

An Infamous Outrage

The patience of the community has been sorely tried, several times since the epidemic; but never beyond forbearance till this week. It seems that there is a female imposter named Roundtree among us...

The Unionist say: "Secretary May has taken the very proper precaution to employ a night watch, and is determined that the State Treasury shall be surrounded with every protection for its present security."

We take the following items from the Unionist of Jan. 29th: Mr. F. N. Woodworth, of Howell Prairie, a few days since sold eight hogs to Mr. Cross...

GAMBLING.—A Eugene paper states that they have a concern there at which the boys spend much money. They call it the "Tiger."

BEWARE OF VARIOLOID.—We beg our citizens not to treat varioloid lightly. Shun it as you would a confidant case.

WEEKLY COMMERCIAL.—We have received the first copy of this paper published by Bull & Dow, in Portland. It is a neat looking sheet, but its Democracy is rather "undiluted."

Things to be Kept in Remembrance.

Laborers and mechanics, keep this in remembrance, that Colonel Chapman, a Democrat, introduced in the Legislature a bill to prohibit the employment of Chinamen in factories and on railroads...

Laborers and mechanics, keep this in remembrance, that Col. Chapman, a Democrat, in introducing a bill to impose a special tax on Chinese in this State, proposed a measure which was in conflict with the Constitution of the United States...

In 1867, H. H. Haight, a Democrat, was elected Governor of California. The main argument used by him and his friends in the campaign, was this same "Chinese question."

The Oregonian could have added; That since the introduction of Chinese labor into California the Democratic leaders in that State, both in the Legislature and on the Supreme Bench, have bitterly opposed any restriction on Chinese immigration.

In 1855, the Chinese labor question was agitated in California, and the Whig party succeeded in procuring the passage of an act imposing a capitation tax of fifty dollars on every immigrant not competent to become a citizen of California.

It was held by the Court that the intention of a tax was prohibition; and there fore contrary to the spirit of our Constitution, and in direct violation of a solemn international obligation.

In 1857, a prominent Republican member of the California Legislature, Mr. George B. Tingley, introduced a bill, intended to stop the influx of Chinese immigrants into that State, which was opposed and defeated by the Democracy, on the ground of unconstitutionality.

Universal Suffrage.

The people in the State of Nevada are taking a step in the direction of universal suffrage. An amendment to the State Constitution is to be submitted to them by the legislature at the next election.

The Epidemic.

Since our last issue we have only to record four new cases of small-pox. Two of these—an infant at Mr. Nortons and George Stearns, have occurred in the valley.

A Handsome Letter.

ASHLAND, OUN., Feb. 3d, 1869. EDITOR SENTINEL.—Please accept the accompanying specimen of manufactured goods from the R. R. V. Mfg. Co. Mills at this place, with the compliments of the Co.

With the above handsome letter we received enough cloth of Ashland manufacture to make a full suit. It is a splendid article and good enough for a millionaire.

In our remarks on "Week-day religion" a short time since we intended no reflection on Rev. Mr. Williams. That gentleman kindly volunteered his services in any capacity, but as he was not a resident of the town they were declined.

Death of a Pioneer.

The last victim of small-pox among us was Col. W. T. Vault, who died at 11, p. m., on Thursday. Although in the fullness of old age, being 62 years old, it is painful to reflect that after a busy life and prominent services he should be struck down by so dreadful a malady that not a single mourner dared follow him to the grave.

Mr. T. Vault was one of the early pioneers of Oregon, and has filled a prominent place in its Territorial and State history. He was a native of Missouri, and came across the plains as captain of a company of emigrants, in '845.

Mr. T. Vault was a prominent politician, having acted uniformly with the Democratic party and at the time of his death occupied the position of District Attorney of the 1st judicial district, to which he was elected in June 1868.

THE DEATH-BED OF IGNORANCE.—One of the most touching, the saddest, yet the holiest scenes of life is the couch of a dying child. Just one week ago, as the last hours of the day were ebbing, and the hand of Time turned to the midnight hour, the spirit of little Maggie Love joined its mother's in the better land, and the scene is described by those who witnessed it as peculiarly touching.

THE SAN JOSE JAIL IS CROWDED. Small-pox has disappeared from Stockton. The cars now run to Elko Station four miles east of Sacramento.

Book Notices.

The new magazine of Mayne Reid, Onward, is received. It is entirely filled with original matter from the pens of some of the first writers in the country.

A Word to the Homeless.

EDITOR SENTINEL.—As there is a general movement being made throughout Oregon to encourage emigration, and show what inducements our young State affords, as a desirable place to locate, I would like to say a few words to the homeless about their chances in our, almost isolated county.

Curry county lies on the coast, in the extreme south-west of Oregon, is sparsely populated, is broken wild and, mountainous, and possesses the most delightful and healthful climate of Oregon; indeed, it is much to be doubted whether any other spot of the globe surpasses it for health, and even temperature of climate.

The great body of the land can never be occupied, as it is heavily timbered mountains; but there are many places, yet vacant, that will make pleasant homes, and, in time, be valuable. Along the coast are broken, hilly prairies, adapted to grazing; while along all our mountain streams are many rich, but small bottoms, often convenient to some good stock ranch, that can be enclosed, and made into homes.

Our county can never be an agricultural region, for we have few extensive fields; but there are innumerable fertile places, where men can cultivate a few acres, make an independent living, and be surrounded by the blessings of that magic word, "Home!"

I would say to those men who desire to locate, come and see our coast county; but come first without your families, and judge for yourselves. We have no wagon roads, only a trail over which the settler must pack his family and fortune on horseback.

A SETTLER. Ellensburg, Jan. 25th, 1869.

Pilot Rock furnishes us with the following: Mr. A. J. Burnett arrived at Ashland yesterday from Ink River.

The most serious epidemic raging here now is the Goose Lake fever, which is likely to carry off many of our citizens, as soon spring opens. It is feared Uncle Ike Miller has got it, and that he will break out (over the mountains) before long.

Pacific Coast Brevities.

The San Jose jail is crowded. Small-pox has disappeared from Stockton. The cars now run to Elko Station four miles east of Sacramento.

Mr. Newman has fifteen looms weaving silk at San Jose, Cal. Los Angeles, Cal., is taking a lively interest in the silk culture.

The Navajo Indians are at war with the Apaches in Arizona.

The removal of the Capital from Carson is being agitated in the Nevada Legislature.

Fifteen funerals of victims of the small-pox took place in Milwaukee in one day recently.

Through trips by rail from San Francisco to New York may be made as early as May.

The San Francisco Board of Police Commissioners have appointed nineteen new policemen.

There are eight cases of small-pox in the Castro family near Yreka, all in one room. The house is carefully guarded.

The school fund of Minnesota amounts to \$2,081,000.

A thread mill in Holyoke (Mass.), strings out 25,000 dozen spools daily.

In California there is one woman to three men; in Nevada, one to eight; in Colorado, one to twenty.

ASHLAND SANITARY REGULATIONS.

ED. SENTINEL.—At a general meeting of the citizens of Ashland, held at this date, the following resolutions were unanimously adopted: Resolved That the Board of Health notify the inhabitants of other parts of the valley...

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.

Resolved That the Board of Health notify the inhabitants of other parts of the valley, and vicinity of those places that have been in Ashland, except when in the case of business, in strictly necessary cases.
