

Changed Her Mind.

Dicky was poor; Katy had a rich mother. Katy's mother was "down" on the measure, and Dicky was for the measure. Notes were exchanged through a knot hole in the high board fence which enclosed the yard.

The next morning she went to the closet to let Katy out. "Oh, Lord!" she screamed, and could hardly get her breath for a moment. Finally: "Ahem! Dicky is that you?" "Yes ma'am."

Why Is It?

To oppress the weak is at all times cowardly and mean? Such an act never fails to excite indignation in the breasts of all possessed of the impulses of true manhood.

But there is a weaker and more defenceless race now on the continent. The Chinaman is an easier prey. He will suffer to be kicked or knocked down with the utmost fortitude, and seldom resents the indignity.

Why this instinctive hatred and abuse of the weak, by our chivalric brethren of the Democratic party? Is it because having failed to subjugate the Abolitionists in the "late unpleasantness" they expect to retrieve their damaged laurels, by annihilating a less formidable foe?

There is a bill now before Congress to establish a Department of Agriculture, which will add one member to the Cabinet.

MANHOOD.—IN THE YOUNG.

and rising generation, the vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye, and emaciated form, and the impossibility of application to mental effort, show the baneful influence.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and vivifying the cheek with the bloom of health.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follow Loss of Power, Fatigue, and Epileptic Fits, in one of which the patient may expire.

Who can say that these excesses are not frequently followed by these direful diseases. Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions.

With social measures was Despair. Little souls sound their grief beguiled. Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry or the removal of the consequences: HELMOLD'S HIGHLY CONCENTRATED FLUID EXTRACT OF BECHÉ.

Prepared at H. T. HELMOLD'S Drug and Chemical Warehouse, 594 Broadway, New York.

RECOMENDATIONS.

Mr. H. T. HELMOLD: Your communication requesting our terms for advertising was duly received, but from a prejudice I had formed against advertising "cures for secret diseases," it was left unanswered.

Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding.

I am respectfully yours, COL. YOUNG, General Sup't. and Director. June 16 1866.

At this season, when coughs and colds are so prevalent, an effective remedy, and one easily obtained, is *Gray's Family Vegetable Pain Killer*. It is a new medicine, made by a prominent agent, but has stood the test of over twenty years; and those who use the article, internally or externally, will consent with it grateful recollections of its worthy inventor—*Hugh's Chamberlain, C. W.*

PAIN KILLER.—The testimonials borne to the efficacy of this valuable medicine are sufficient to warrant its introduction in every household. Our own opinion is that no family should be without a bottle of it for a single hour. In such seasons when pain, however acute, is the most distressing remedy we know of. A little will last a very long time, and its low price places it within the reach of all.—*St. John News*
