

SATURDAY MORNING, Feb. 27, 1898.

L. F. Fisher 20 & 21 New Merch-
ants building, in our new, commodious
store, for the sale of all kinds of
clothing, hats, shoes, etc. All
prices reduced to meet the times.
S. M. FISHMAN, Proprietor.

Hudson & Menet are our sole
agents for the sale of the
"Hudson" Building, New York
City. All orders must come through them.

BOUND OVER.—There was a little
"unpleasantness" on the streets on
Monday afternoon, during which a
fatal was drawn by David Gist, on the
Town Marshal. Dave expressed his
feelings in a very pointed way but did
not point the weapon—no emergency
arising. Wall glanced at some grinders
stones with which to cover himself but
reflecting that Dave was a dead center
shot, he very sensibly kept still. Just
as Dave was getting mad Sheriff
Reames stepped up and disarmed him,
and took him to the Town calaboose to
cool off. For all of which playful per-
formance, Mr. Gist was bound over in
the sum of \$125.00, by Justice Wade,
to await the action of the Grand Jury.

IN STRANGE QUARTERS.—A short
time since, a Chinaman brought a
watch to Mr. Brooks, apparently at a
dead stand still. On examination, the
jeweler discovered that a flea had found
his way into the watch and one of
his legs becoming entangled in a wheel
had of course stopped it. When re-
leased, the watch was still very lively,
and exercised his muscle by jumping
clean out of sight. The only mystery
is how he got there, and it can only
be accounted for by supposing that he
jumped on the face of the watch, and
penetrated to the inside by the fitting
spring, when the owner was winding it.

KITE FLYING.—In the absence of
anything better to do, some of our pop-
ulation have taken to flying kites. Our
Chinese neighbors have sailed in, and
so far, seem to be ahead, both in the
artistic style and performance of their
kites. Kite flying is said to be a national
pastime in China and judging from
their success with their paper birds
and butterflies, it must have reached a
high degree of perfection.

THAT DISINFECTANT.—Our old friend
Col. Nixon of the *Yerla Journal* has
promised to send us a bottle of his new
disinfectant—equal parts of asafetida
and pulsatilla. It is said that he carries
a little in that glassy tile of his and
considers it just the next thing to
"Lalén"—in strength. Thank you Col!
We accept, and every time we want to
be reminded of you we will "smoke."

MATRIMONIAL.—Mr. Wm. Carl has
gone and got married. We know
what drove him to the deep water net.
A friend sent us some wedding cake a
while ago—William gobbled it and
liked the taste so, well that he was
bound to have some more. Never mind
Billy, we wish you luck—keep your
foot on the brake, hold the ribbon
yourself—and your matrimonial tri-
will be a lucky one.

FIRE AT PHOENIX.—On Sunday
morning 1st at the smokehouse of Mr. E.
D. Foundry was consumed by fire.
About 7000 lbs. of hams and side bacon,
together with a quantity of grain, was
consumed. The loss to Mr. Foundry
will probably reach \$2,000.

FRESH SEEDS.—Mr. R. S. Dunlap
advertises fresh seeds today. Those
who patronized him last year were well
satisfied with his seeds, and they are
assured that they are fully equal if not
superior this year. Try them again
and patronize home industry.

SWEET POTATOS.—Our friend Dun-
lap says he will raise enough sweet
potatoes this season to supply the
town. His seed has kept remarkably
well and at the proper season he will
have plenty of sets to spare.

NO QUARANTINE.—The restrictions
upon travelers imposed by the port of
Aldland have been removed—all are
free to go and come.

For Sale,

Dr. G. W. Allen offers his house and lot, situated
on Jackson street, at the corner of the
lot to one of the best located in
town, and the house is one of the most
and of the most modern. Any one
desiring a pleasant home should not
lose this opportunity.

THE TOWN OF PHOENIX.—The town of Phoenix
is now open for sale. It is a beautiful
town, and the house is one of the most
modern. Any one desiring a pleasant
home should not lose this opportunity.

Many years ago, the writer of these lines and his brother, while visiting the
Island of St. John, for their health, experienced and witnessed many surprising and
beneficial effects of the pure water of the island. The water was pure and sweet, and
the climate was healthy and pleasant. The water was pure and sweet, and the climate

As an antidote to Fever and Ague, Intermittent and Malarial Fevers, Dyspepsia, and
other Malarial Diseases, the use of the *PLANTATION SYRUP* is recommended in the
history of the world. Over five million bottles are disposed of annually. They are
adapted to old and young, male and female. They are agreeable in taste, and always
produce an immediate beneficial result.
