WALK IN! POWers of life are strong, but in a few years how often the pallid bue, the lack-lastre eye, and emsciated form, and the impossibility of application to mental effort, show its baseful SALE & EXCHANGE STABLE. influence. It soon becomes evident to the ob server that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the everchanging scene of the city, the powers of the body too much enferbled to give peat to healthful and rural exercise, thoughts are turned inwards upo-

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffaring the circulation and visiting the check with the bloom of bealth. Alas! increase of appetite has grown by what it fed on ; the energies of the system are prostrated, and the whole economy is deranged The beautiful and wonderful period in which body and mained undergo so fascinating a change from child to woman, is looked for in vain ; the parent's heart bleeds in saziety, and fancies the grave but waiting for its victim

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lynatic Asylume the most melancholy exhibition appears. GREAT SALT LARR CITY, UTAR.

Jan. 28, 1868.

Mr. H. T. HELMBOLD: Dear Sir :

Your communication requesting our terms for advertising was duly received, but from a predjudice I had formed against advertising cures for secret diseases," it was left unanswered. During an accidental conversation in a Drug Store my mind was changed on the character of your Buchu. It was then highly commended for other discuss by two physicians present. Inclused please find our ates of advertising. Yours, &c.

(A Home and School for the Seas o Deceased Soldiers.) DR. H. T. HELMBOLD :

Two bottles only of the package of your valuable Buchu presented to the Institture have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; many a poor child suffering more from serikares then from habit, may be spared punishment, that is (not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may be alike benefited.
