

Two Opinions

The San Francisco Call is a Democratic paper, and, like most of its kind, is mortally afraid of the Chinese.

Under the provisions of this treaty, if the proposed amendment should be adopted, there is no doubt that the Chinese would have the right to vote, if they should desire.

It is now become apparent to the Call that the proposed suffrage amendment will be ratified.

The Fifteenth Amendment has nothing to do with naturalization.

In this last extract the truth is told. A comparison of its statements with those of the first extract will illustrate the habitual inconsistency of those whose only policy is opposition to the measures of the Republican party.

THAT WOLF AMONG THE LAMBS.—The Ensign seems to question the truth of our account of a matrimonial episode that took place near Canyonville about a month since, and wants explanation.

We did commit a slight error—the old wolf was about 51 years of age and the lamb nearly 15, so that makes honors easy on that point.

The Oregon Herald is extremely sad at the prospect of negro suffrage being forced on the people of Oregon by the adoption of the 15th Amendment.

The Oregon Herald is extremely sad at the prospect of negro suffrage being forced on the people of Oregon by the adoption of the 15th Amendment.

We learn from the Polk County Times that the initiatory steps for a Stock and Agricultural fair have been taken in that county.

From the Albany Democrat:—We have recently conversed with several of the citizens of Linn county, and they all agree that there will be larger crops of wheat grown in this county during the present year than ever before.

The Oregon Central Military Road Company have determined to push their road through to Goose Lake this summer, and have levied an assessment of 25 per cent, on their capital stock to carry on the work.

Chief Justice Chase, in an opinion delivered on a case in appeal on the 12th of May, at Richmond, informally recognized the constitutionality of the division of the State of Virginia.

M. H. Abbott has sold his interest in the Albany Democrat and retired from the editorial chair.

"Outside Barbarians"

The Chinese have been long accustomed to view all who dwell beyond the walls of the Empire as barbarians and outlandish people.

A proposition was made that the Directors be selected from Massachusetts in order to be freed from the Fisk suits before Judge Barnard.

Becher on Non Intercourse.

The following extract from a sermon of Henry Ward Becher should be read and reflected on by all bigots who think there is no church but their own.

I own the Methodists, and the Baptist, and the various other Christian denominations. He that takes in others owns them.

OVERLAND MONTHLY.—Do you take this splendid periodical? If not send to Roman & Co. San Francisco, and order it.

SHOCKING SUICIDE.—On Friday evening, the 28th ult., Frederick Horne committed suicide by shooting himself with a shot-gun, a short distance from Jacksonville.

THE FOURTH.—Preparations for a splendid celebration in this place are going on actively.

FOR THE RACES.—Jerry Martin, Add Helms and some others of our citizens left for Yreka on Thursday to attend the races at that place.

Pacific Railroad.

Boston, May 26.—The following persons were unanimously elected Directors of the Union Pacific Railroad Company to-day: Oliver Ames, Benj. E. Bates, John R. Duff, T. Gladden, F. P. Dexter, A. E. Atchison, G. H. Lombard, O. S. Chapman, H. Baker, F. Nickerson, of Massachusetts; Sydney Dillon, C. A. McCormick, New York; C. H. Bushnell, B. P. Hazard, R. I. Large, of Connecticut.

A proposition was made that the Directors be selected from Massachusetts in order to be freed from the Fisk suits before Judge Barnard.

Washington, May 28.—It appears from the report of a special committee appointed, by the President to examine the two Pacific Railroads, that \$6,771,710 will be required to bring the Union Pacific up to a first class road, measured by the standard of the best eastern roads.

So it appears that more money will be required to bring the Central Pacific Railroad up to the requirements of a first class road than will be needed to do the same for the Union Pacific.

ASHLAND ACADEMY.—The subscribers of the Ashland Academy met at Ashland on Tuesday last, and decided on a site for the building near Mr. Thornton's on the north side of the town.

Johnny Clem, of Ohio, the famous drummer boy who dropped his drum for a musket at Chickamauga, and shot a rebel colonel who demanded his surrender, and was subsequently wounded in another engagement, has been appointed a cadet at West Point by the President.

THE KLAMATH ROAD.—The road on the new survey near the Emigrant Road to Link River, is rapidly being pushed through.

FRESH SALMON.—The Cameron Bros. of Applegate creek, are doing a good business at their fishery this season.

THE HARVEST.—The crops in all parts of this valley are going to be lighter than last year, but there will be plenty and to spare.

LOST.—A preachers license, in Douglas county. If any one finds it, it will relieve the anxiety of a dotting couple who were lately married by a pretended preacher in that section.

Statesmen.

An article in the Chicago Tribune lamenting the lost prestige of President Grant's Administration, has given comfort to the Democratic papers.

The Chicago Tribune insists that statesmen must do the work of statesmen. Undoubtedly; but it is only by doing his work that a statesman reveals himself.

ATTEMPTED INCENDIARISM.—We learn from Mr. O. C. Applegate that an attempt was made on the 12th ult., to burn the store of Geo. Nourse, sutler at Fort Klamath.

THE TANNERY.—Judge Tolman's tannery, near Ashland, is now in successful operation.

THE BEST PUMP IN USE.—Is the "American Submerged," for which Hoffman & Klippel are agents.

VERY UNFAIR.—We ask our Ashland neighbors if it is fair that their scallwags should come here, get drunk and injure the reputation of Jacksonville?

FIREWORKS.—Church & Clark of San Francisco, are prepared to fill all orders for fireworks, and everything else in their line—see their advertisement.

Statistics of Appointments.

Some industrious Washingtonian has carefully examined the Blue Book of this Administration, and find that up to the 20th instant, Mr. Grant has sent to the Senate 1,080 nominations classified as follows:

Table with columns: Title, Total No., Change. Rows include Cabinet officers, Secretaries, Consuls, etc.

A few nominations were made subsequent to the 20th of April, which may carry the total to 1,150.

From this it will be seen that of the offices named, but 46 per cent., or less than one-half, have been changed.

Pic-Nic.—We are credibly informed that one of the greatest successes of last week was a social picnic at a soda spring on Carter creek, at the upper end of the valley.

ATTEMPTED INCENDIARISM.—We learn from Mr. O. C. Applegate that an attempt was made on the 12th ult., to burn the store of Geo. Nourse, sutler at Fort Klamath.
