Religious Notices.

CAMP MEETING.—There will be a Camp meeting held on the south-west corner of the "Whitworth claim," about three miles west of Phoenix, and on the Camp Baker road leading from Jacksonville to Ashland. The meeting will begin on the 4th day of June, if no preventing providence. Mr. Lavengro, of Phoenix will keep a Boarding Tent on the ground during the meeting. All are invited to attend.

Rev. Bishop, E. M. Marvin, of the M E Church South, will preach at the Church in Jacksonville, on Sunday, June 13th, at 11 o'clock.

Services at the Catholic Church tomorrow at the usual hour by Rev. Father Blanchet.

LIVELY.—Last Saturday saw the last of the spring fights in Jacksonville, and the day was quite lively. The most interesting one occurred about two o'clock, and was probably owing to the intense heat of the sun at that hour. After the usual amount of hard names the belligerents commenced pounding each other, but were stopped by the Marshal. In consideration of the heat effect of the weather on their blood, Recorder Hayden only fined them ten dollars each.

PERSONAL.—Hon. M. P. Deady, U. S. District Judge of Oregon, was in town during the week. His Honor is an old citizen of Jackson county, and received many warm congratulations from his old friends here. Judge Deady is an exemplification of the principle that in America all men are peers and that there is no position beyond the reach of ability and perseverance.

THEATRICAL.—On Tuesday the town was "billed" for a stunning performance by three California "stars" who condescended to shed their coronations on us benighted Oregonians. Had not the performance been diversified by a fight between two of the boys of this town, the audience would have voted it an immense "bilk."

PROBABLE FAILURE OF THE PLUM CRO.—We see that the currenlo, the enemy of the plum tree, have made their appearance in vast numbers. The leaves are covered and the young fruit is slowly withering up under their attacks, and we know of no trees in the neighborhood that are exempt from them.

RETURNED.—Mr. Newman Fisher and lady, and S. J. Day, P. G. M., returned from Salem on Thursday evening. Silas has busy times answering requests for the time of day, as his friends are all anxious to see the watch presented by his brother Odd Fellows at Salem.

NICE BUGGIES.—Two new buggies arrived for the stable of Comstock and Cawley last week that are about the nicest thing of the kind in town. They cost, delivered here, nearly \$1,000.

CHEAP CALICOES.—Messrs. Fisher & Bro. have probably the largest, best and cheapest stock of calicoes in Jacksonville. They make this description of goods a specialty, and invite customers to examine.

BUILDING MOVED.—We notice that the furniture establishment of Linn & Hall has been moved so as to occupy the corner lot and fill up an unsightly gap.

If you want a drink of cool and delicious Soda water go to the City Drug store. It is the healthiest and most refreshing drink to be found in town. In bottles \$1 per dozen.

The merchants of Jacksonville are informed that the Crescent City Lighter Company will not be responsible for any goods from and after the date of their notice in this issue.

Go to Neubers if you want a pure Havana, that will remind you of old times, when cabbage leaves were higher than tobacco leaves.

Wild Strawberries are plenty on Butte and Trail creeks, and several families have gone out there to rusticate.

Mr. Max Muller left for Fort Klamath yesterday to be present at the opening of the bids.

Mr. Felton, correspondent of the San Francisco Times, visited us on Monday on his way home.

DEATH OF MR. HUNTINGTON.—J. W. P. Huntington, late Superintendent of Indian Affairs, died at Salem, on Thursday evening, of congestion of the brain. He was proprietor of the *Unionist*, and a gentleman of excellent ability, and warm social character. He leaves a widow and family.

ONE MORE WEEK.—Dr. Grady has extended his stay here till the 10th inst. After that he will remain a few days in Ashland where all who require the services of a superior Dentist can be accommodated.

NOT BEHIND THE AGE.—A. D. Helman, of Ashland is up with the times. He has sons named Lincoln, Butler, Grant and Colfax, the latter having come into this mundane sphere since inauguration.

REDUCTION IN TELEGRAPH CHARGES.—The Western Union Telegraph Co. have reduced the tariff on messages of ten words, to all their offices east of Omaha to \$7.50 in coin or \$10 in currency.

Cyrus W. Field, the great telegraph projector, arrived at Cork, Ireland, on the 26th of May, and took the steamer for New York.

Read "The Surprise Party" on the outside and acknowledge it one of the best sermons you ever read.

Thomas J. Fletcher was shot and mortally wounded in a political quarrel at Vancouver, on the 31st ult.

Wm. Dow, of Honey Lake, started from here on Monday with over 200 head of cattle for White Pine.

WARNING.

ALL persons are notified not to trust Joseph A. L. Forrest on my account—he is not a partner of mine, and owes no interest in the Titus & Walker mining claims and Ditch, until I am fully paid all the expenses heretofore incurred in and about said Ditch and claims. JESSE TITUS J. 354

Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture and sell it in the United States.

The result of his labors was a glorious success for himself and suffering humanity, for the celebrated **PLANTATION BITTERS** was thus made known to the world. **PLANTATION BITTERS** being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became a household word all over the civilized world. The cabalistic S. T.—1800—X was a tallman of health, and the demand for the **PLANTATION BITTERS** soon far exceeded the abilities of the proprietors to supply.

Notwithstanding the large importation of St. Croix Rum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the island. Houses, stills and presses were erected as if by magic, which utterly "astonished the natives." The services of experienced men and natives of the island were procured, and very soon the proprietors of the **PLANTATION BITTERS** were in a position to supply their laboratory with all the perfectly pure St. Croix Rum needed in manufacturing the **GREAT DYSPEPTIC TONIC AND INVIGORATOR**. The above cut represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses. As an antidote to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the **PLANTATION BITTERS** is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
