MANHOOD.—IN THE YOUNG and rising generation, the vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye, and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the everchanging scenes of the city, the powers of the body too much enfeebled to give zeal to healthful and rural exercise, thoughts are turned inward upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain; and the parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

HELMHOLD'S EXTRACT BUCHU, for Weakness arising from excess or early indiscretion, attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such patients than Solitude and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this said result occurred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sordid and quite desolate—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woe-ful measures was Despair Low sullen sounds their grief beguiled." Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry or the removal of the consequences: HELMHOLD'S HIGHLY CONCENTRATED FLUID EXTRACT OF BUCHU. There is no tonic like it. It is an anchor of hope to the surgeon and patient, and this is the testimony of all who have used or prescribed it.

Sold by Druggists and Dealers everywhere. Prepared at H. T. HELMHOLD'S Drug and Chemical Warehouse, 594 Broadway, New York.

RECOMENDATIONS.

GREAT SALT LAKE CITY, UTAH, Jan. 28, 1868. Mr. H. T. HELMHOLD: Dear Sir: Your communication requesting our terms for advertising was duly received, but from a prejudice I had formed against advertising "cures for secret diseases," it was left unanswered. During an accidental conversation in a Drug Store my mind was changed on the character of your Buchu. It was then highly commended for other diseases by two physicians present. Inclosed please find our rates of advertising. Yours, &c. T. B. H. STENHOUSE, Editor and Proprietor of Daily and Semi-Weekly Telegraph.

N. Y. S. VOL. INSTITUTE, Corner of 5th Ave. & 76th St. Central Park. (A Home and School for the Sons of Deceased Soldiers)

Dr. H. T. HELMHOLD: Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child suffering more from weakness than from habit, may be spared punishment, that is (not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thinking you on behalf of the children, and hoping yours may be alike benefited.

I am respectfully yours, COL. YOUNG, General Sup't, and Director, June 16 1868.
