They are now prepared to take charge of all orphan children, no matter to An immense Stock of what religious sect their parents may have belonged. They will clothe, feed and educate them until 18 years of age, and should any child show evidence of a superior mind, they will insure its education at the highest school in the State. AMERICAN

WALTHAM WATCHES.

PROOF OF THEIR SUPERIORITY

Pennsylvania Railroad Co. OFFICE OF THE GEN. SUPERINTENDENT,

GENTLEMEN: The watches manufactured by you have been in use on this Railroad for several years by our engine-men, to whom we furnish watches as part of our equipment. There are now some THESE HONDERS OF THEM CARRIED on our Line, and we consider them GOOD AND RELIABLE TIMEKEEPERS. Indeed, I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we furmerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

EDWARD WILLIAMS, Gen. Superintendent, American Watch Company, Waltham.

N. Y. CENTRAL RAILROAD.

LOCONOTIVE DEP'T., WESTERN DIVISION.
ROCHESTER, Dec. 24, 1868. GENTLEWEN: I have no hesitation in saying that I believe that the great majority of locomotive engineers have found by experience that WALTHAM WATCHES are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and, as I have never known one to wear out, they must be durable. I hope to see the time when railway companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety. Yours respect-
