

Advice to Young Mothers.

When a child is born, have it carefully wrapped in flannel, put to bed and covered with three and a-half feet of woolen blankets. The warmth will either nourish it into a healthy child or kill it—it matters little which.

Always contrive to have its clothes as full of pins as possible. This will insure it to pain and cultivate fortitude.

Never, under any circumstances, say that it is the perfect picture of its father, for it is by no means an original remark, and has sometimes been disseminated.

There are no objections of having the baby exhibited to your lady friends when they call. They have sometimes been known to ask to see it. All they say about it you can rely upon as strictly true.

If your husband should insist on taking the dear infant from your arms while you are kneading the bread, cry. This will prove him to be a brute, and vindicate your good taste for marrying him.

Always take the baby to church when it is teaching; it will keep people from sleeping during service.

Whenever you bathe it or strip it for bed, take it by both hands, throw back your shoulders and make it walk gracefully on your chest. This should never be omitted, as it strengthens baby's arms and looks pretty.

Teach baby to suck its thumb. It will add a new and refined pleasure to its existence, and a grace and vivacity to its expression. The habit is supposed to be indicative of budding intellect, and is useful in keeping it quiet when you don't wish to feed it. A well regulated baby will suck its thumb for weeks and require no other sustenance.

Never omit to say "God bless it;" when baby sneezes. The happiness of its entire existence depends upon a unversing adherence to this custom. Never talk "baby talk" to it; the custom is obsolete and strongly condemned by all mothers and little girls. To call a baby a "pitty-itty poodle-um-pip," and extend to it an invitation to "tun to its doolybody mutzerynum," is enough to stamp you as a person destitute of every material attribute, and place you entirely outside the pale of good society. Hence it is never done. *Figuro.*

NOTES.

Proposals must be to carry the mail with "certainty and dispatch," using the terms of the law, and they must be guaranteed by two responsible parties, to be as such by a postmaster or judge of a court of record.

No pay will be made for trips not performed and for each such omission not satisfactorily explained three times the pay of the trip may be deducted. For arrivals so far behind time as to break connection with departing mails, and not sufficiently excused, one-fourth of the compensation for the trip is subject to forfeiture. Fines will be imposed, unless the delinquency be satisfactorily explained, for neglecting to take the mail from or into a post office, for suffering it to be injured, destroyed, robbed, or lost, and for refusing after demand, to convey the mail as frequently as the contractor runs, or is concerned in issuing schedules on the route. The Postmaster General may annul the contract for disobeying the post office laws, or the instructions of the Department. He may alter the schedule of departures and arrivals, and also order an increase of service by allowing therefor a pro rata increase on the contract pay. He may also curtail or discontinue the service in whole or in part, at a pro rata decrease of pay, allowing one month's extra compensation on the amount of service dispensed with. Bids should be addressed to the "Second Assistant Postmaster General," superintending the routes of Oregon, and sent by mail.

For forms of proposal, &c., and other information, see advertisement of this date, in pamphlet form, at the principal post office.

ALEX. W. RANDALL, Postmaster General.

MANHOOD.—IN THE YOUNG, and rising generation, the vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye, and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the exchanging scenes of the city, the powers of the body too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inward upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. As the increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain; the parent's heart bleeds in anxiety, and fancy's grave but waiting for its victim.

HELMHOLD'S EXTRACT BENU, for Weakness arising from excess or early indiscretion, attended with the following symptoms: Indisposition to Excitement, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerver, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyeballs, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such patients than Solitude and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in some of which the patient may expire.

During the Superintendence of Dr. Wilson at the Boomington Asylum, this said result occurred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these expenses are not frequently followed by these direful diseases in sanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Insane Asylums the most melancholy exhibition appears. The countenance is actually sallow and quite desolate—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures we Despair, Low sullen sounds their grief besound." Whilst we regret the existence of the above disease and symptoms, we are prepared to offer an invaluable gift of chemistry or the removal of the consequences: HELMOLD'S HOURLY CONCENTRATED FLUID EXTRACT OF BENU. There is no tonic like it. It is an anchor of hope to the surgeon and patient, and this is the testimony of those who have used or prescribed it.

Sold by Druggists and Dealers everywhere. Prepared at

H. T. HELMHOLD'S Drug and Chemical Warehouse, 594 Broadway, New York.

RECOMMENDATIONS.

GREAT SALT LAKE CITY, UTAH, Jan. 26, 1886.

Mr. H. T. HELMHOLD:

Dear Sir: Your communication requesting our terms for advertising was duly received, but from a prejudice I had formed against advertising "cures" for secret diseases, it was left unanswered. During an accidental conversation in a Drug Store my mind was changed on the character of your Benu. It was then highly commended for other diseases by two physicians present. Included please find our rates of advertising.

Yours, &c. T. B. H. STENHOUSE, Editor and Proprietor of Daily and Semi-Weekly Telegraph.

N. Y. S. VOL. INSTITUTE, Corner of 5th Ave. & 76th St. Central Park.

(A Home and School for the Sons of Deceased Soldiers.)

DR. H. T. HELMHOLD:

Two bottles only of the package of your valuable Benu presented to the Institution have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer manifested, and he is free from the daily morning sneezes of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Benu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child suffering more from sneezes than from habit, may be spared punishment that is not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may be alike benefited.

I am respectfully yours, COL. YOUNG, General Supt. and Director.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERREAU, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

DR. PERREAU has the pleasure to inform patients and others seeking a d-nal medical advice, that he can be consulted daily at his office, Armory Hall Building, Northeast corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first door up stairs, entrance on either Montgomery or Sacramento streets.

DR. PERREAU'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently injure all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterwards; patients, laboring under this complaint, will complain of one or more of the following symptoms: Neurasthenia, Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, Intellectual Faculties are Weakened, Loss of Memory comes, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing, or society of friends, etc.

The patient will probably complain of Dizziness, Vertigo, and that the Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and itching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERREAU, either in person or by letter, and he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal disease in any stage, Gonorrhoea, Gleet, Strictures, Buboes, Chancres, Eruptions, etc., will be treated successfully. All syphilitic and Mercurial Taints entirely removed from the system.

DR. PERREAU'S d-plomas are in his office, where patients can see for themselves that they are under the care of a regular educated practitioner. The best reference given if required.

Patients suffering under chronic disease, can call and examine for themselves. We investigate; claim not to know everything, nor to cure everybody, but we claim that in all cases taken under treatment we fulfill our promise. We particularly request those who have tried this boasted doctor, and that advertised physicians, will write out and discourage all impostors.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

FEMALE MONTHLY PILLS.

DR. PERREAU is the only agent in California or the West, of the Female Monthly Pills. Their merits are well established, their reputation is a general remedy, unapproached, and far in advance of every other remedy for suppression and irregularities, and other obstructions in women. The receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from tampering or embezzlement.

Persons at a distance can be cured at home by addressing a letter to DR. PERREAU, at the Sacramento and Montgomery streets, Rooms 9, 10, and 11, of Box 975, P. O., San Francisco, stating the case minutely as possible, general habits of living, occupation, etc., etc.
