

Religious Notices.

Rev. J. D. Driver, Agent of the American Bible Society, will deliver an address on the Bible cause at the Methodist Church, on Sunday the 15th, inst., at 11 o'clock A. M.

THE WHEELBARROW WAGER.—Yesterday Louis Herling came up to the scratch and wheeled his Republican friend Blatt over the mountain to Poor-man's Creek. The procession started from Wetterer's Brewery at 1 P. M., and although it was a heavy load Louis tugged and worked till he got over safely. We heard that Blatt was about as tired as Herling, and very glad to get landed without damage.

FOR WASHINGTON.—B. F. Dowell Esq. started for Washington this morning. He goes to prosecute his claims against the government. It there are any claims against the United States that are founded in justice, it is these, and they should have been paid long since. It is hoped that he may succeed and return soon to take an active part in the progress of this section of Oregon where his lot is cast. A pleasant voyage and success to him.

OVERLAND MONTHLY.—This splendid magazine for November is on our table. As usual it is full to overflowing with rare and valuable reading. Among its contents are "A cruise on a slave," "Wheat in California," "Our Heathen Temples," and "Restaurant life in San Francisco," either of which is worth more than the price of the number. It is published by Roman & Co., San Francisco.

DEBATE.—We are requested to announce that a meeting will be held at the Pioneer Reading Room, this (Saturday) evening, for the purpose of reorganizing the Jacksonville Legislature. Not all those who take interest in such proceedings be at their posts, as there are a great many important measures, acted upon or omitted by the Oregon Legislature, that want attending to.

SMASH-UP.—On Tuesday last, three gentlemen, names not learned, chartered a team and buggy of Jim Hubbard to go to Willow Springs. They had their "leg" tolerable full, and, in going down a steep pitch South of the Springs, the team took a start and spilled them. The consequence was: two or three broken noses and a buggy badly demolished.

We were shown some new brackets, tubs, etc., at Mr. Ryan's, manufactured by J. S. Fellows, at the Mt. Shasta Factory, which are as neat and substantial as anything of the kind we have seen. They are made out of sugar pine, and ought to find ready sale in any market.

NEW BUGGIES.—Messrs. Plymale & Manning have lately received some of the finest buggies ever brought to Jacksonville, and have horses to match them; and we doubt if there can be a finer turnout found on the Pacific Coast than can be had at their stable. Give them a call.

ACCIDENT.—Sylvanus Thurman, of Bear Creek, while chopping wood on last Saturday, cut his foot with the axe, severing a large blood vessel, for which there was dangerous hemorrhage for a time.

Prof. Ramsdell performs again in Jacksonville to-night, and at Ashland on next Wednesday evening. He has the reputation of giving satisfaction in his line. We hope he may have success.

SOIREE.—The String Band gave another of their pleasant parties at Veit Shutz's on last Wednesday evening. All who attended speak of it as pleasant affair.

MACHINERY RUNNING.—All the machinery at the Ashland Woolen Mill is running. It is engaged on flannel at present.

Mr. Hess has purchased the fine farm of Mr. Thornton on Wagner Creek. Consideration \$3,000.

To Heads of Families.—Do your little ones object to camp? If so, do not use NEWELL'S PULMONARY SYRUP. A few doses given in time MAY SAVE THE LIFE OF A DARLING CHILD. Do not fail to have it on hand, if you would be safe and free from anxiety.

Time of Peace.—This is a valuable medicine for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including Kitchen Utensils, copper, brass, steel, etc.

AMERICAN WALTHAM WATCHES.

PROOF OF THEIR SUPERIORITY. Pennsylvania Railroad Co.

OFFICE OF THE GEN. SUPERINTENDENT, ALTONA, PA., Dec. 15, 1867.

GENTLEMEN: The watches manufactured by you have been in use on this Railroad for several years by our engine-men, to whom we furnish watches as part of our equipment. There are now some THOUSANDS OF THEM carried on our LINE, and we consider them GOOD AND RELIABLE TIMEKEEPERS. Indeed, I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we formerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

EDWARD WILLIAMS, Gen. Superintendent, American Watch Company, Waltham.

N. Y. CENTRAL RAILROAD. LOCOMOTIVE DEP'T., WESTERN DIVISION, ROCHESTER, Dec. 24, 1868.

GENTLEMEN: I have no hesitation in saying that I believe that the great majority of locomotive engineers have found by experience that WALTHAM WATCHES are the most satisfactory of any for their work. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and, as I have never known one to wear out, they must be durable. I hope to see the time when railway companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety. Yours respectfully,

CHARLES WILSON, G. Chief Engineer, Brotherhood of Locomotive Engineers, American Watch Company, Waltham.

Every Watch Fully Warranted. For sale by all first-class dealers in the United States.
