt, Brown, Ramsdell, and several others for the interest they took in arranging matters; and altogether, the demonstration was the pleasantest and best the Union party ever had in this county.

An Intelligent Legislator.

J. L. Louden, who was a member of the late Assembly at Salem, declared on the stump on Monday night, that he had stuck to the Democratic party in the Legislature, and voted with it every time right or wrong! Is this not a pretty declaration for a man making pretensions to intelligence to make in a public speech? The people of Jackson county should be proud of their representatives! Smith did not have brains enough to keep him awake and Louden just enough to make him watch his leaders, and vote exactly as they did, right or wrong. We think the people of this county have had enough of the services of putty men, but if not, we would suggest as a matter of economy, that a Chinaman be sent to the Legislature next time—he could live on rice, work cheaper, and vote just as intelligently as men who acknowledge that they know nothing but party—right or wrong.

The Oregon Legislature.

It seems ungenerous to kick a dead dog, but Senator Williams made the late Legislature of this State appear so perfectly ridiculous that it will have to be entered upon the record. The members from this county will have to take their share of it, and if they are not all as stupid as "Sleepy Tom" of Ashland, they must feel the force of the Senator's sarcasm very keenly. Mr. Williams alluded to the windy resolution denouncing Congress and rescinding the assent of Oregon to the fourteenth amendment, and then enumerated some twenty petitions and memorials, craving Congressional aid for various projects in this State. He drew a very pleasant picture of the Legislature of this State marching in one hand and the other stuffed full of petitions and saying, "You infernal thieves, you anarchists, you traitors, you black hearted scoundrels that have no business in these seats! please, oh do please be kind and condescending enough to grant these humble representatives of Oregon, who hunk the dust off your feet, about thirty millions of dollars more or less. The modest request of a partisan body to our Senators to resign, when those gentlemen had been elected by the opposite party is so laughable that we have to smile loudly, and can hardly suppress a guffaw when we meet a member of that remarkable body. There is still one satisfaction left. The whole country has been so intensely absorbed by the Presidential campaign that there is a chance for the wonderful capers of that herd of asses called the Legislative Assembly of Oregon, to have escaped public notice throughout the country. No wonder they were interested in the Insane Asylum question; it was of vital importance to them, and we seriously believe that if the Republican members had not put a summary stop to the disgraceful folly of the Democratic majority, the latter would have soon required straight jackets to have restrained them. Hereafter if the people of this State do not take warning by the late assemblage of buffoons at the State Capitol, their interests must suffer; and if it is necessary to stigmatize a man as a headless idiot, it will be sufficient to say that he was a member of the Oregon Legislature.

ELLENBURG, Oreg., Oct. 26th, '68. The fire in the Coast mountains has been the most terrific and destructive known to the whites. The densest and most impenetrable woods and brush are swept away as with a besom of destruction. One old hunter in Curry county states that he found the charred remains of a large band of elk, that had apparently been surrounded by fire, and unable to escape. All the houses, fences, barns, etc., at Port Orford, excepting the residences of Capt. Tichenor and Mr. Burnap, were burned. Mrs. Tichenor is now in a critical condition from burns received in saving her house. With no one to assist her, and alone; with the angry flames roaring, crackling and hissing all about her—burning the yard fence within a foot of the house; and though several times her clothing was on fire, this Spartan hearted woman saved her home from destruction by sacrificing herself. Important discoveries of ores are being found in various localities of Coos and Curry counties. Quite an excitement is now agitating the people of these counties, in consequence of the discovery of a rich gold-bearing quartz ledge at Salmon Gulch, 45 miles north-east of Port Orford. A rival company, supposed to be in the interest of San Francisco capitalists, are pretending to claim the ledge as a spur from an unknown and imaginary one of theirs, which will probably lead to litigation. Some silver and copper ores have been found in various localities of Curry county, which will ultimately prove a fine field for the miner and the mineralogist.

ROSEBURG OREGON NOV. 2d 1868 Charles Slocum, son of Wm. Slocum, formerly of Wilbur died at the Mouth of the Umpqua River on the 18th ult. of Small Pox. No other case is yet known to exist in that vicinity. It was taken from a man put ashore from the Steamer Del Nort a few days before, who after exposing the entire population of the lower Umpqua, took his departure down the Coast. Aside from the great issue to-morrow, Douglas County has local issues to pass upon. A vote is to be taken upon the question of dividing the County by the line of the North Umpqua, and voters North of said proposed line are to elect County officers for the new County, and those South of said line are to vote upon the location of a Countyseat. If the division fails, of course the other fails also.

