BADLY DAMAGED,-We are informed by Mr. Henry Klippel, that a large smount of goods, for Jacksonville, years, were damaged by the late accident to the Pacific. Glenn, Hoffman & Klipjel, John Miller, Mrs. Levy and Wm. Boyer, of Jacksonville, and Messrs. Sturgis and Kubii of Applegate, are trong the losers. It appears that the tocamer was running in a tog, and struck a rock, making about thirty inches of water. Insurance does not cover partial damage in such cases; so the parties above named, are "out and injured."

PARTY AT ASHLAND .- On next Friday evening there will be a ball at the House of Messrs. Doaning & Adams, at Ashland. Music has been engaged from here, and a nice time is anticipated. The proprietors of that Hotel know how to make their guests comtortable, and the enter a nment will probably be "just splendid."

BEAR KILLED. - List week Jimmy McCully killed a large brown bear on Butte creek, that had done much damage in that neighborhood. Jimmy was fortunate enough to catch it up a tree, and just as it was descending be stuck a musket against its ribs and shot it dead. Brave boy.

TROUBLESOME NEIGHBOR. - The ranckmen on Butte are troubled by the depredations of a grizzly. It frequently comes down from the mountains and taker a call for breakfast; and only a tew GENERAL MERCHANDISE days since, regaled itself with a tull grown cow.

CAMP MEETING. -The meeting on Botto creek has been largely attended all week. Bishop Marvin preached a pumber of effective sermons, and several "joined religion." It will probably break up after to-morre w.

LOOK OUT WILLIAM! -At the Dalles Fair, Bro, Hand and two young ladies are to be the committee on preserves. Don't be too handy with the sweet-

meats, Wm .- and by all means, keep your hands off the live article.

RELIEVED Soon .- Capt. Knapp, whohas been assigned to the Klamath Reservation, has arrived in Salem. He will relieve Agent Applegate in a few days, and we hope the change will not have any bad results.

TROUBLE WITH THE SNAKES - WE learn from a gentleman just in from Goose Lake that a uitizen was murdered by the Snake (Pinte) Indians, about two weeks since, near Camp Bidwell. The Chief "Winnamuck." came in to have a talk, when three of their number were arrested and put in the Guard House. One of the number escaped, shot through the arm; and afterwards four others were arrested and confined. The band made very hostile demonstrations, and threatened that they would capture the Bidwell stage, and commit other depredations, it the prisoners were not set at liberty. A Company of Cavalry was expected from For: Churchill, and it was thought that the affair would be settled, and the murders given up. Our THE RAILROAD.-Col. Ross, one of informant did not learn the name of the directors of the O. C. R. R , (East the murdered man, but thought that side), returned from Salem on Mon- no general disturbance would grow day. He is very sanguine about the out of it, as the Chief was averse to railroad, and says that Mr. Holladay war. The Indians who have committassured him that it would be pushed ed this deviltry, are the same of which through to the California line as rapid. we spoke some time since, and who, ly as possible. Holladay has now sole | we were assured by Lieut, Col. Elmer control of the road, and is determined Otis, were such peaceable creatures.

> DEAD.-The triends of Mr. Huber. the old German musician, who formerly lived here, will regret to learn that September. He was a kind-hearted gentleman, of the old school, and had reached the advanced age of 84

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for pre-erving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin buir is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follades are destroyed, or the gland; atrophic 1 and decayed. But such as remain can be saved for usefulness by this application. Instead of touling the bair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent haldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not herm it. It wanted merely for a

Ayer's Cathartic Pills.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reasons, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that it cured them; those who have not, know that what it does once it those always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we peed not publish them. Adapted to all ages and conditions in all climates; containing neither calonted or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate it into healthy action—remove the obstructions of the atomach, howels, liver, and other organs of the lating are contained in the reserve the event, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the hox, for the following complaints, which these Pills rapidly cure:

e system. With such char

the system. With such change those complaints disappear.

For Dropey and Bropeical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Sappression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the atomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
