HEAVY THUNDER STORM .- Last Sunday this valley was visited by one of the most beavy thunder storms that was ever known here. It had been warm and sultry during the forenoon, but at about two o'clock the sky became overcast with dense black clouds, which opened out in wind rain lightening and thunder. A tree near the residence of Mr. Drum, was struck by lightning and badly splintered. The barn of Mr. Kilgore, about two miles north of this place was struck, killing Ninety-Three Years a large hog and damaging the building considerably. No further damage was done on Sunday, as far as we have heard, except the uncerimonious breaking up of the camp meeting, and some of the men folks getting their shirts | NDEPENDENCE-DAY wet before they got home. On Monday afternoon it again clouded up and gave us another storm equally as hard, this time striking the dwelling house of Joseph Wetterer, entering the parlor, breaking a large mirror, and materially damaging the papering and some of the furniture.

CIRCUIT COURT .- The Circuit Court for this county, Judge Prim presiding, has been in session during the week. Three Jury cases have been decided. 1st, Armstrong vs. the Sheriff-Judg ment for the plaintil for \$197 - motion for new taial filed. 2d, State of Oregon vs. a Chinaman, charged with stealing from a store-verdict gailty. 3d, G. V. Ingraham vs. the Sheriff-Judgment tor plaintiff for the possess ion of a span of a span of horses whose estimated value is \$200. Besides these a large number of motions and demmurs have been decided, and orders made. The Jury cases have been of considerable interest, and ably and almost bitterly contested. Court will probably continue most of next week.

SHOCKING APPAIR.-Last week we noticed the disappearance of a man named Oliver Evans, from the neighborhood of Ashland, under susplcious eireumstances. On Saturday last his body was found on a hill about four miles from his residence, in so shocking a state of decomposition that it was impossible to remove it. A blanket was placed over the body, logs placed on each side of it, and thus buried where it lay. Lying near him was his gun, with which he had evidently committed self murder. He leaves two children, and enough property to keep them in easy circumstances.

Elsewhere will be tound somerhyme trom a "Phonix Girl" on the Suffrage question. No one is green enough to suppose she would refuse the boon. Not a bit of it! Her first act would be to vote herself a husband - the next to vote that the men do their own dishwashing and darning while she pounded the piano to pieces. We doubt her sincirity very much, and judge that her day for "breaking the hearts of tender young men" was over a good many years ago.

RECOVERING .- Mr. S. Humphrey, who was found in his house near Wil low Springs, in a helpless condition a few weeks ago, and brought to town and submitted to the care of Dr. Davis, through careful attention and good medical treatment, is fast recovering, and will be able to be around in a short time. His mind which has for some months been greatly disordered, also appears to be gaining strength rapidly.

CHARTS.-Call on Mr. A. P. Owen, at the store of Glenn Drum & Co., and get a valuable chart of Grant and Colfax, beautifully embelished, with a bi ography of their lives, the Republican Platform, etc -Only 50 cents.

M. BAUM-Is still selling goods chesper than any other store this side of San Francisco. It you wan't to get a good bargain call and see him. See his advertisement in another column.

THANKS .- Mr. Hull will please accept the thanks of the printers for a fine lot of cherries.

JOHN STREET

Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture and sell it in the United States.

The result of his labors was a glorious success for himself and suffering humanity. for the celebrated PLANTATION BITTERS was thus made known to the world. PLAN-TATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became as a household word all over the civilized world. The cabalistic S. T.-1860-X. was a talisman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply.

Notwithstanding the large importation of St. Croix Bum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale abroad should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the island. Houses, stills and presses were erected as if by m gic, which utterly "astonished the metives." The services of experienced men and natives of the island were procured, and very soon the proprietors of the PLANTATION BITTERS were in a position to supply their laboratory with all the perfectly pure St. Croix Rum needed in manufacturing the GREAT DYSPEPTIC TONIC AND INVIGORATOR. The above out represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses.

As an antidoto to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the PLANTATION BITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