TELEGRAPHIC

Latest New York 4th. Seymour seems to carry New York by about 8,000, but he runs a long way behind his ticket, Hoffman's majority being estimated at 20,000. Republicans retain the Legislature. In New Jersey the Republicans have lost the Legislature, and consequently a Senator in place of Frelinghuysen, the Congressional delegation is two Republicans and three Democrats. Post charges enormous frauds upon Tammany leaders. Estimates that 20,000 fraudulent votes were polled. Hoffman's majority will be contested. Morgan and Schenck publish a card stating their opinion that no public exigency requires the attendance of a quorum of members of Congress on the tenth.

Green, Democrat, is elected in 10th district over Van Wyck by a small majority. His election will probably be contested on the ground of fraud. Latest returns show Grant's majority in Indiana not less than 10,000 and it will perhaps reach 12,000. Iowa returns Grant's majority 50,000. The negro suffrage amendment is carried in that State by 25,000. Missouri returns incomplete; Grant carries the State by about 12,000. Wisconsin gives 18,000 for Grant—Congressional delegation is unchanged. Illinois gives Grant 50,000, and Congressional delegation same as before, except that possibly Rann, Republican, is defeated in the thirteenth district. The Florida Legislature chose electors; the vote stood 40 Republican to 9 Democratic. South Carolina is undoubtedly Republican. In New Jersey, great frauds were perpetrated in some places. The Republicans will contest the election. In Tennessee Lettwick, Democratic probably elected to Congress in Memphis district. All others Republican. Grant carries the State by a reduced majority. Raleigh—returns received from most precincts, but not enough to determine the result in the State. Scholer, Democrat, elected to Congress. Hartford—full returns give Grant a majority of 4,872. Little has been received from Arkansas; as far as heard from there was no disturbance. Newark—Latest returns show about 4,500 majority for Randolph and 2,500 for Seymour. Wilmington, N. C.—Democrats claim the State for Seymour. The Star estimates the Republican majority at 3,000. Election of Scholer in 9th district regarded as certain; his competitor was N. Boyden. Democratic confident that Durham is elected in 7th district, Savannah—Our city perfectly quiet. Two policemen were shot yesterday by negroes—and is dead the other dying. Negroes on an Ogeechee road reported to be armed and gathering in large numbers with the design of entering the city under the lead of Brady. An armed patrol is on duty to-night. Democratic majority in the city over 4,000.

San Francisco 5th. Greenbacks 74½. Gold 192 in New York. The State is doubtful still. By careful count thus far Grant is 785 ahead. 15 counties to hear from which gave 1324 Democratic and 556 Republican majorities last fall. 315 P. M. Union State Central Committee thinks Hartson's case doubtful, but thinks the State will go for Grant by about 700 majority. MAJOR RINEHART.—Major Rinehart, who was sued by P. H. Mulky for false imprisonment, is in town, and called on as the other day. The Major is in as good spirits as could be expected, but would feel much better if trial was to be had in some other county.—State Journal. SMALL POX.—This loathesome disease has made its appearance at Gardiner, in this county having been brought to that place from San Francisco by the steamer, and the first case has proved fatal. It is probable that the disease has been communicated to others, and the greatest care should be used to prevent its spreading further.—Roseburg Ensign. MONEY FOUND.—We mentioned last week the fact that Mr. Atkeson, of this place, lost quite a large sum of money just before he left. Last Sunday five hundred dollars was found in the back part of the building he occupied while here. The amount lost was six hundred and twenty-five dollars; so the thief kept one-fifth for his honesty. The money found has been forwarded to him in California.—State Journal.

In a recent speech in Philadelphia Senator Wilson said: "The men who rode to Gettysburg and broke the advancing columns of Lee, have a right to live where they please. They may take their knapsack or their carpet-bag with them. If Wade Hampton don't like their carpet-bag, if South Carolina is not large to hold Wade Hampton and their carpet-bag, then Wade Hampton must get out of South Carolina. If anybody has got to leave any of the States, it must be the unrepentant traitor."

NEW TO-DAY.

EUREKA HAIR MATTRESSES DEFY COMPETITION.

573 Mission Street, San Francisco. CHAS. S. WHITMAN, ATTORNEY-AT-LAW. Corner of 7th and F Streets, WASHINGTON, D. C. SPECIALTY: Business before the LAND, Internal Revenue and Patent Offices.
