gressive spirit of the new, has been not be, for there is not in the whole same auspices. The people of the and yet the transactions of three days. i-land of Cuba, have grown weary of in September, amounted to \$1,100,000, and whose ben'gn liberality captures self \$12,000,000 of gold during Octo every heart which is susceptible of a ber, and to buy \$13,000,000 of bonds aspirations for liberty and independence down gold at reasonable rates. directly from its great model. Where then is there a true-hearted, liberalminded American citizen who does not have the liveliest interest in their behalf? Where is then such a one whose reverence for a tyrangical and bigoted government would induce him government under which they live, when the same becomes odious and however, to which this struggle has insurgents. Spain is one of the acknowledged powers of the earth, and but he now protests against the new of Cuba has not until a very recent period been controverted. Our govern ment is as fully bound as any other, by recognition of the Spanish govern ment, and has deemed it no disparagein al to enter into friendly intercourse with her as an independent sovereign over her own territory, and liable to all, and prescribe none. Every man us only on the faith of treaties, and the general rules of international law. With her internal administration we have nothing to do. It may be well or ill adapted to the happiness of her people, but this is for those people to in lge. Spain has not changed since we entered into national comity with her; and we are stopped by a long and triendly intercourse from now denying an authority originally and consciously accorded. We feel that the time is hurrying on to meet us which will determine forever the Spanish dominion over Culm, and we sincerely rejoice at it; but we do not forget that the principle of foreign interference has ever been, and now more than at any formpeople. We are even now ready, and it might be said enger, to fight the Alabama claims, which sprang from and Isabellists not voting. just such an assumption on her part to interfere in the civil controversy between our government and its subjects who were in rebellion against it; and we certainly cannot be so inconsistent as to give up and annul the principle on which those claims are founded, while the dispute over them is still going on. The action of the government in the case of the Hornet plainly

Tun election returns from Nebraska indicate that the Republican majorities will give Rosborough, D., about 400 will be fully equal to those of the Presidential election. In some counties, however, a portion of each ticket is elected, the contest being more personal than political.

The Day Book in the matter. M. Feguet will retrun openiy denounces them as traitors to to France to morrow, but he believes the Democratic erced for the sake of the matter will be successfully carried plunder. Now, here at this point of out. M. Feguet is said to be a partner the controversy, a few reflections pres in Rothschilds's banking house, and sent themselves. What right has the was for many years the spirit of their

Gen. Thomas' Report on Alaska Matters. Curcago, Oct. 15,-A Washington special says Gen. Thomas, having made a thorough inspection at Alaska and studied its condition and resources during the past summer, has just forwarded a report to the War Department. He takes a very different view of the subject from the one presented by Mr. Seward. He thinks the principal, if not the only present value of have upon the losing hold by England upon British Columbia. He thinks the sending of Revenue and other civil officers there a useless expense, as the only benefit is to these who draw the salaries. He thinks the military posts should be reduced, and that the expension gomery street, San Francisco. ses of supplying and keeping up a civil service very tar exceed the revenue collected. The Territory was a constant burden to Russia. She held it at a great expense, simply for the benefit of the Fur Company. There is no probability of any emigration in that direction, as there is not the slightest inducement for any. No mines of which would pay to work. There is plenty of timber and coal, but plenty care, and the proceeds paid over punctually. of as good quality and easier access, can be had 1,000 miles south of the

There has been no change in trade on the part of our merchants. The few houses engaged before the purchase still cortinue, but the fur trade in the intarior must continue to be carried on by the natives. As an agricultural region, it has no value whatever. Grains connot be raised, and the few vegeta bles that can be produced, rot if not used within a few weeks. Stock rais ing cannot be carried on, and the superabundance of rain and the great lack of sun preclade the idea of any profit

Correspondence.

Eo. SENTINEL .- The Circuit Court for Douglas county adjourned yestertended the Fair at Frederick, Mary day, after a session of eight days; the docket was a full one. There were two criminal cases, one for largeny and the guilty," the later found "guilty," and is now lying in jail. The number of horse, cattle, and hog cases were numerous, involving great expense, and but little profit, one case for twenty head inferior hogs, has been tried in this Supreme Court once, and is again appealed-the only point now being whether parole evidence can or will be sustained in connection with a written contract. Singular to say, there was not a single divorce case this term, times in this county are too hard for people to part, I gues. At the Bar the legal traternity were well represented this term. I noticed in attendance attorneys J. F. Watson, L. F. Lane, W. R. Willis, L. F. Mosher, C. W. Fitch, B. Herman, A. A. Skiner, S. F. Chadwick, Prosecting Attorney R S. Strahan, and Judge Kelsy; the attorneys all more or less interested; the court held night sessions nearly every night, making in all a very busy term.

Last Monday evening Senator Williams spoke to a large audience at this place; the greater portion of his time was occupied in discussing the railroad question; he said Oregon and California would soon be connected by rail, advantage among the people. They That may be so, and under the manage-will cost five or six dollars per thou ment of Ben. Holladay not benefit ment of Ben. Holladay not benefit Southern Oregen in the least. The people of this district are getting tired of too many fine spun, plausible railroad stories, if there is any intention of putor letter with all who will be workers ting the railroad through the Umpqua and Rogue river valleys, why not at once give the "land grant" to the company that will assure us that they intend to do this?

[The act giving the grant of land to Holladay compells the railroad to go through Umpqua and Rogue river valleys, and it will be built soon. If it is THE SUBSCRIBERS ARE NOW RECEIV not built by Holladay & Co., it will be built by the California Company. It is now pushing the work this side of Marysville, Eo.] The political sky in this county is

getting very cloudy, the storm will be a fierce one, candidates on both sides are already trotting themselves out; in number there is no lack, they will train well, and show all available Roseburg improves-some-gradual

ly. Two new buildings are at present going up, one for a saloon, and the other a shop. The stone is on the ground for the foundation of the new court house, the brick is burnt, the lime delivered; and just as soon as gether with a full assortment of Shelf Hardware spring opens everything will be in readiness for the masons and carpenters to go to work.

Yours, &c., FLETUS.
