For Home. - Yesterday morning Mr. Byron Z. Holmes, Deputy U. S. Marshal, left for his home in Portland. He has been here since last December on official business, and has made many triends by his modest, unobtrusive manner. Although Mr. II. is a Demoerat, and we differ from him politically, he is socially an agreeable and fine young man. We tender him our best wishes for his safe arrival home, and we hope, with the heart-broken damsel, abose heart he takes away, that he may return seen and take the "whole package."

Good Present-We were shown by Mr. Neuber, jeweler, two bars of gold, weighing eighteen and one-halt cances, which he had melted out of eighty five pounds of rock taken from the shatt of Messrs. Dillou & Bowden. This yield was at the cate of \$7,000 per ton, but was from selected rock, taken out at the depth of about fifty feet on the ledge. The owners are still "sinkngi," and continue to find very encouraging prospects.

Their male protectors took the matter into their own hands, and cut the fellow in several places with a hatchet, severely but not dangerously

Lost,-Last week a party of emigrants from here, who were bound for White Pine, got lost on Lost River, in the Klamath Basin. They continned lost for about three days, until found by John Shook, who put them on the right road to Silverado, and sent them on their way rejoicing.

THE PARTIES .- Our young people are reminded that there will be a party at Benegict's on the 20th-at Horne's on May 3d -at Rock Point on May 6th. Ge to all of them and you can have dancing enough to last you till the Fourth of July, or longer.

INCREASING IN VALUE.-Land is looking up in Rogue River valley. A short ime since we noted the purchase of the "Tenbrook" ranch by Mr. Bellenger, for \$1,000. A few days ago he dispos ed of it to a California party at an ad vance of \$1,400.

REOPENED,-The establishment of Caro Bro's., closed since December by the U. S. Marshal, was opened again this week, matters having been satisfactorily adjusted. They will be happy to have their friends call round.

Jacksonville, March 20th 1869.

Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like curselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture

The result of his labors was a glorious success for himself and suffering humanity, for the celebrated PLANTATION BITTERS was thus made known to the world. PLAN-TATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its modicinal effects, worked a rafid revolution in the history of medicine, and became as a household word all over the civilized world. The cabalistic S. T.-1860-I was a talisman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply.

other kindred diseases, the use of the PLANTATION DITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are edapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result. A BANGERUTT & CO.

Notwithstanding the large importation of St. Croix Bum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale abroad should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the island. Houses, stills and presses were erected as if by muck, which utterly "astonished the natives." The services of experienced men and natives of the irland were prooured, and very soon the proprietors of the PLANTATION BITTERS were in a poto supply their laboratory with all the perfectly pure St. Greiz Sum needed in manufacturing the GREAT DYSPETTIC TONIC AND INVISCRATOR. The above out represents the natives crushing the sugar-cane and otherwise property it for the stills and process.
