

The Yreka Union observes "that it now becomes an interesting question as to what the radicals propose to do in relation to the suffrage question in the loyal States."

A Democrat in this town remarked this week, "that if he could only write what he thought was in him he would help the Revue to pitch into us."

In Bad Company.—The editor of the Democratic organ in Yamhill county acknowledges that he has been in company—says he is ashamed of the standard of morality and statesmanship of the majority of the legislature, and pronounces them "pretty specimens of a white man's party."

The mileage of the messenger who carries the Electoral vote of this State to Washington is about \$1,500 in our money, which will barely pay expenses.

The Albany Argus states that "the bonds of the State of New York, which matured on the first instant, though the loan was made in gold have just been paid in currency."

The old definition of the British Parliament will apply very well to the late Legislature of Oregon: "An ill-constructed grate which gives out smoke enough to fill a nation, but not heat enough to warm two rooms—a number of men assembled to prevent each other from doing anything."

EDITORIAL CHANGE.—Beriah Brown of the Oregon Herald has retired from the field of Oregon politics. With his carpet-bag in one hand, fragments of the "shattered Constitution" in the other, and his back covered with Salt River Baranules, the old chief has made his retreat, and will probably be next heard of in the Fejee Islands.

HEARD FROM.—The Unionist says that Thos. Greenwood, alias Dixie, has been sentenced to the Penitentiary for ten years for shooting a Night Watchman named Coffey. Mr. Dixie was up before the Recorder here some two years since, and was allowed his liberty on condition that he left the county.

THE REPUBLICAN REJOICING AT HARTFORD, (CT).—A PLEASING FEATURE.—Hartford, Ct., Nov. 4.—A pleasing feature of the celebration here to-night was that the Seymour and Blair Club came out with torches and joined the procession, bearing a banner inscribed "Let us be friends." They were given the head of the line and received tumultuous cheers.

The antipathy of Democrats to the Chinese is easily explained. Democracy is the great "unwashed" party of America, and the Chinese are said to be wedded to cleanliness, therefore the antagonism is natural and pardonable.

The temerity of Californians is astonishing. A committee of San Franciscans (of which L. Sachs is one) have the great earthquake in their hands. It is not yet known what they have done to keep it quiet so long.

McClellan refuses to come to California. Nature, in that State can upheave dirt so much faster than he, that he would be in a continual state of humiliation.

The Central Pacific Railroad Company are making arrangements to keep four or five hundred men in the snow country this winter.

The date of Grant's commission as General is July 25th, 1866. That of Sherman's as Lieut. General is dated on the same day.

The Suffrage Question.

Everything indicates that the suffrage question will be a live issue in American politics within a short time. The lack of uniformity, the facility with which the naturalization laws are evaded, and the wholesale perjury induced by partisan zeal in times of intense political excitement, naturally impel men to enquire if public order and the common welfare do not demand a modification of the naturalization laws.

Speaking of illegal voting in the Eastern counties, the Oregonian has the following: "In Grant, Bob Ladd had a large lot of teamsters, few of whom were entitled to vote in Oregon, but who all nevertheless voted."

Business, Not Taste.

It is surprising but true that there are some Democrats who do not like the SENTINEL. Frequently their indignation finds vent, and they wonder why their party brethren, will persist in patronizing us.

Electric School. We attended an examination of the scholars in both departments of the District School on Thursday and Friday, and must express gratification at their manifest improvement in every respect.

According to law the electors met on the first Wednesday in December, at the State Capital in the several States, and cast the vote of such States for President and Vice President. A certificate of the result of the vote is then made under the seal of the State.

How the Vote Got There.

WASHINGTON, Dec. 3, 1868. HON. S. E. MAY, Sec. of State.—Some one certificate by messenger to Washington.—Compensation, twelve and one-half (12 1/2) cents per mile.

Our neighbor was sadly out of humor last week, and evidently spoiling for a "physical discussion," that he don't really want and can't possibly get out of us—muscular exertion not being our style.

THE NEW EDITOR.—Mr. Penoyer, the new doctor of the Oregon Herald, is newly opposed to a sudden change of treatment. He finds Democracy greatly prostrated, feels its pulse with immense gravity, and prescribes a continued treatment of "nigger in a mild form and broken doses, so as to not disturb too seriously the fixed habit of the patient."

Letter From Klamath Agency.

KLAMATH AGENCY, Oga., Nov. 23rd 1868. FRIEND SENTINEL:—Klamath Agency has been a lively place for the last week. Supt. Huntington arrived here on the 20th ult.

