THE OREGON SENTINEL.

SATURDAY MORNING, JAN. 22, 1870.

Hudson & Menet are our only authorized Agents in the Atlantic States. Office 41 Park Row, "Times" Building, New York City. All orders must come through them.

Religious Notices.

FATHER BLANCHET will hold divine services at the Catholic church to-morrow at the usual hour.

REV. C. ALDERSON will preach to-morrow, at the usual hour, at the M. E. church.

GOLD, January 20th, at New York, 121⅞; greenbacks, San Francisco, 82¾ @ 83.

WOOD FOR THE SENTINEL.—To our subscribers, who are living in the vicinity, and are willing to pay their subscription in wood, we wish to say, that *now is the time!* Please come and see us during the coming week, and we will arrange the terms with you.

MONEY FOR THE SENTINEL.—Next thing to wood we want money; and we would respectfully remind our patrons that there are several of them still a little behind on our advertising and subscription books, and while each individual amount is small and no hing to them, the sum of these little amounts is all that we get for running a newspaper. Nothing in the business pleases us so well as to give a subscriber a credit up to date, or even a year in advance—for value received. "A word to the wise is sufficient."

MEETING OF THE BOARD OF TRUSTEES.—The Board of Trustees met in regular service, January 18, 1870, at 7 o'clock, P. M. Present: A. Martin, Pres., Linn, Neil, Orth. The minutes of the last meeting read and approved. Liquor licenses were granted to P. D. Parsons, Pape & Savage, Jno. Wolters, and J. Carey, each assessed at $50 for six months. An order passed directing the Street Commissioner to improve the lower end of the cemetery road, and to make other necessary repairs on the road. Order passed for repairs to be done on the hall, fixing up the lining, &c., and the Marshal was authorized to see it done. No further business—adjourned.

TIGHT PLACE.—M. Colwell, driver of the Crescent City stage, drove into Clear creek on the 12th inst., without observing that it was dangerously swollen by the rains. The swift current washed one of his horses off its feet, and poured over his vehicle in a most alarming manner. The horse which kept its footing managed with much difficulty in dragging the whole concern to the opposite bank, and most probably saved itself, driver, and all, by a tight scratch. The horse that fell down in the water is not expected to get well, he was so badly used up.

SUCCESSFUL.—Mr. William Davidson, of Portland, has, through his industry, integrity, business tact, and liberal advertising, secured so much business, that he has been compelled to engage Mr. W. F. Brown, to assist him in making his collections and attending to his real estate business. To those of our readers who may have occasion to employ the services of a collector or real estate agent, at Portland, Or., we can safely recommend Mr. Davidson as reliable, punctual, and obliging.

BROWNING & Co. send us a communication from their quartz ledge, which we print this week. The ledge is in Jackson county, and yet the Douglas county organ always gets it Douglas county. We don't care for the *gold*; "he that steals our gold, steals trash;" but we can't stand to be swindled out of our "reputation."

CORRECTION.—We stated, last week, that lager beer had come down to $3 and $3 50 per 10 gallon keg; it should have been "5 gallon keg." The item was furnished by a person we supposed had been there, and we are satisfied now that we were correct.

SURGICAL.—On the 18th inst., Wm. Crump, who lives near Sterling, in this county, was put under the influence of Chloroform, and a large amount of necrosed bone was cut from the lower leg. The operation was performed by Dr. Davis, at his private hospital, and the patient is now doing well.

AMPUTATION.—On the 14th inst., Mrs. Bledsoe, who lives on the other side of Rogue River, near Upper Table Rock, in this county, was put under the influence of chloroform, and the middle finger of the right hand was amputated, the entire finger was taken off. The operation was performed by Dr. Tolman, at the residence of the lady, who is doing well.

WE are informed by Mr. J. L. De Bussche that scholars are at any time received at his school; it is not necessary that they should wait until a new term commences. Tuition will be charged according to the time entered, and not for a full term.

SNOW.—The first and only snow of the season fell a few nights since; but melted away early next morning.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa or Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion or Inflammation of the Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions or Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

SOME OF YOU CAN'T, AND WE PITY you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations.
