Religious Notices.

Services at the Catholic Church tomorrow at the usual hour by Rev. Father Blanchet.

Rev. M. A. Williams will hold divine services at the Methodist Church this evening, also to-morrow at 11 o'clock, after sermon Communion services will be held.

FINE PICTURES.—Mr. Britt is now taking pictures, that for clearness and beauty of finish cannot be excelled anywhere on this coast. The beautiful sunlight of this region gives him much advantage, and besides he is an artist of superior merit. Call on him, then, and get the shadow while the substance looks well.

NEW TAILOR SHOP.—Mr. H. W. Farmer, formerly of Yreka, has opened a shop next door to Ryan's. He is a first class workman, and will work to suit the times. He keeps on hand all kinds of Ashland goods, besides patterns of fine cassimeres and doeskins.

ALL READY.—Plymale & Manning have the gayest kind of turn-outs, all newly painted and fixed up. Just the nicest things to go sparking in, and as the roads are in splendid condition we know of no better way to spend "a dollar or two."

IMPROVEMENTS.—We notice considerable improvement going on—new fences, repainting, and on Oregon St., between Main and California, a new brick sidewalk is laid. The Express corner shines with a new coat of paint, but inside is as black (politically) as ever.

STAPLE GOODS.—Glenn Drum & Co have as large a stock of staple goods as can be found in town. In addition they can supply customers with splendid cassimeres, hard times or shirting from the Ashland factory.

LARGE STOCK.—Miller & Ryan have now on hand the finest stock of saddlery and harness ever seen in Jacksonville. The most of it is the work of Mr. Ryan, who has no superior on this coast.

PLENTY OF PORK.—Mr. Wm. Byle started for California on Tuesday with a drove of about 250 fat hogs. He expects to find a market among the celestial population along the Klamath and in the neighborhood of Happy Camp.

SURVEYING.—We learn that Surveyor General Applegate will soon visit Goose Lake valley, probably with a view of commencing a survey of that region, which is badly needed.

HEAVY CROP.—From all parts of the valley we hear that the grain crop will be splendid. The late soaking rain has given it such a start that little or no more is required.

FROM THE LEDGE.—Dillon & Bowden are now down on their lead about seventy-five feet and still find rich prospects. They will make the rock taken from the shaft pay all expenses.

SWEET POTATOES.—Dunlap will have no "sets" for putting out until about the latter end of May. About the 1st to the 10th of June is said to be the most favorable time for planting in this climate.

SHEEP DRIVING.—A band of about two thousand sheep were started for Mendocino County, Cal., this week. They were driven by way of Red Bluff.

Remember the party at Horne's and at Rock Point—the former on Monday and the latter on Thursday evening. Great preparations have been made to have every one enjoy themselves.

HOWE'S PATENT BED BOTTOMS.—Mr. Geo. Brown has purchased the right of this patent for Jackson and Josephine counties. It needs no recommendation.

IN BLOOM.—Roses and several other kinds of flowers are in bloom in this vicinity.

To Heads of Families.—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SYRUP. A few doses given in time MAY SAVE THE LIFE OF A DARLING CHILD. Be sure to have it on hand, if you would be safe and free from anxiety.

"In Time of Peace Prepare for War."—Establish of DR. E. COOPER'S UNIVERSAL MAGNETIC BALM, as an unequalled preparation for Dysentery, Diarrhœa and Cramp. The instantaneous relief of Burns Bruises and Sprains.

Electro-Silicon.—This curious and valuable substance is confidently claimed to be the BEST ARTICLE ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooths metallic surface of whatever description, including Kitchen utensils tin ware, brass, steel, etc.

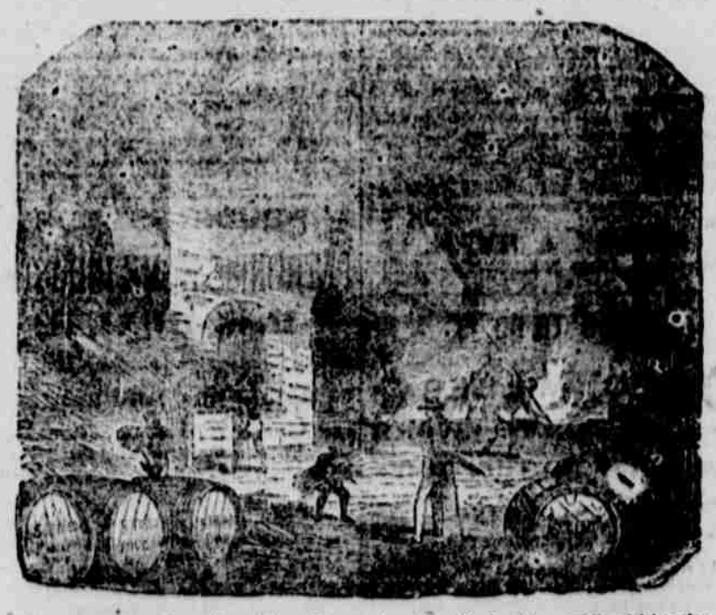
Jacksonville, March 20th 1869.



Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture and sell it in the United States.

The result of his labors was a glorious success for himself and suffering humanity, for the celebrated PLANTATION BITTERS was thus made known to the world. PLANTATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became as a household word all over the civilized world. The cabalistic U. S. T.—1800—U. was a talisman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply.

Notwithstanding the large importation of St. Croix Rum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale abroad should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the island. Houses, stills and presses were erected as if by magic, which utterly "astonished the natives." The services of experienced men and natives of the island were procured, and very soon the proprietors of the PLANTATION BITTERS were in a position to supply their laboratory with all the perfectly pure St. Croix Rum needed in manufacturing the GREAT DYSPEPTIC TONIC AND INVIGORATOR. The above cut represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses.

As an antidote to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the PLANTATION BITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