Last evening after dark, a renegade Indian from Oregon City, who gave his name as Dick was arrested and put in prison to await investigations. He came on this reservation some four weeks ago, and has been secreted by the Indians.

The Superintendent starts on his return trip this morning. Dr. McKay and myself go with him from this agency; we go via. Warner, Harney, Umpilla and Dalles; and now that this trip is to be performed in winter, on a high, cold and barren region, it is natural to imagine that we will enjoy but little pleasure.

I am writing in much haste, and can say no more now—will write you at different times as I swing round the circle.

Yours truly, YIA-NOK.

GANG PLOWS.—In noticing the gang plows manufactured by P. Donegan, in this place, the Yreka Union makes the following enquiry: "Have gang plows been introduced yet in either Shasta or Scott Valleys?"

If the farmers of that section still use the common plow they are certainly behind the age and would do well to substitute any "gang" plow more especially "Pfeils" patent, for them. Quite a number of farmers were present a few days since at the trial of one of Donegan's plows in the field of J. N. T. Miller, and they pronounced it the lightest running and most perfect working plow they had seen.

A GOOD CITIZEN GONE.—We learn by a private dispatch from Roseburg that the Rev. Thomas Croxton died in the Umpqua valley on Thursday, and is to be buried at Grant's Pass on Monday.

NICE YOUTH.—From the Albany Register, we learn that a boy named Comley stabbed another named Nixon in that city on Tuesday of last week.

Sheriff Van Buren, of Douglas county, passed through here this week on his way to Kerbyville. He probably knew his business and kept it to himself.

Some of our subscribers will find receipts enclosed in this issue—they will please send in the amounts received for.

The tax levy in Jackson county for this year is thirteen mills on the dollar.

Letter From Ellensburg.

ELLensburg, Nov 30th, 1868. EDITOR SENTINEL:—While other portions of our country are jubilant over the happy conclusion, that Gen. U. S. Grant is our President elect—the choice of a wise and loyal people—we would wish our fellow citizens to understand that the hardy mountaineers of the Hesperian shore, the limit of the course of the "Star of Empire," are no less rejoiced, patriotic and enthusiastic.

On last Wednesday, the 25th inst., Messrs. I. S. Morrison and Marion Scott gave a Grant dinner and ball, extending an invitation to all good Union men to attend. Despite the stormy weather, there was the largest and most enthusiastic gathering of men, women and children ever witnessed in Curry county.

With feast and song and dance, without the wine, the people enjoyed themselves until the following morning. We were much amused as the choir was singing "Sobermen's March through Georgia," at the remark of an honest Democrat, who said, "I do hate that tune; it reminds me too much of the 'Atlanta to the Sea' inspired such emotions in Democratic bosoms—the C. S. A. felt the sting to the heart, and the song renews bitter anguish whenever it is heard."

CHRISTMAS TREES.—The manager of the Sabbath School desires to state that there will be a "Christmas Tree" for the little people on Christmas Eve.

GOES EAST.—Hon. S. F. Chadwick goes East to cast the electoral vote of Oregon for Seymour and Blair.

HER ANDERSON, the Danish story teller is to visit California in February.

MARRIED. McINTIRE—JONES.—On Monday, the 7th inst. at the residence of Hon. J. A. T. Miller, by J. R. Wade, Esq., Mr. John McIntire to Miss Amy Jones, all of Jackson county.

HEIRS—MULLER.—On Monday, the 7th, at the residence of Mrs. J. P. John, by J. R. Wade, Esq., Mr. John Muller, to Mrs. Elizabeth Muller, all of Jackson county.

DIED. SPEARS.—On the 19th ult. about 10 o'clock, of Chronic Inflammation of the brain, Tommy, son of the late James Spears, in his second year.

HENDRICK.—On the 4th inst., near Bear Creek, of Malarious Comp., Mary Ann Hendrick, aged 17 months.

Singing School. A number of Singers met at the Methodist Church, in Jacksonville, last Monday evening and formed a singing class.

EXECUTORS NOTICE. NOTICE is hereby given that letters of administration have been granted by the County Court of Josephine County, Oregon, to the estate of Peter S. O'Leary, late of said county, deceased.

Beef Cattle Wanted. THE following will receive written proposals for fresh beef at the Klamath Agency, until the 21st of December 1868.

Beef must be of good quality, delivered on the block at the agency in quarters, the ribs and odd thrown in. One thousand pounds will be required at each delivery, on the first, seventh, and twenty-first of each month.

NEW TO-DAY.
