**Better Than Gold.**

Better than gold is a conscience clear, Though falling for bread in a humble sphere, Doubly blest with content and health, Untired by the lust or cares of wealth; **Lowly living and lofty thought, Adorn and enable a poor man's cot, For mind and morals in nature's plan Are the genuine tests of a gentleman.**

Better than gold is a peaceful home, Where all the friends charities come, The shrine of love, the heaven of life, Hallowed by mother, or sister or wife, However humble the home may be, Or trilled with sorrow by Heaven's decree, The blessing that never was bought or sold But easier there, are better than gold.

**Getting Dinner for a Minister.**

The following is a good illustration of the free and easy habits of pioneer life. Some families might feel relieved if they could obtain a supply for their tables, when entertaining the minister, on as easy terms;

Mr. Bascomb travelled two years in the mountainous region of Kentucky. The country was rough, and the people generally poor. But the romantic willingness of the country was congenial to his feelings, and he enjoyed the rude hospitality of the sincere hearted frontiers.

He used to tell, with much apparent pleasure, of a dinner he enjoyed with particular satisfaction. He was preaching on one occasion in a cabin, which was at once church and dwelling. The people were listening with seriousness and with attention to the truths of the Gospel, when in the very midst of his sermon, his host, who sat near the door, suddenly rose from his seat, snatched the gun from its wooden brackets upon which it lay against the joist, went hastily out and fired it off, and returning, put the gun in its place and quietly seated himself to hear the remainder of the sermon.

The whole affair hardly consumed as much time as it requires to read this account of it, and a very few moments all was going on as smoothly as if no interruption had occurred. After service was ended, Bascomb inquired of the man the meaning of his strange conduct.

"Sir," said he, "we are entirely out of meat, and I was perplexed to know what we should give you for dinner, and it was preventing me from enjoying the sermon, when the Good One sent a flock of wild turkeys this way; I happened to see them, took my gun and killed two at a shot, my mind felt easy, and I enjoyed the remainder of the sermon with satisfaction."

**"MORAWK DUTCH."**—The following story is good because it is true. We had it from the lips of a good woman, who was told it by the principal actor herself: "Ven I first come to Filadelfy to serve, I vas very uncvil," said Katrine, now a tidy servant in a respectable family; "I laugh mooch, and I feel mooch ashamed to remember how I behave ven I know so little. Shon, tat vas my beau ten—Shon, he took me to tha teater one night, ven I ligen in Filadelfy but tree weeks. We sist in te gallery, and we not see goot, and Shon said he would get a better seat. So he puts his leg around der post, and shlide down mid der pit, and looks up and calls out, 'Katrine! Katrine! loom down! tish is a goot place here!' and I lean over, and said I: 'How can I eoom, Shon?' And he said, shust shlide down." So I put my legs round der pillar, and I shlide down. Donder! how the people laugh! Dey laugh so dey play no more dat night upon te stage. Everybody laugh, and yell, and whistle all over der house! I vas mooch ashamed, den, tough I knew not any harm But now, I plashes red every time I tinks mid it."

**GRANT NOMINATED FOR PRESIDENT IN HIS INFANCY.**—Strange as it may seem, the first person to nominate Gen. Grant for the Presidency was a woman. It was the nurse who attended him in his earliest infancy. Here is her exact prediction: "Hoity, toity! 'tittle b'es-ed babby! Dancy, dancy, diddleum! Sweetest, biggest, brightest baby in the blessed land! Dancy, dancy! Sweetie baby, kissy nursy, bless his pooty eyes! Dancy, dancy! He'll be (baby here set up a boo-hoo! ye-ha-ow) President of the United States when he gets big! (Bee boo-hoo! Wha-hoo! Ma, ma! Pa, pa!) Then the rocking began, and the embryo President slept soundly. General Grant was, therefore, nominated for President from his infancy.

Young women should set good examples for the young men are always following them.

**MANHOOD.—IN THE YOUNG** and rising generation, the vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye, and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inward upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Also! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain; the parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

**HELMHOLD'S EXTRACT BUCHE,** for Weakness arising from excess or early indiscretion, attended with the following symptoms: Indisposition to Exercise, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such patients than Solitude and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this said result occurred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by these direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sullen and quite desolating—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

With woeeful measures wan Despair, Low sullen sounds their grief beguiled." Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer you in valuable gift of chemistry or the removal of the consequences: **HELMHOLD'S HIGHLY CONCENTRATED FLUID EXTRACT OF BUCHE.** There is no tonic like it. It is an anchor of hope to the surgeon and patient, and this is the testimony of those who have used or prescribed it.

Sold by Druggists and Dealers everywhere. Prepared at **H. T. HELMHOLD'S** Drug and Chemical Warehouse, 594 Broadway, New York.

**RECOMENDATIONS.**

**GREAT SALT LAKE CITY, UTAH,** Jan. 28, 1868.

**MR. H. T. HELMHOLD:** Dear Sir: Your communication requesting our terms for advertising was duly received, but from a prejudice I had formed against advertising "cures for secret diseases," it was left unanswered. During an accidental conversation in a Drug Store my mind was changed on the character of your BUCHE. It was then highly commended for other diseases by two physicians present. Inclosed please find our rates of advertising.

**Yours, &c.** **T. B. H. STENHOUSE,** Editor and Proprietor of Daily and Semi-Weekly Telegraph.

**N. Y. S. VOL. INSTITUTE,** Corner of 5th Ave. & 76th St. Central Park.

(A Home and School for the Sons of Deceased Soldiers.)

**DR. H. T. HELMHOLD:** Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child suffering more from weakness than from habit, may be spared punishment that is (not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may be alike benefited.

I am respectfully yours, **COL. YOUNG,** General Sup't, and Director. June 16 1866.

**FRENCH MEDICAL OFFICE.**

**DR. JULIAN PERRAULT,** Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. PERRAULT has the pleasure to inform patients and others seeking confidential medical advice, that he can be consulted daily at his office, Army Hill Building, Northeast corner Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

Dr. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of inebrious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age.

Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit reaped long afterwards; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uterus on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing, or society of friends, etc.

The patient will probably complain of Dizziness, Vertigo, and that the Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and itching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter, and he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal disease in any stage, Gonorrhoea, Gleet, Stricture, Balbo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PERRAULT'S diploma are in his office, where patients can see for themselves that they are under the care of a regular educated practitioner. The best references given if required.

Patients suffering under chronic disease, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everything; but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged to call upon us.

**LOW CHARGES AND QUICK CURES.** Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

**FEMALE MONTHLY PILLS.**

Dr. PERRAULT is the only agent in California for Dr. PERRAULT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for periodic pain and irregularities, and other obstructions in females. On receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or seizure.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 9, 10, and 11, or Box 273, P. O., San Francisco, stating the case minutely as possible, general habits of living, occupation, etc., etc.
